Woodcrest Junior High School Named Microsoft Showcase School Four Years in a Row

Chino, CA – CVUSD's Woodcrest Junior High School has received the prestigious designation as a Microsoft Showcase School for the fourth year in a row for their commitment to supporting a culture of learning, innovation, and continuous improvement.

Woodcrest JHS joins a global community of approximately 863 school sites across 100 countries that amplify the use of technology to drive school-wide transformation and efficiencies by using Microsoft's K-12 Education Transformation Framework.

As a change maker in education, Microsoft Showcase Schools recognize and engage the need for educational transformation that includes vision and innovation in teaching, learning and assessment, computational and critical thinking, creativity and collaboration, and a willingness to promote a growth mindset among educators and students. This education transformation became even more vital as schools effectively managed the transition to remote and hybrid learning during the current COVID-19 crisis.

Woodcrest JHS joins the global Showcase School community as participants come together to tackle challenges, celebrate successes, share learnings, and try new solutions in a vibrant Microsoft Teams online community. As Woodcrest students and educators continue their education transformation journey, they are supported by Microsoft, Microsoft partners, and CVUSD technology trainers through capacity building, transformation guidance, peer learning, amplification opportunities and early access to research and solutions.
