## **CVUSD employee group presents scholarships**

CHAMP, the group that represents management employees in the Chino Valley Unified School District, presented scholarships to two children of its members at the June 15 Board of Education meeting in Chino.

Each receiving a \$200 scholarship are Alexis Melendez, daughter of Chino High Principal Felix Melendez and his wife Kayli; and Tyler Stachura, son of CVUSD Assistant Superintendent of Facilities and Planning Greg Stachura and his wife, Marlene, a teacher at Butterfield Ranch Elementary School in Chino Hills.

Alexis graduated from Chino High in May and plans to major in English and Music at the University of California, Davis.

Tyler graduated from Chino Hills High in May. He plans to major in Criminal Justice in college and hopes to eventually be employed by a Federal law enforcement agency. He was unable to attend the Board of Education meeting because he was working that evening at an Albertson's market in Chino Hills.

Chino Hills High graduate Tyler Stachura, pictured at Chino Valley Unified School District's annual Student Government Day this spring, also received a CHAMP scholarship.
