

## **Congratulations to Chino for being named one of America's 50 Best Cities to Live**

The City of Chino has been listed as the "26<sup>th</sup> Best City in America to Live" by 24/7 Wall Street, a financial news and opinion company.

Chino is one of the three cities served by the Chino Valley Unified School District. The others are Chino Hills and Ontario.

"Chino has one of the fastest growing economies in the country, with a 6.3 percent employment growth between 2012 and 2014," according to the 24/7 article. "The city also has a poverty rate of 9.4 percent, much lower than the national rate of 15.5 percent."

The listing of the top 50 best places to live was derived from an analysis of approximately 500 cities in the United States with a population of more than 65,000. Nine data categories were used in the determination: crime, demographics, economy, education, environment, health, housing, infrastructure, and leisure/lifestyle activities."

"For years, the City Council and I were proud of being distinguished as one of the 100 Best Communities for Young People and now we are just as proud to be distinguished as one of America's Best Cities to Live," Mayor Dennis Yates said recently in a Healthy Chino newsletter. "These accolades are a true testament to the wonderful community we have in Chino. The residents, businesses, organizations, they really do take care of each other and strive to be the best."
