2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Don Antonio Lugo High School was founded in 1972 as a ninth grade school to accommodate the impacted enrollment at Chino High School. Each year subsequent to 1972, a new class was added until Don Lugo High School became a comprehensive 9th – 12th grade high school. It is steeped in a tradition of excellence in the areas of academics, activities, arts, and athletics.

Don Antonio Lugo High School exemplifies the definition of a comprehensive high school. Located in the City of Chino in the growing Chino Valley, our population is diverse and reflective of the community we serve. Don Antonio Lugo High School has a strong tie to the surrounding community and many longstanding traditions. Many of the present student body have parents who were graduates of Don Antonio Lugo High School. And, currently several staff members are alumni of Don Antonio Lugo High School.

The Vision of Don Antonio Lugo High School is to prepare every student to meet the “A-G” four-year college requirements, and to develop the 21st century skills necessary for post-secondary career opportunities. The Mission of Don Antonio Lugo High School is to provide students with a quality 21st century education that offers programs, experiences, and opportunities for college, career and life readiness. Our motto is “One School, One Family.” The staff of Don Antonio Lugo High School dedicates its efforts to encompass its commitment to the intellectual, emotional, social, athletic, academic, and aesthetic development of each student promoting 21st century skills that lead to overall success in life.

The new student learning outcomes embrace the adoption of Positive Behavior Interventions and Supports that we have implemented this year. The following are the new student learning outcomes for Don Antonio Lugo High School:

- Be Respectful
- Be Responsible
- Be Involved

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	3.70	0.60
Vacant Positions	1.00	0.00
Total Teachers Without Credentials and Misassignments	4.70	0.60

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	2.20
Local Assignment Options	1.20	0.90
Total Out-of-Field Teachers	1.20	3.10

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	5.3	3.4
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	2.2	2.4

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

On October 5, 2023, the Chino Valley Unified School District's (CVUSD) Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted Resolution 2023/2024-16 which certifies as required by Education Code 60119 that (1) sufficient textbooks and instructional materials have been provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and context of the curriculum frameworks in the following subjects: history/social science, mathematics, reading/language arts, and science, (2) sufficient textbooks or instructional materials were provided to each pupil enrolled in a foreign language and/or health classes, (3) laboratory equipment was available for science laboratory classes offered in grades 9-12, inclusive. Textbooks and instructional materials are provided for each student for use in class and to take home. It was determined that each pupil in each school has sufficient textbooks and instructional materials that are aligned to the academic content standards in the core subject areas for the 2023/2024 school year. Additionally, sufficient textbooks and/or instructional materials were provided to each pupil for visual and performing arts.

*Please note: In reference to materials not from a most recent State Board Adoption (SBE): In November 2017, the California State Board of Education approved a list of History/Social Science and Science programs for districts to consider for their new adoption. CVUSD elected to continue to use current District adopted materials while further studying program options provided on the SBE list to consider for a future piloting process. CVUSD reviewed current District adopted materials and determined that they meet current History/Social Science and Science standards.

School Facility Conditions and Planned Improvements

Chino Valley Unified School District (CVUSD) makes it a priority to maintain safe, clean, and effective school sites for our students, staff, and parents. The safety of students is of paramount importance to CVUSD. Staff and security are situated across the campus throughout the day to ensure students interact safely. At the end of the school day, staff supervises student dismissal. The staff and student workspaces for this site are cleaned on a regular basis by the school site custodial staff. In addition to regular cleanings, deep cleanings are scheduled and carried out during breaks and vacation periods. The school facility is adequate and has sufficient classrooms, playground, and staff spaces in order to operate efficiently. A recently completed school improvement for this site is the installation of a new video screen football scoreboard. The installation of a new video screen aquatics scoreboard is scheduled for 2024, along with full renovation of the swimming pool and gymnasium, restrooms, and ticket booth.

To ensure sites are clean, safe, and functional, Maintenance and Operations department staff conduct inspections at the school sites on a continual basis. School sites may also enter maintenance requests by accessing the School Dude system. After the school site request is entered into the system, a work order is generated, and the Maintenance staff works diligently to complete all work orders in a timely manner. The Maintenance team utilized the Facility Inspection Tool (FIT), a survey instrument developed by the State of California Office of Public School Construction (OPSC), to record inspection results. The District's inspection took place from November 9, 2023 through December 13, 2023, the overall rating of this site's most recent survey is GOOD, and any associated repairs were completed on or before December 29, 2023.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	16	22	44	46	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 Career Technical Education Programs

Our vision includes a rigorous academic program that integrates Career Technical Education (CTE). Chino Valley Unified School District (CVUSD) creates courses and career pathways that promote student mastery of CTE standards. The courses in each sequence are aligned with industry pathway standards and Common Core State Standards, where applicable. In addition, many courses have been updated to meet UC/CSU 'a-g' requirements. All students of Chino Valley Unified School District are encouraged to participate in CTE courses based on interest. The District's goal is to increase enrollment in CTE pathways and increase the number of students completing pathway sequences. The advisory committee for the District is comprised of industry members from Agriculture & Natural Resources, Engineering & Architecture, Hospitality, Tourism & Recreation, and Public Services.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Don Lugo High School encourages and supports parents. Parents are active in decision-making on campus through-out School Site Council, and through support organizations like the All-Sports Booster, Performing Arts Boosters, Spirit-Cheer, Band and Color Guard Parent Boosters, and the English Learners Advisory Committee. We have also implemented our Parent Engagement Seminars in which parents meet weekly to learn about communication, college applications, and raising strong teens. All meetings for parents are offered in English and in Spanish. Our Back to School Night, Parent Resource Night, and Freshman Fair Night provide opportunities for parents to be part of the campus. Our "Safe and Sober Graduation" extravaganza is organized and staffed by parents. The principal, as well as all administrators, espouses an open door policy which facilitates exchange of information and ideas.

