## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fq/aa/lc/](http://www.cde.ca.gov/fq/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

Country Springs Elementary School has proudly served our community since 1994! Since then, Country Springs has been recognized as one of the top 100 schools in the State of California and is a two-time National Blue Ribbon School, a four time California Distinguished School and a recipient of the Golden Bell Award in instruction. Country Springs Elementary is committed to the ideas that all children are gifted, and we are dedicated to providing high academic standards, recognizing individuality, and instilling the enjoyment of life-long learning in a safe and nurturing environment.

We strive to equip students with the skills needed for College and Career Readiness: Communication, Collaboration, Critical Thinking, and Creativity. This is accomplished through the implementation of Common Core State Standards. We find it effective to develop self-confidence in each student by presenting the curriculum through multiple learning modalities and the use of the Visual and Performing Arts. We also seek to instill in our students the qualities needed to be a productive citizen through Character Education. The combination of everyone working together make the school a continuing success story.

School-wide SMART goals include the following three goals:

1. On the 2022 CAASPP, the percent of students scoring "Standards Met" and "Standards Exceeded" (combined) in ELA will increase from 84% to 89% and in Math will increase from 75% to 80%.
2. On the 2022 CAASPP, the percentage of EL student scoring "Standards Met" and "Standards Exceeded" (combined) in ELA will increase from 43% to 45% and in Math will increase from 63% to 65%.
3. 100% of students will receive social-emotional lessons

#### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

On October 1, 2020, the Chino Valley Unified School District’s (CVUSD) Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted Resolution 2020/2021-15 which certifies as required by Education Code 60119 that (1) sufficient textbooks and instructional materials have been provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and context of the curriculum frameworks in the following subjects: history/social science, mathematics, reading/language arts, and science, (2) sufficient textbooks or instructional materials were provided to each pupil enrolled in a foreign language and/or health classes, (3) laboratory equipment was available for science laboratory classes offered in grades 9-12, inclusive. Textbooks and instructional materials are provided for each student for use in class and to take home. It was determined that each pupil in each school has sufficient textbooks and instructional materials that are aligned to the academic content standards in the core subject areas for the 2020/2021 school year. Additionally, sufficient textbooks and/or instructional materials were provided to each pupil for visual and performing arts.

\*Please note: In reference to materials not from a most recent State Board Adoption (SBE): In November 2017, the California State Board of Education approved a list of History/Social Science and Science programs for districts to consider for their new adoption. CVUSD elected to continue to use current District adopted materials while further studying program options provided on the SBE list to consider for a future piloting process. CVUSD reviewed current District adopted materials and determined that they meet current History/Social Science and Science standards.

## School Facility Conditions and Planned Improvements

Chino Valley Unified School District (CVUSD) makes it a priority to maintain safe, clean, and effective school sites for our students, staff, and parents. The safety of students is of paramount importance to CVUSD. In the morning, staff supervision is provided to watch the cafeteria, entrance gates, and playground activities. During lunch and recess times, noon ground supervisors and teachers monitor students to ensure students interact safely. At the end of the school day, staff supervises student dismissal. The staff and student workspaces for this site are cleaned on a regular basis by the school site custodial staff. In addition to regular cleanings, deep cleanings are scheduled and carried out during breaks and vacation periods. The school facility is adequate and has sufficient classrooms, playgrounds, and staff spaces in order to operate efficiently. A planned or recently completed school improvement for this site is a full school modernization project that was 100% completed in summer 2020. The schoolwide security camera and keyless access system is also 100% complete.

To ensure sites are clean, safe, and functional, Maintenance and Operations department staff conduct inspections at the school sites on a continual basis. School sites may also enter maintenance requests by accessing the School Dude system. After the school site request is entered into the system, a work order is generated, and the Maintenance staff works diligently to complete all work orders in a timely manner. The Maintenance team utilized the Facility Inspection Tool (FIT), a survey instrument developed by the State of California Office of Public School Construction (OPSC), to record inspection results. The District's inspection took place on July 1, 2021, the overall rating of this site's most recent survey is EXEMPLARY, and any associated repairs were completed on or before December 30, 2021.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## 2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

Country Springs Elementary is fortunate to have a very active parent community. Parents can provide input and participate in many aspects of the school. Every parent is a member of the Parent Faculty Association (PFA). Through the PFA board, committees, and as volunteers, parents are integral in making our school a positive school environment. PFA members spend countless hours assisting in classrooms, attending field trips, planning and supporting fundraisers, and providing assemblies - all to benefit the students. The School Site Council and English Learner Advisory Committee have a full complement of parents and meet to discuss the School Plan for Student Achievement (SPSA), budget, and other important issues to enhance the learning environment and educational program for the children. School/business partnerships, such as our association with various restaurants, provide an important link with the community and benefit the school and students as well as the business.

