Mrs. Vega-Jeter, Principal

Dear Parent/Guardian:

As a means for safety, Chino Valley Unified School District uses the Raptor Visitor Management System (Raptor) at all our schools to strengthen our campus safety program for students and faculty. An essential part of the school safety is staff knowing who is always in our buildings, and Raptor will help us achieve that goal. Raptor will allow us to screen visitors, contractors, and volunteers in our schools to help maintain a safe environment for our students and staff. Raptor will check to ensure that registered sexual offenders are not entering our school campuses without our knowledge.

Raptor will operate as follows: Upon entering a district building, visitors will be asked to present a government issued identification (i.e., Driver's License, or other state issued ID) that can be scanned or manually entered in the system. If a parent or guardian for any reason does not have a US government issued ID, the school staff member will be able to use any form of identification and manually enter the person's name and date of birth in the Raptor system.

The Raptor system checks the visitor's name and date of birth for comparison with a national database of registered sex offenders. The Meghan's Law registered sex offender database is the only official database checked by Raptor. No other data from the ID will be collected or recorded and the information is not shared with any outside agency.

Once entry is approved, Raptor will issue a badge that identifies the visitor, date, and the purpose of the visit. A visitor's badge will not be necessary for those who visit our schools simply to drop off an item in the office or pick up paperwork.

The safety of our students is our highest priority, and the Raptor Visitor Management System will allow us to quickly identify anyone that may present a danger to our students. Thank you in advance for your support in enhancing the school safety program in our district.

Respectfully,

Mrs. Vega-Jeter

Mrs. Vega-Jeter
Principal
