

# meet the TEACHER

Mrs. Michelle Banker

## Welcome to 3rd Grade!

I am excited to have you join me on this wonderful adventure of third grade! We will be exploring the many worlds of literature and creating stories to share. For math we will be learning new skills, practicing old ones, and mastering multiplication. Social Studies will teach us about the communities we live in and the world around us. In science we will get to study biomes and experiment and explore how force and motion works. Most importantly, I am committed to creating a classroom where each child will be valued, trusted, and an important part of our family of learners.

## About Me

Hello! My name is Michelle Banker. I live in Chino with my husband and two children. My daughter is a Senior and goes to Chino Hills High. My son attends college in Sarasota, Florida studying Art. During college I worked at the Disney Stores and Disneyland which gave me a love for Disney.

I graduated with a Bachelor of Arts in English from the University of California, Irvine. I continued on to get my Teaching Credential. This is my 15th year of teaching and I have taught grades 3rd, 4th, 5th, and 6th.

## Contact Me

I would love to hear from you throughout the year, and you are welcome to contact me with any questions, or concerns you may have.
