

SPRING

2018-2019 STUDENT SCHEDULE

BALDY VIEW REGIONAL OCCUPATIONAL PROGRAM

VISION STATEMENT

We will inspire lifelong learning and empower our students to embrace adaptability, make informed career and college decisions, and prepare them for the evolving global workforce.

MISSION STATEMENT

We provide relevant and rigorous technical education that prepares students for career and college.

CORE VALUES

Our commitment to ourselves and our stakeholders is to:

- **Promote educational excellence**
- **Provide a safe and supportive learning environment**
- **Serve, educate, and enrich our communities**
- **Lead by example through a model of integrity and accountability**
- **Act with dignity and respect, demonstrating open communication, honesty, transparency, and civility**

STRATEGIC GOALS

2018-19, 2019-20, 2020-21

- **Create opportunities by ensuring students have professional, technical, problem-solving, and communication skills through work-based learning.**
- **Make data-informed decisions that support quality education and maintain long-term fiscal stability.**
- **Promote a work environment that attracts, supports, and retains highly-qualified instructors and staff.**
- **Implement effective communication strategies to expand and promote a positive regional identity.**
- **Lead K-12 and post-secondary regional collaborations that expand partnerships and training to align with employment expectations of business and industry.**

BALDY VIEW REGIONAL OCCUPATIONAL PROGRAM STUDENT LEARNING OUTCOMES

*Upon successful completion of a
Career Technical Education program of study, students will:*

DEMONSTRATE CAREER AND COLLEGE SPECIFIC COMMUNICATION AND CRITICAL THINKING SKILLS

- Perform skills necessary to obtain employment and/or advance in the occupation
- Apply English Language Arts, Mathematics, Science, and Social Science skills
- Utilize appropriate professional terminology
- Recognize, assess, work through, and solve problems

DEMONSTRATE RESPONSIBLE WORK ETHICS

- Apply appropriate workplace behavior and standards
- Utilize time effectively and produce quality work
- Communicate and work effectively with diverse groups
- Exhibit punctuality and consistent attendance

DEMONSTRATE CAREER/EMPLOYMENT LITERACY

- Identify, research, and prepare for career opportunities
- Exhibit appropriate employability skills including resume writing, job application completion, and interview etiquette

DEMONSTRATE EFFECTIVE USE OF TECHNOLOGY

- Identify and ethically apply appropriate 21st century technologies for career and college success

We provide relevant and rigorous technical education that prepares students for career and college.

LANDSCAPE

LANDSCAPE DESIGN

This course builds upon the skills and knowledge learned in Landscape & Turf Management and is designed to prepare students for entry-level jobs in landscape and nursery occupations. Students will have an opportunity to develop skills in pruning, landscaping, and caring for plants. Students will also learn the safe use of chemicals and fertilizers used in landscape gardening. Students will be equipped with the knowledge and skills necessary to establish and maintain not only landscape and turf in residential settings but in commercial settings as well.

ADVANCED WEBSITE DESIGN

This course is designed for students interested in developing advanced Web page design skills. Students will work both independently and as a class through units of instruction in order to develop a variety of Web design skills. Students will learn how to produce work and conduct themselves in a businesslike manner, work with a minimum of supervision, and complete units of work as selected and assigned. Students will use word-processing, spreadsheet, database, desktop publishing and graphing software skills to work in Web Design applications. Students will continue to work with image Editing Software, Digital Cameras and Scanners.

**THIS IS
ENGINEERING**

**PRINCIPLES OF ENGINEERING**

What does the Kansai Airport in Osaka, Japan, the Hoover Dam in Arizona and Nevada, the Great Pyramid of Giza, Egypt, the Golden Gate Bridge in San Francisco and the Eiffel Tower in Paris all have in common? Well that's simple: Engineering, creativity, problem solving and of course math, science and technology! Here's your chance to explore the world of Engineering! By working through problems that engage and challenge, students will apply academic skills to explore a broad range of engineering topics, including mechanisms, the strength of materials and structures, automation, and kinematics. Students will be challenged and energized as they solve rigorous and "real world" design problems.

**A+ COMPUTER REPAIR****COMPUTER PROGRAMMING AND INFORMATICS**

We live in an information age that might also be called an information-overload age. Everywhere we look, we see sources of information. The problem we face is how to make use of it. This is the central question in the field of informatics and it is also a key concern of businesses, researchers, and students. In order to use the information available to us we need to know how to access it, analyze it, and present it. In this course you will utilize technology to create a system for understanding and organizing information such as college selection information, iTunes playlist information, class schedules, concert schedules etc.

VIRTUAL ENTERPRISE

VIRTUAL ENTERPRISE

In this course students establish and run a simulated business to prepare them for working in a global business environment. The students determine the nature of their business, its products and services, and its management and structure. They learn the daily operations of a business under the guidance of a consultant (teacher) and with the support of real business partners. Emphasis is placed on using current business software packages and the internet for business transactions, research, and resources.

CAREERS IN PUBLIC SERVICE AND SAFETY

Are you interested in a career in Public Safety but just are not sure what is available? This is the perfect course to investigate many career options within this fast growing industry. Law enforcement officers work at all three levels of government. While the public may believe that police officers wear uniforms and drive squad cars, there are a multitude of positions available in law enforcement which do not. In this course, students will learn about various positions and agencies within this fast growing industry. Topics will include positions such as: Arson Investigator, Bailiff, Campus Police, FBI Special Agent, Fingerprint Technician, and Polygraph Operator.

FREQUENTLY ASKED QUESTIONS

WHAT IS COMMUNITY CLASSROOM?

Community Classroom is unpaid training at a job site. Training usually takes place during your class hours. It is your responsibility to secure transportation to and from the site. Student must be at least 16 years old.

HOW DO I ENROLL?

Register with your Career Technician on your High School Campus or call 909-980-6490.

(NOTE: You must attend class on the first day or you may be dropped.)

IS THERE A FEE FOR ROP CLASSES?

As of July 1, 2015, BVROP is no longer direct-funded by the State of California. BVROP is now funded by our member districts, as a service provider supporting their local control accountability plans (LCAPs).

Our agreement with our member districts for these funds provides that ROP/CTE services are reserved for students attending high schools, continuation high schools, and alternative high schools belonging to Chaffey JUHSD, Chino Valley USD, Claremont USD, and Upland USD.

All other grade 9-12 students or school entities may access BVROP services by contacting Forest DeRenzo, Assistant Superintendent of Educational Services (forest_derenzo@bvrop.org) to obtain the fee-for-service costs and registration protocol.

CAN I ENROLL IN MORE THAN ONE COURSE?

Yes. You can enroll in multiple courses provide the class schedules do not conflict.

WILL I RECEIVE A CERTIFICATE?

Yes. You must earn a "C" or better at completion of your ROP class to receive a certificate.

CAN I RECEIVE COLLEGE CREDIT?

Yes. Several classes have articulation agreements with our neighboring community colleges. Most courses require a score of at least 80% on the final and/or articulation exam, a final course grade of "B" or higher, and enrollment with the community college upon high school graduation. Please consult with the teacher for specific steps and grading criteria.

IS THERE AN AGE REQUIREMENT?

Some classes have an age requirement. Courses which have requirements and/or prerequisites can be found at the conclusion of each course description.

CAN MY STUDENT ATTEND CLASS AT A DIFFERENT DISTRICT OR CAMPUS?

Students must receive prior approval from the Administrator of the campus where the class is being offered. Contact your school Career Technician.
