Question:

Does our world need Vibranium? Support your answer using evidence from the article.

Restate the question to start your response

Answer the question using ***because, by, as a result of, since, or due to the fact***

Cite evidence using quotation marks to support your answer using ***According to the text,***

Explain how your text evidence strengthens your answer using ***The evidence shows***

! Add Impact - How will your answer change or affect the future?

Response:

Our world needs Vibranium because Vibranium has multiple uses and benefits. According to the text, "In Wakanda, people use vibranium in medicine, electrical circuitry, fabrics, jewelry, communications and more." In addition, "It makes up Captain America's shield. It gives Black Panther superpowers. It also helps power the futuristic society of Wakanda with flying vehicles and 3D holograms." The evidence shows that Vibranium can protect, heal, style, and transport people in new ways. Vibranium has the ability to improve our lives and transform our world into a better place.