2023-24 School Safety Plan

Each school has a detailed School Site Safety Plan for emergencies that is annually reviewed, updated, and discussed by the School Site Council. The date on which the School Site Safety Plan was last annually reviewed was March 2023, and the plans are reviewed monthly by the School Site Council. Each staff member is assigned a specific responsibility in the event of an emergency. Staff members are trained in the plan's components and procedures. Fire, earthquake, and intruder drills are held on a regular basis so that all students and staff are familiar with emergency procedures. Emergency supplies are located on each campus in the event of an emergency.

Assigned staff monitors school grounds daily before, during, and after school. The District policy regarding campus visitors is enforced by requiring everyone to check in at the school office and obtain a visitor's badge. A visitor sign-in log is located in the school office and all visitors must sign in before going onto the campus. In addition, all visitors must wear an identifying badge while on campus. To increase security, all gates remain locked during the school day, so visitors must enter campus through the school office.

The Chino Valley Unified School District is committed to providing an environment that fosters health and safety, in both form and function. This commitment extends to the process of developing and maintaining a comprehensive Emergency and Disaster Preparedness Plan as a part of the District's Safe Schools Plan and is evident from the individual site to the overall District. These plans delineate actions to protect all students while they are at school. The plans are designed with the help of security staff members, local law enforcement, local fire, and emergency management, and public health officials as required by Education Code 32280-32282.

Plans are reviewed and updated yearly in accordance with Education Code 32286. These plans include procedures to respond to critical incidents, such as fire, earthquake, or intruders. School personnel practice these drills regularly.

2023-24 School Safety Plan

The primary purpose of the Chino Valley Unified School District Emergency and Disaster Preparedness Plan is to define roles and responsibilities at the site and between the site and district office management. The Emergency and Disaster Preparedness Plan establishes the minimum requirements for school and site plans throughout the District. This Plan meets the requirements of the Standardized Emergency Management System (SEMS) as mandated by California Code of Regulations, Sections 2400-2450, and the National Incident Management System (NIMS) as mandated by Government Code 8607. It also meets the requirements for earthquake preparedness found in Title 5 (California State Education Code, Sections 35295-35297).

Professional Development

The Chino Valley Unified School District is committed to high-quality Professional Learning to support the instructional capacity of teachers and leaders. Professional learning opportunities are aligned to the Essential Standards, Positive School Culture; Timeline Feedback on Formative Assessments; Collaboration Strategies for Students; Integration of Technology and Use of Digital Tools; Accessing, Processing, and Analyzing Data; and Professional Learning Communities.

For the 2023-24 school year, the Areas of Emphasis are Student Engagement through Collaborative Communication and Professional Learning Communities. Student Engagement through Collaborative Communication includes preparing to engage, listening, engaging, and responding, and self-reflection. Professional Learning Communities address the following 4 description questions/student observables: (1) What do we want all students to learn?/Students are aware of the essential standards/learning targets/success criteria (2) How do we know if the students are learning it?/Students use rubrics, reflection sheets, success criteria, to self-assess their learning, and students are provided the opportunity to demonstrate the mastery of their learning through multiple opportunities (3) What will we do if the students are not learning it?/Students participate in differentiated instruction based on not meeting the learning targets (i.e. small group, individual) (4) What will we do when students have learned it?/Students participate in extension based on the mastery of learning targets.

Professional learning opportunities are evaluated through survey results, feedback, and next steps from end-users.

Professional learning opportunities are varied in its delivery: district-wide days during school hours, after-school workshops, site-based PD offerings, and volunteer sessions. Implementation for learning is supported through Site-Based PD from Site Administrators and coaching opportunities from Instructional Coaches. Additionally, professional development is provided for new special education teachers covering areas such as compliance, development of Individualized Education Programs (IEPs), classroom management, and effective instructional strategies. The Special Education Department supports school site staff with Crisis Prevention Intervention (CPI) training regularly as well as options for trainings in areas such as Universal Design for Learning, Collaboration and Coteaching, Writing IEPs for Educational Benefit, and Special Education Training for Administrators. The Chino Valley Teacher Induction Program provides initial and on-going mentor training to its large quantity of in-house teacher-mentors and limited structured professional development for its induction teacher candidates. All mentors are provided with one, 5-hour day of synchronous training, followed by five bi-monthly new mentor on-going support meetings, as well as alternating monthly mentor meetings, for a total of 15 hours of targeted mentor training. These mentor meetings provide coaching support for mentors to address the local need for teachers that are organized around supporting new teachers regarding equity, social-emotional learning, promoting teacher self-awareness, providing positive behavioral supports for students, multi-tiered systems of support for students, and universal design for learning. Induction candidates are provided with three hours of targeted program support, fifteen hours of required self-selected professional development, and weekly, one-hour, mentor-facilitated opportunities for individual support with a focus on offering structured feedback and coaching as part of their induction program.
