- Implement daily Language Lab lessons for 30 minutes.
- Develop preparedness goals for students' safety with a clearer understanding that focuses on California's diverse topography with an emphasis on earthquake, fire and drought.
- Make connections with students through the 3<sup>rd</sup> grade curriculum that shows the endless possibilities of careers for the 21<sup>st</sup> century.

### At Home

Here are some ideas of how families can support students' success:

- Engage in daily conversations of the daily academic learning in all aspects.
- Be informed as to what internet related resources are available using a home computer or tablet.
- Support the students in their understanding of school as well as home safety, particularly when it comes to planning for environmental emergencies.
- Attend ELAC (English Language Acquisition Committee) meetings.
- Attend school-side events and parent-teacher conferences.