Country Springs utilizes the school website, weekly principal e-mail newsletters, Aeries, and other technologies to link families and school together. Monthly parent information sessions are available for parents to come learn and understand programs offered at Country Springs as well as tips that can be incorporated at home to bridge the connection between school and home.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Expulsions						

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

Each school has a detailed School Site Safety Plan for emergencies that is annually reviewed, updated, and discussed by the School Site Council. The date on which the School Site Safety Plan was last annually reviewed was March 2021, and the plans are reviewed monthly by the School Site Council. Each staff member is assigned a specific responsibility in the event of an emergency. Staff members are trained in the plan's components and procedures. Fire, earthquake, and intruder drills are held on a regular basis so that all students and staff are familiar with emergency procedures. Emergency supplies are located on each campus in the event of an emergency.

Assigned staff monitors school grounds daily before, during, and after school. The District policy regarding campus visitors is enforced by requiring everyone to check in at the school office and obtain a visitor's badge. A visitor sign-in log is located in the school office and all visitors must sign in before going onto the campus. In addition, all visitors must wear an identifying badge while on campus. To increase security, all gates remain locked during the school day, so visitors must enter campus through the school office.

The Chino Valley Unified School District is committed to providing an environment that fosters health and safety, in both form and function. This commitment extends to the process of developing and maintaining a comprehensive Emergency and Disaster Preparedness Plan as a part of the District's Safe Schools Plan and is evident from the individual site to the overall District. These plans delineate actions to protect all students while they are at school. The plans are designed with the help of security staff members, local law enforcement, local fire, and emergency management, and public health officials as required by Education Code 32280-32282.

Plans are reviewed and updated yearly in accordance with Education Code 32286. These plans include procedures to respond to critical incidents, such as fire, earthquake, or intruders. School personnel practice these drills regularly.

The primary purpose of the Chino Valley Unified School District Emergency and Disaster Preparedness Plan is to define roles and responsibilities at the site and between the site and district office management. The Emergency and Disaster Preparedness Plan establishes the minimum requirements for school and site plans throughout the District. This Plan meets the requirements of the Standardized Emergency Management System (SEMS) as mandated by California Code of Regulations, Sections 2400-2450, and the National Incident Management System (NIMS) as mandated by Government Code 8607. It also meets the requirements for earthquake preparedness found in Title 5 (California State Education Code, Sections 35295-35297).

## Professional Development

The Chino Valley Unified School District is committed to high-quality Professional Learning to support the instructional capacity of teachers and leaders. Professional learning opportunities are aligned to CVUSD's Area of Emphasis for 4C's-Critical Thinking and Collaboration; Common Core ELA Shifts; Common Core Math: Standards of Mathematical Practices; NGSS-Elementary-Deepening Understanding of Three-Dimensional Learning of NGSS (Early Transition Phase); Historical Inquiry; Positive School Culture; Timeline Feedback on Formative Assessments; Collaboration Strategies for Students; Building Stronger Connection with Students; Integration of Technology and Use of Digital Tools; Accessing, Processing, and Analyzing Data; and Professional Learning Communities. These areas were identified by the Teaching and Learning Task Force as focus areas for our district in 2019-20.

For 2021-23, the Areas of Emphasis are Student Engagement through Collaborative Communication and Professional Learning Communities. Student Engagement through Collaborative Communication includes preparing to engage, listening, engaging and responding, and self-reflection. Professional Learning Communities address the following 4 description questions/student observables: (1) What do we want all students to learn?/Students are aware of the essential standards/learning targets/success criteria (2) How do we know if the students are learning it?/Students use rubrics, reflection sheets, success criteria, to self-assess their learning, and students are provided the opportunity to demonstrate the mastery of their learning through multiple opportunities (3) What will we do if the students are not learning it?/Students participate in differentiated instruction based on not meeting the learning targets (i.e. small group, individual) (4) What will we do when students have learned it?/Students participate in extension based on the mastery of learning targets.

Professional learning opportunities are evaluated through survey results, feedback, and next steps from end-users.

Professional learning opportunities are varied in its delivery: district-wide days during school hours, after-school workshops, site-based PD offerings, and volunteer sessions. Implementation for learning is supported through Site-Based PD from Site Administrators and coaching opportunities from Instructional Coaches. Additionally, professional development is provided for new special education teachers covering areas such as compliance, development of Individualized Education Programs (IEPs), classroom management, and effective instructional strategies. The Special Education Department supports school site staff with Crisis Prevention Intervention (CPI) training regularly as well as options for trainings in areas such as Universal Design for Learning, Collaboration and Coteaching, Writing IEPs for Educational Benefit, and Special Education Training for Administrators. The Chino Teacher Induction Program provides mentor training to its large quantity of in-house teacher-mentors and limited structured professional development for its induction teacher candidates. All mentors are provided two, 5 hour days of synchronous training (combined with asynchronous training due to COVID-19), followed by 9, 90-minute, monthly mentor meetings, for a total of 23.5 hours of targeted mentor training. Induction candidates, then, are provided with 39.5 hours of professional development and individual support as part of their induction program.

This table displays the number of school days dedicated to staff development and continuous improvement.
