

Kaiser Permanente Regional Reference Laboratories, Chino Hills and North Hollywood

2024 Summer Youth Employment Program (SYEP)

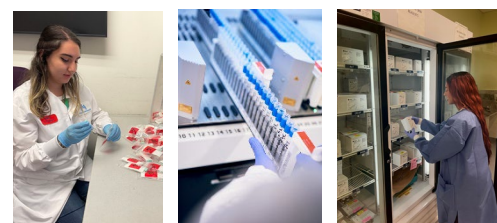

About the Program

The Kaiser Permanente Summer Youth Employment Program is a **7-week** paid internship for prospective pre-health students (grades 10 - 12, ≥ 16 y/o). It is an opportunity for students to learn about healthcare careers through an academic-based skill demonstration project as well as through education day training designed to prepare students for a career in healthcare.

At Regional Reference Laboratories, students will work with Clinical Laboratory Scientists, Laboratory Assistants, Field Engineers and many other job types. We do not deal with patient interaction but more with specimens from Kaiser Permanente patients (ex. Blood, urine, etc.)

During the program:

- Gain exposure to a variety of non-clinical and allied-health professions, as well as healthcare operations via education days
- Present a Community Awareness Project—an opportunity for students to research and design a strategy to address community-related healthcare disparities
- Receive skills training and mentorship in educational and career success, college readiness, interview preparedness, and communication and leadership skills
- Develop and practice a variety of social, technical and employability skills, e.g. timeliness and professionalism

Criteria and Requirements

- Must be a current high-school student (≥ 16 y/o), 11th and 12th graders are given priority.
- **Cannot** be a dependent of a Kaiser Permanente employee.
- Attendance is mandatory for the duration of **the 7-week** program; Monday - Friday, start times to be determined.
- **Program dates for Chino Hills are 6/3/24–7/19/24**
- **Program dates for N. Hollywood are 6/19/24–7/31/24**
- Summer School or Vacations during this 7-week period must not interfere with your work schedule
