

8th Grade Science

Teacher Info:

Teacher: Mrs. Andino- Gonzalez

Email: maritza_andinogonzalez@chino.k12.ca.us

Room: 19

Ramona Expectations (The Three Be's)

Remember to Be:

- ☐ Safe
- ☐ Respectful
- ☐ Responsible

Class Info:

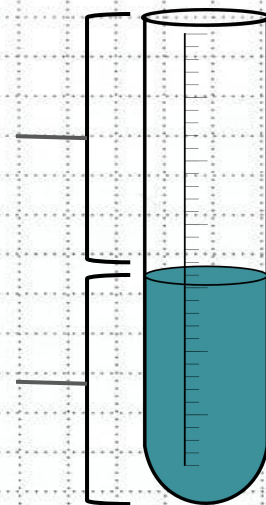

My name is Mrs. Andino- Gonzalez and I will be your science teacher this year. I would like to welcome you all to a new school year! I am excited to get to know you all and to have fun learning science and doing fun experiments and projects. This year we will be using a brand new textbook, Discovery Education. Most work will be workbook based or be organized in a class binder.

Grade Breakdown

60% of your grade will be tests, quizzes, labs, and projects

40% will be classwork and homework

Supplies You'll Need:

- Pencils/ Pens
- Highlighters
- Colored Pencils
- Glue Sticks

Apps to Download:

Google Classroom

Homework & Assessments:

Any work that does not get completed in class will be assigned as homework. You will be given a deadline for assignments, tardy work will lose points each day. After the unit is done, late work will no longer be accepted. It is your responsibility to complete missing work or ask the teacher for help if you do not understand how to complete it. You may come after school for help or coordinate lunch time with teacher but it is not a guarantee.

In addition to homework, every few weeks we will have quizzes to check for understanding. Formal assessments will take place at least once per grading period/ trimester.

Lab Expectations:

We will cover lab safety and lab equipment the first weeks of school. You are expected to conduct yourself in a responsible manner when handling lab equipment and materials, failure to do so will result in you being excused from the lab and risk receiving no grade for the lab. Labs are worth 60% of your grade, being absent during a lab does not excuse you from it. Additionally, time in class is not guaranteed for make up work, therefore it is your responsibility to schedule a time with your teacher to make it up.

Electronic Device Policy:

The only electronic device you are allowed to use in class are school issued or loaned computers. Cell phone usage will not be allowed unless specified by the teacher. Failure to follow this rule will result in your phone being confiscated and/or sent to the office for your parents to pick up. You may also be written up if the problem continues. You may not, at any moment, take pictures, record, or visit any social media sites while in class or at school.

Plagiarism & Cheating:

Aside from the work you complete as a group or as a class, all work must be your original work. Any work that has been plagiarized and/or copied from the internet or a peer will NOT be accepted. You run the risk of receiving a zero, detention, or parent- teacher meeting with administration to discuss further actions. If you are unsure how to complete the work ask questions and get help from me before assuming it's okay to copy or steal intellectual property from the web.

Cut the bottom portion and turn in. Keep the rest in your binder/folder.

I have read and understand the expectations and policies outlined in Mrs. Andino-Gonzalez's syllabus. I agree to abide by them and conduct myself accordingly.
