The screenshot shows the Ayala High School website. A blue arrow points to the 'AYALA HIGH SCHOOL' logo in the top left. A red circle highlights the 'ACADEMICS' menu item in the top navigation bar. A yellow arrow points from the 'ACADEMICS' menu to the 'Counseling' link in the dropdown menu. The left sidebar contains a 'COUNSELING' section with links: Welcome, Counseling Staff, Academic Counseling, Counseling Resources, Course Registration 2024 - 2025, Dual Enrollment, PSAT / NMSQT for Juniors, Financial Aid, Guidance Presentations, National Honor Society (NHS), Scholarships, School Profile, and Summer School 2024. The main content area features a 'COUNSELMENTS' banner, a 'Counseling Department' banner, a 'Earn College Credit Now!' banner for Chaffey College, and a '8th Grade Parent & Student Orientation' banner for Monday, March 11, 2024, at 5:00pm. A 'Welcome CLASS OF 2028' banner is also present. A 'NEED A TUTOR?' graphic is shown in the bottom right corner.

AYALA PATHWAYS

PROGRAMS

AVID

AVID is an in-school college readiness program for grades 9-12 that prepares students for college eligibility and success.

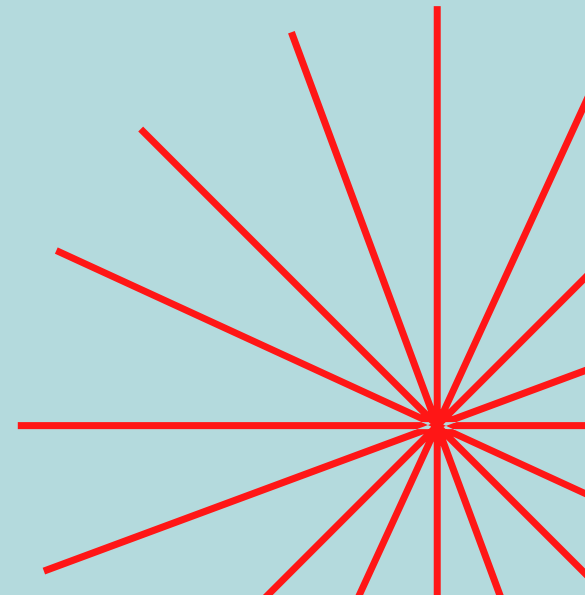

OVERVIEW

Freshman Year- College requirements/expectations
Sophomore Year- Career Exploration
Junior Year- Testing (SAT/ACT/ECT), University Exploration
Senior Year- College Apps, FASFA, Scholarships

DUAL ENROLLMENT

Dual Enrollment is a program that allows high school students to enroll in college courses taught by college faculty.

***Courses taken the summer before 9th grade, will NOT be on the transcript.**

ACES – Computer Science Pathway

ACES is designed for students who are interested in engineering, computer science, programming, physics and mathematics (STEM) and who desire a hands-on course of study. The schedule of courses includes several Advanced Placement (AP) courses in a required sequence*. All computer science core courses are transferable to partner colleges for credit with a high enough score on the AP or End of Course (EOC) exam. Students in the Computer Science Pathway are also exposed to work-based learning opportunities throughout the sequence. The Academy is rigorous but open for all incoming students who are interested and motivated to apply.

You can also do computer science and still participate in sports, extracurricular activities, band and leadership – we welcome well-rounded students who have the time management skills to manage multiple responsibilities.

For more information, see the course sequence below:

1. Computer Science Essentials
2. AP Computer Science Principles
3. AP Computer Science Applications.

Collaboration, Presentation, Projects with team work (not being lectured at), Coding, Technology, Robotics, College Level Experience, AP 5 point grading system (versus non-Ap is four).

