😊 Troubleshooting Username

Your username is now your 9-digit student ID/lunch number.
Your email is now in this new format:
123456789@stu.chino.k12.ca.us

🙂 Troubleshooting Password

1. **Try your old password and change it to new _9 character_ password.**
   (Old=Eh12345 – New =Lugo12345$)
   (New 9 digit passwords should have an uppercase letter, lowercase letter, number, and symbol)

Typically new students... ➡️ **2.** **First initial of first name (uppercase)**
First initial of last name (lowercase)
Two digit birth month /Two digit birth day /Two digit birth year
Ex. Don Lugo 12/23/2006 = Dl12/23/06
You can leave your password in this format...no need to change it.

3. **Two digit birth month + Two digit birth day**
Ex. 12/23/2006 = 1223
If you are able to login this way, do not change your password.
