

Chino Valley Unified School District

Cal Aero Preserve Academy Parent and Family Engagement Policy

School Policy Engagement:

Cal Aero Preserve Academy recognizes that **parents and family members are their children's first and most influential teachers** and that continued **parental engagement in the education of children contributes greatly to student achievement and conduct**. Cal Aero Preserve Academy shall jointly develop with, and distribute to, parents of Title 1 and Non-Title 1 students a written parental engagement policy, agreed upon by such parents and updated periodically to meet the needs of parents and the school. This policy shall be an addendum component of the School Plan for Student Achievement (SPSA) that promotes a meaningful partnership between the school, the home, and the community.

Shared Responsibilities for High Student Academic Achievement:

The staff of Cal Aero Preserve Academy in consensus with research-based practices knows that the education of its students is a **responsibility shared between school and parents**. The school's primary responsibility shall be to have an effective learning environment that enables all students to meet the academic expectations set forth in the CA Common Core state standards. Parents shall have the responsibility and opportunity to work with the school in a mutually **supportive and respectful partnership** with the goal of supporting their child's learning. The school-parent compact of strategies to increase parental engagement outlines how the parents, the teachers, and students will share the responsibility for improved student academic and behavioral achievement. *Cal Aero Preserve Academy* will provide parents with an explanation of the curriculum, academic assessment, and proficiency levels students are expected to meet. Through an *Action Team for Partnership* process school staff, parents, and community members will jointly review, plan and develop a one-year school-parent compact by grade or department level of promising practices to increase parental engagement to include the six types of engagement listed below (*Epstein's Six Types of Parental Involvement*). The annual school-parent compacts will specify partnership activities for as many of the six types of engagement as possible. The school-parent compact will list district and school improvement goals and describe the "in the classroom" and "at home" strategies for teachers, parents, and students to implement. Cal Aero Preserve Academy's **goals will include a school improvement goal in these three areas: English Learners, one academic area, and one non-academic area**. The compact will list how the school provides two-way communication between home and school. It will also describe opportunities for parents to volunteer, observe, and participate in the classroom. Annually the school-parent compact will be updated by staff and parents, based on formal and informal data. Also, annually, the *Action Team for Partnerships* will evaluate the effectiveness of the school's home-school-community partnership activities and celebrate successes.

This **shared responsibility** will help the school and parents build and develop a partnership to help children reach or exceed the grade level standards.

Cal Aero Preserve Academy will support these home-school partnerships by using the following **six types of engagement**:

1. **Parenting.** We will promote and support parenting skills and the family's primary role in encouraging a child's learning at each age and grade level, and all staff members will work effectively with our diverse families. *Cal Aero Preserve Academy* will provide parenting workshops on topics such as PBIS at home and Distance Learning. In addition, resources and referrals can be provided to support parenting efforts.
2. **Communication.** We will communicate about curriculum, instruction, assessment, staff development, school programs and student progress through two-way, meaningful, timely and effective methods. At a minimum, annual conferences, reports on student progress, reasonable access to staff, opportunities to volunteer and participate in their child's class, and observation of classroom activities will be provided to parents and family members. *Cal Aero Preserve Academy* will inform parents through a variety of methods including AERIES Communications, email, flyers, phone calls, school website, and teacher communication tools.
3. **Volunteering.** We will expand the recruitment, training, and recognition of family and community volunteers; we will provide opportunities for families and community members to contribute from home, the workplace, and other community-based sites. *Cal Aero Preserve Academy* allows for parents to volunteer in the classrooms. Parents should contact their child's classroom teacher to set up volunteering hours. *Cal Aero Preserve Academy* supports our school's PTO – Parent Teacher Organization which encourages parents to volunteer in other capacities.
4. **Learning at Home.** We will promote family engagement in learning activities at home including homework and other curriculum-related activities appropriate to the grade and development of the student. *Cal Aero Preserve Academy* will provide Parent School Compacts designed by grade level to give ideas for supporting students at home, and a parent workshop on implementing PBIS at home will be provided.
5. **Decision-making.** We will include students, parents, and community members as partners in planning and decision-making. We will encourage participation by parents and family members in decisions that affect their child's educational experiences and comply with state and federal laws and regulations pertinent to family engagement. *Cal Aero Preserve Academy* will regularly hold School Site Council (SSC) and English Language Advisory Committee (ELAC) to include the parents in the decision-making process.
6. **Collaborating with Community.** We will coordinate resources and services for students and families with businesses, agencies, service organizations and other groups and provide services to the community through our volunteer efforts and community improvement projects. *Cal Aero Preserve Academy* will provide parents with resources in the community if the need should arise.

Building Capacity for Parent Engagement

The Cal Aero Preserve Academy school staff is committed to partnering with parents in the following ways:

- assist parents in understanding academic content and achievement standards and assessment and how to monitor and improve the achievement of their children
- provide materials and training to help parents work with their children to improve their children's academic achievement
- educate staff, with the assistance of parents, in the value of parent contributions and how to work with parents as equal partners
- coordinate and integrate parental engagement with other programs and activities in our school and support parents in more fully participating in the education of their children
- distribute information related to school and parent programs, meetings, and other activities to the parents of participating students in a format and, to the extent practicable, in a language the parents understand
- provide such other reasonable support for parental engagement activities under this section as parents may request

Accessibility

Our school, *Cal Aero Preserve Academy* and our LEA shall provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory students including providing information and school reports required under Section 6311 in a format and, to the extent practicable, in a language such parents understand.
