CVUSD Student Guide to ClassLink

Elem

The Chino Valley Unified School District has introduced a tool to students and teachers called a   Single Sign-On (SSO) which will make using the internet much easier <u>at school</u> and <u>at home</u>.

- *<u>Student accounts are already set</u> up: users do not need to remember usernames and passwords for apps once they are logged into ClassLink*
  - *All student cloud storage can be found on one place.*
  - *Students may store bookmarks for resources used often.*

Where is ClassLink?

⊠ enter "myclasslink.com/chino"
OR
⊠ find the link on your school's website in the Student menu

Use at school and at home on Chrome browser

* Home computers will require ClassLink Chrome extension (you will be prompted)

How Do Students Log In?

Username: first initial last name (the student's District Username)
Password: two initials followed by three digits (the student's District Password)

Setting Up ClassLink

Most student Single Sign-On Apps will have student login information already, but there may be a few apps for which students need to enter their own username/password. It is likely <u>this event will occur at school,</u> however students who see this pop-up (below) may need to enter their own information the first time (only) using certain SSO Apps.

Would you like to save your login?

You can save your login for this application to auto login on your next visit

Fields marked as * are required

* Email or Phone

* Password

Icons With Ribbons & Keys

These icons are Single Sign-On Apps. When selected, it should already know your username and password for that app, and the user should be taken to the website and be logged in. (Example: Safari Montage)

☆

Icons Without Ribbons & Keys

These icons are just bookmarks for sites that do not require you to log in. (Example: Dictionary.com)
