School Description

E.J. Marshall Elementary students are expected to achieve high levels of learning in a positive environment through collaboration with faculty, students, parents, and the community.

VISION & VALUES

E.J. Marshall Commitments

Staff Commitment: We are committed to creating a school environment where every student will SHINE. Every student will be successful, develop their personal character, and master academic skills. The elementary education we provide will serve as the foundation upon which our students will build their lives.

Student Commitment: We, as students of E.J. Marshall Elementary, are committed to learning how to SHINE. We will demonstrate a positive attitude toward our learning, our fellow students, and teachers. We will work to develop our character and our academic skills. We will take responsibility for the choices we make and work together to make E.J. Marshall Elementary a safe place for us to grow. We will ask our teachers and family for support when we need it and always give our best effort. The education we earn at E.J. Marshall Elementary will be the foundation upon which we can build our lives.

Family Commitment: We, as E.J. Marshall families, are committed to our children's education. We will ensure that our children are present, on time, and prepared for school daily. We will be active participants in our children's education both inside and outside of school. The support we provide our children will enable them to SHINE.

Daily Character Pledge:

1. I pledge to be a person of CHARACTER.
2. I will be worthy of TRUST.
3. I will be RESPECTFUL and RESPONSIBLE, doing what I must.
4. I will always act with FAIRNESS.
5. I will show that I CARE.
6. I will be a good CITIZEN, and always do my share.

Character Counts at E.J. Marshall Elementary School!

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

On October 6, 2016, the Chino Valley Unified School District’s (CVUSD) Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted Resolution 2016/2017-10 which certifies as required by Education Code 60119 that (1) sufficient textbooks and instructional materials have been provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and context of the curriculum frameworks in the following subjects: history/social science, mathematics, reading/language arts, and science, (2) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, (3) laboratory equipment was available for science laboratory classes offered in grades 9-12, inclusive.

Textbooks and instructional materials are provided for each student for use in class and to take home. It was determined that each pupil in each school has sufficient textbooks and instructional materials that are aligned to the academic content standards in the core subject areas for the 2016/2017 school year. Additionally, sufficient textbooks and/or instructional materials were provided to each pupil for visual and performing arts.

*Please note: In reference to materials not from a most recent State Board adoption: CVUSD elected to wait for new additions of State Board approved materials that would be aligned with current Common Core State Standards. To ensure alignment with current state standards, the K-6 Houghton Mifflin Company; HM California Reading textbook was supplemented with English Language Arts (ELA) units of study that were written by our ELA teachers using the rigorous curriculum design model, while also focusing on Common Core State Standards. In November 2015, the California State Board of Education approved a list of ELA/ELD programs for districts to consider for their new adoption. CVUSD studied the program options available, and continued to use and refine the ELA/ELD Units of Study in order to make an informed choice for the new adoption. In April 2016, the K-6 Adoption Committee was formed and began the adoption process. In mid-May, the K-6 Adoption Committee voted to only pilot McGraw Hill in 40 classrooms across the District and in 20 schools. In January 2017, the new K-6 ELA/ELD materials will be submitted for Board approval. Once Board approved, these materials will be available in classrooms in the 2017-2018 school year.

School Facility Conditions and Planned Improvements (Most Recent Year)

Chino Valley Unified School District (CVUSD) makes it a priority to maintain safe, clean, and effective school sites for our students, staff, and parents. CVUSD holds the safety of students as the utmost priority. In the morning, staff supervision is provided to watch the cafeteria, entrance gates, and playground activities. During lunch and recess times, noon ground supervisors and teachers monitor students to ensure students interact safely. At the end of the school day, staff supervise student dismissal. The staff and student work spaces for this site are cleaned on a regular basis by the school site custodial staff. In addition to regular cleanings, deep cleanings are scheduled and carried out during breaks and vacation periods. The school facility is adequate and has sufficient classrooms, playground, and staff spaces in order to operate efficiently. There are no planned or recently completed school improvements for this site. To ensure sites are clean, safe and functional, Maintenance and Operations department staff conduct inspections at the school sites on a continual basis. School sites may also enter maintenance requests by accessing the School Dude system. After the school site request is entered into the system, a work order is generated, and the Maintenance Department staff work diligently to complete all work orders in a timely manner. The Maintenance team utilizes the Facility Inspection Tool (FIT), a survey instrument developed by the State of California Office of Public School Construction (OPSC), to record inspection results. The overall rating of this site's most recent survey is GOOD, and any associated repairs were completed on or before December 30, 2016.

