Veterans Day!!!

November 11, 2024

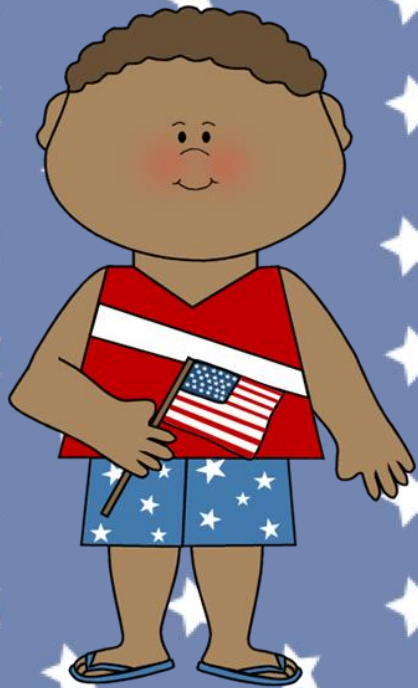

Who is a Veteran?

- Veterans are people who served in the military (Army, Navy, Marine, Air Force, Coast Guard) in times of war or peace.
- Do you know a veteran?
 - Maybe it is your father, mother, sister, brother, uncle, grandfather, etc.

Why do we celebrate Veteran's Day?

- Veterans put their lives on the line, if need be, to guarantee the freedoms we enjoy today. They did not run from battle, yield to fear, or abandon their cause.
- Because of their service to our country, we owe them our full support and thanks.
