OAK RIDGE AWARDS

information

I am excited to announce the updated procedures for our awards program moving forward. We will hold trimester awards at the end of each trimester **in-person** in the **MPR**. During these assemblies, we will recognize our Accelerated Reader (AR) Award recipients, as well as select six POUNCE Award winners from each class.

The **POUNCE Awards** celebrate outstanding student qualities based on key traits, which are as follows:

- **P for Perseverance:**

- This award recognizes students who demonstrate continuous effort by trying multiple solutions, staying on task, seeking help, and working through challenging concepts.

- **O for Optimize Opportunities:**

- This award honors students with a positive attitude towards learning who effectively use cross-curricular connections, resources, and who set and achieve their goals; they are resourceful learners.

- **U for Understanding Others:**

- Recipients of this award show empathy by appreciating others' perspectives, making connections between school subjects and the real world, and demonstrating insightfulness.

- **N for Navigate Technology:**

- This award is given to students who possess strong research skills, create impactful tech presentations, and exhibit good digital citizenship.

- **C for Communicate Effectively:**

- This award celebrates students who collaborate well, present compelling oral speeches, and communicate through various media such as slideshows and debate.

- **E for Explorer Creativity:**

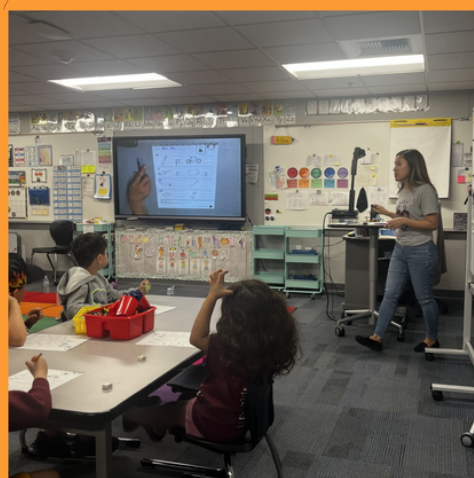

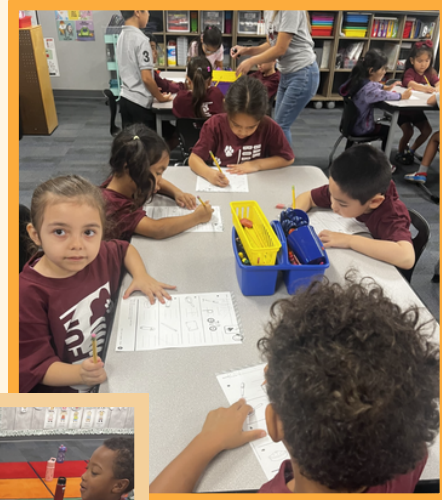

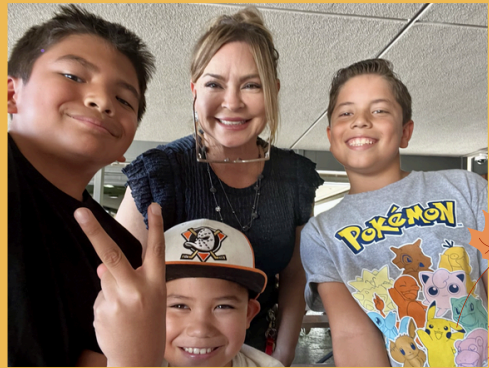

- This award recognizes students who express themselves artistically, whether through music or visual arts, and approach tasks with creativity.

We look forward to celebrating the achievements of our students at the upcoming trimester award assemblies. Thank you for your continued support and encouragement.
