Welcome Scholars!

Thank you so much for coming to Edwin Rhodes Elementary School. Now we have the opportunity to meet, learn, and grow together. I cannot wait to meet all our students and families. Let's work as a team this year and create a safe, responsible, and respectful learning environment.

I am a graduate of the University of California Irvine with a Masters in Education. My years of studying have fostered a love of reading. So, if you have not noticed, our classroom theme this year is Hogwarts from Harry Potter! Our scholars will learn the magic of multiple math strategies (Math), explore different worlds and cultures through books (Social Studies and ELA), and even discover mysterious creatures in different habitats! (Science)

Thank you for taking the time to read my introduction.

Please check out our classroom website for your Hogwarts letters.

A LITTLE ABOUT ME

I am a graduate of the University of California Irvine with a Masters in Education and a supplemental authorization in Fine Arts through my bachelors major. So, I enjoy incorporating art throughout the school year!

My years of studying have fostered a love of reading. So, if you have not noticed, our classroom theme this year is the Wizarding World of Harry Potter!

On the weekends, I enjoy acrylic painting, reading, playing with my cats, and spending time with friends and family. But, always leave plenty of time to lesson plan!

A FEW OF MY FAVORITE THINGS

- ♥ Books: Harry Potter
- ♥ Snacks: Milk chocolate
- ♥ Food: Fruit
