

Wild about the Arts

The Wild about the Arts Program allows students to express their artistic side by creating a work of art in the visual art, photography, film or video, literature, music, or dance categories. Each entry will receive a green participant ribbon. The art will be judged and the top three outstanding entries in each category will be contacted and receive a medal during Academic Night. Medal winning artwork will be displayed in the Media Center for the evening. Have your child create their masterpiece and enter this year's Wild about the Arts program.

This year's theme is:

*"As I dream of my
Adventure for the
future, I plan to . . ."*

You are welcome to one entry per category (per student). Each piece must have a completed entry form attached. Additional forms are available in the office. Medal recipients will be presented with their award on Academic Night, Wednesday, April 19, 2016 @ 6:00 pm in the Media Center. Note: All entries (with forms attached) must be returned by Monday, March 20, 2017 to be included for judging. Each piece of art should reflect this year's theme (see above).