In addition to the District inspection that took place on July 19, 2016, representatives from the San Bernardino County Superintendent of Schools (SBCSS) conduct annual Williams visits to schools ranked in deciles 1-3 in San Bernardino County to evaluate their "good repair" status. The Williams inspection for this site occurred on September 6, 2016. Results from this inspection are included below, and any associated repairs were completed by the end of December 30, 2016.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

At E.J. Marshall Elementary there are many partnership possibilities for parents and our community. These partnerships include a large number of programs, organizations, and collaborations to enhance the school and provide for the needs of our students. Programs such as Parents are Teachers Too (PATT), Family Stories, Math and Literacy Nights, and Partnerships for Learning programs that seek to educate parents in how to become more involved.

Parents can become involved in the decision making by participating in many of our committees and organizations such as PTO, English Learners Advisory Council, School Site Council, and others. The community is involved through partnerships with the City of Chino providing SOAR, counseling, and other services.

The school has also partnered with local business and service clubs to provide a variety of awards and services to honor a student’s individual achievement and meet other student needs. Each of these collaborations and partnerships continue to enhance the quality of education at E.J. Marshall Elementary School.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Each school has a detailed School Site Safety Plan for emergencies. Each staff member is assigned a specific responsibility in the event of an emergency. Staff members are trained in the plan’s components and procedures. Fire, earthquake, and intruder drills are held on a regular basis so that all students and staff are familiar with emergency procedures. Emergency supplies are located on each campus in the event of an emergency.

Assigned staff monitors school grounds daily before, during, and after school. The District policy regarding campus visitors is enforced by requiring everyone to check in at the school office and obtain a visitor’s badge. A visitor sign-in log is located in the school office and all visitors must sign in before going onto the campus. In addition, all visitors must wear an identifying badge while on campus. To increase security, all gates remain locked during the school day, so visitors must enter campus through the school office.

The Chino Valley Unified School District is committed to providing an environment that fosters health and safety, in both form and function. This commitment extends to the process of developing and maintaining a comprehensive Emergency and Disaster Preparedness Plan as a part of the District’s Safe Schools Plan and is evident from the individual site to the overall District. These plans delineate actions to protect all students while they are at school. The plans are designed with the help of security staff members, local law enforcement, local fire, and emergency management, and public health officials as required by Education Code 32280-32282.

Plans are reviewed and updated yearly in accordance with Education Code 32286. These plans include procedures to respond to critical incidents, such as fire, earthquake, or intruders. School personnel practice these drills regularly.

The primary purpose of the Chino Valley Unified School District Emergency and Disaster Preparedness Plan is to define roles and responsibilities at the site and between the site and district office management. The Emergency and Disaster Preparedness Plan establishes the minimum requirements for school and site plans throughout the District. This Plan meets the requirements of the Standardized Emergency Management System (SEMS) as mandated by California Code of Regulations, Sections 2400-2450, and the National Incident Management System (NIMS) as mandated by Government Code 8607. It also meets the requirements for earthquake preparedness found in Title 5 (California State Education Code, Sections 35295-35297).

Professional Development provided for Teachers

The Chino Valley Unified School District is committed to high quality Professional Learning to support the instructional capacity of teachers and leaders. Professional learning opportunities are aligned to CVUSD's Area of Emphasis for Common Core ELA, Common Core Math, 4C's-Critical Thinking, Student Behavior, Instructional Technology and Formative Assessments. These areas were identified by the Teaching and Learning Task Force as focus areas for our district in 2015-16. Professional learning opportunities are evaluated through survey results, feedback, and next steps from End-Users. Professional learning opportunities are varied in its delivery: district-wide days during school hours, after-school workshops and volunteer sessions. Implementation for learning is supported through Site-Based PD from Site Administrators and coaching opportunities from Intervention Specialists.

Types of Services Funded

The district's general fund includes monies for:

1. General operations- services, materials, and support to the general education.
2. Specific education-programs offering appropriate, individualized education to students with special needs.
3. Special projects- monies from agencies (e.g., federal, state) earmarked for specific services.
4. Transportation
5. Maintenance and operations
6. District administration
7. LCFF/LCAP- Serves targeted students of the district See District's LCAP plan located on www.cvusd.k12.ca.us

Each school in the district receives an instructional budget based upon enrollment, programs and on formulas set by the Board of Education policy, state law, agreements with employee bargaining units, and guidelines of outside funding agencies.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
