

ATTEND TODAY, ACHIEVE TOMORROW!

School attendance matters!

Decrease learning difficulties by making every minute count and attending class regularly!

What is **CHRONIC ABSENTEEISM?**

Students are considered chronically absent when 10% or more of the school year is missed for any reason, whether excused or unexcused. This translates to 18 or more instructional days each SY.

Rates **AT A GLANCE**

Chronic Absenteeism Rate for the 2021-2022 school year:

- California - 30.8%*
- SB County - 34.3%*
- Chino Valley USD (Pre-pandemic)- ____%
- Chino Valley USD (Post-pandemic) - 26.8%

*California Department of Education

Effects of **MISSING INSTRUCTION?**

- ✓ Decline in academic achievement
- ✓ Increased dropout rates
- ✓ Poor health and well-being outcomes
- ✓ Increased risk of misbehavior

- ✓ They will miss **40 DAYS** of instruction a school year
- ✓ They will miss **60 HOURS** of math over the school year.
- ✓ They will miss **120 HOURS** of math & reading over the school year.
- ✓ They will miss **2 YEARS** of school by graduation.

HOW CAN YOU HELP?

Support at home is pivotal to encouraging healthy, consistent attendance, and we encourage families to practice the following steps to help strengthen pupil confidence, positive peer relationships, academic success, post-secondary achievement, and vital life skills. With your help we can reach a 96.5% attendance rate!

- Schedule medical appointments after school
- Complete essential tasks the night before school (i.e. making lunch, packing bookbags, selecting outfits)
- Plan family vacations and group gatherings when school is not in session
- Only keep students home when they have a contagious illness or a fever of 101° or higher
- Connect with your student to understand why they are not looking forward to attending school regularly
- Inform your student why regular attendance is important
