Grading System

The following numerical equivalents are used to determine GPA for use in reporting to all outside agencies. In order to receive credit for a class, a student must receive minimum grade of D- in that class. All grades are converted to a four-point scale: A or A- = 4.0 B or B- = 3.0, C or C- = 2.0, D or D- = 1.0, Fail = 0

Weighted classes such as AP receive an additional point: A=5, B=4, C=3.

Due to California legislation - AB104, some students elected to receive a Pass/No Pass in place of a letter grade for the 2020-2021 school year.
