Dear Parents/Guardians,

Here is a simple guide to help you decide when to keep your student home from school and when they can return based on recommendations from the American Academy of Pediatrics and the California Department of Public Health.

#### Fever

- Stay home if a fever is 100.4°F or higher.
- Return when fever has gone away without fever-reducing medication for a full night.

#### Diarrhea

- Stay home if your student's stool is likely to leak or if they are unlikely to make it to the toilet in time. If the stool looks bloody or black, seek medical attention.
- Return when improving.

#### Vomiting

- Stay home if vomiting has occurred two or more times in 24 hours.
- Return when vomiting has ended overnight, and your student is able to hold down liquids and food.

If you have any questions, please contact the school health office.

# BIRTHDAY'S PROTOCOLS

For classroom birthday celebrations, the school recommends non-food items.

If you choose to bring food, it must be prepackaged.

Please arrange this with me 48 hours in advance to ensure students with allergies have an option. If needed, I can make arrangements for those students. Additionally, this notice allows us to schedule an appropriate time to share the birthday goodies.

There is always an opportunity to support our students. We appreciate the amount of support that each person is able to give! Parents are strongly encouraged to become involved in school functions. Involvement strengthens the link between home and school.
