

News from the Bobcat Den:

Dear Bobcat Families,

What a delight to see so many enthusiastic parents and guardians come together to support our school community @ Back to School Night!

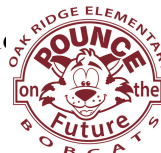

Your involvement in your child's education sends a powerful message to them about the importance of learning and growth. I am excited about what this school year holds and confident that, together, we will help our students achieve their goals and flourish.

With that said I want to make a plea again to parents who drive into our parking lots during arrival and dismissal to please be aware of pedestrians-- especially when exiting. I have received multiple reports of drivers not being mindful of children crossing over the driveway to enter/exit school. Thank you!

PARENT VOICES NEEDED!

We value the perspectives and input of our Bobcat parents and guardians. Please consider being a part of one of the following and email administration if you are interested and/or would like to know more.

School Site Council (SSC)

The primary responsibility of SSC is the development and monitoring of a School Plan for Student Achievement and meets four times each school year with the principal and several teachers. The election of officers occurs at the start of the new school year.

Local Control Accountability Plan (LCAP) Advisory Committee

The LCAP is a plan that addresses the District's roadmap for improving learning outcomes for all students. One parent is selected at the start of the new school year to serve as a representative for the school and is to attend committee meetings.

English Language Advisory Committee (ELAC) & District ELAC Representative

ELAC is designated to advise school officials on English learner programs and services and meets four times each school year with the Assistant Principal. The parents or guardians of English learners shall elect the parent members of ELAC at the start of the new school year. ELAC elects a district ELAC representative to serve as a liaison between the district and the school. We will vote for our ELAC and DELAC members during the August 29th English Learners Meeting.

Partnerships for Learning Network (PFLN)

Because the home-school connection is key to student success, the PFLN brings together parents, teachers, community members, and administrators to work together on activities that positively impact student success and lifelong learning.

District Parents as Partners Advisory Committee (DPPAC)

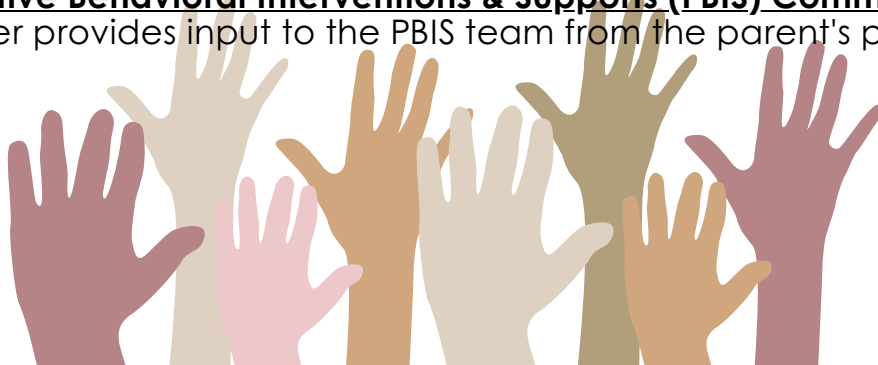

DPPAC serves to provide ongoing collaboration between educators and parents who have a student with an IEP.

Gifted and Talented Education (GATE) District Advisory Committee (DAC)

A parent of a student in the GATE program attends DAC meetings approximately twice a year to represent the school.

Positive Behavioral Interventions & Supports (PBIS) Committee

This member provides input to the PBIS team from the parent's perspective.