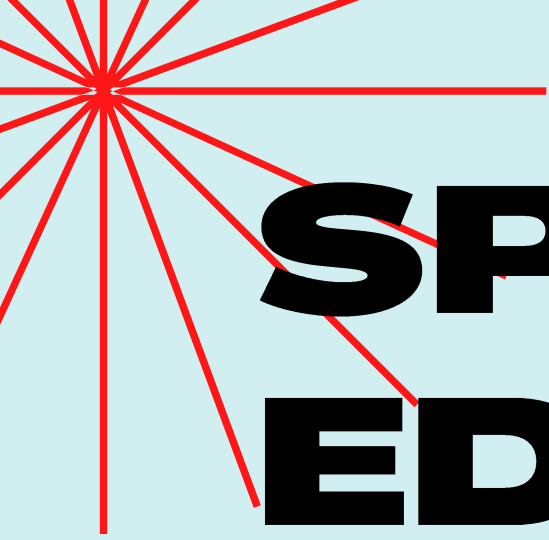

ACES – Engineering Pathway

The Engineering Pathway is designed for students that are interested in engineering, computer science, programming, physics, and mathematics (STEM) and who desire a hands-on course of study. The schedule of courses includes several Project Lead the Way (PLTW) courses in a required sequence. Students are exposed to work-based learning opportunities throughout the sequence. The first two courses (IED, CEA,) have articulation agreements with Chaffey College for one year, IED/CEA/POE were eligible for articulation.

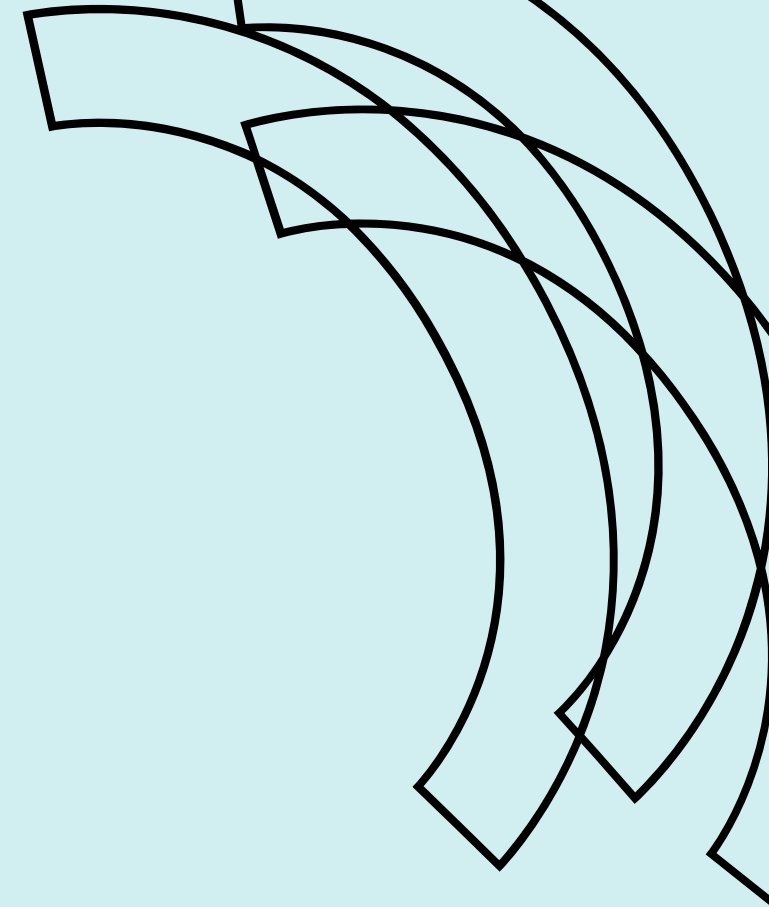

The Engineering Pathway is rigorous but open for all incoming students that are interested and motivated to apply. You can also do engineering and still participate in sports, extracurricular activities, band, and leadership - we welcome well-rounded students that have the time management skills to take multiple responsibilities.

*Must meet qualifications for all AP classes.
AP versions of some integrated classes available.
