Hard Work

Hard work pays off.

Today's preparation determines tomorrow's achievement.

If you fail to prepare, then you're preparing to fail.

When you work hard, it makes it easier the next time.

Poems from Inch and Miles

Hard Work

I may be small. That's very true.
But I **S**ucceed, and so can you.
I move a mountain, bit by bit.
It takes hard **W**ork – I never sit.
I **W**ork and **W**ork throughout the day.
My **W**ork comes first before I play.
Success is yours, please understand,
When you and **W**ork go hand and hand.
