The Getty Museum has drawings, paintings, and sculptures. Also they have a Getty Village, located in Malibu.

If you buy a portrait from the store it will be about 80,000 dollars! In the Getty Villa there is a big fountain that is very long. In the fountain there are ducks that swim in it.

The Getty Museum is a popular museum in Los Angeles. It has many visual arts and exhibitions. I learned a lot from this awesome museum. It's very fun there with your friends. There is a shop there to buy souvenirs. There is also a garden to take pictures. There is a statue that's named Bronze Sculpture of the Hellenistic World. You can stay until night time to see a band perform. There are also lights at night to see

the patterns change.

The Getty Museum is an awesome place to go to when you are on vacation. It's a really nice place to learn about art and sculptures. There is also a tram when you go there. The J. Paul Getty was the person that made the Getty Museum and Getty Villa.

The Getty has portraits and also some disturbing images. It's very fun there. It's a big landscape to explore different kinds of stuff and portraits. Getty Museum is a very interesting place to learn multiple

learning projects. There are Van Gogh portraits too. It was founded by the Getty Oil Company.

This museum is a fun place to play and have fun. There is a fountain to take pictures too. There are many things to explore and lots of things to entertain yourself. For example, you can view Pontormo's Portrait of a Halberdier. It is the most popular portrait in the museum. There is even a real mummy that you can touch!

FEATURE

Frankie is our classroom pet! She likes to hide from us because 24 children scare her. These are some facts about Frankie the gecko.

First, she is a crested gecko. Her color is a yellow-brown color.

Secondly, she likes to live in lots of plants. She also lives in a terrarium.

Thirdly, she eats fruits and insects. Her favorite

foods to eat is apple sauce and Repashy Crested Gecko food.

Lastly, she is a reptile and likes warmth. She likes warmth because she is a cold blooded animal or an ectotherm. Ectothermic means they can't produce their own body heat and rely on natural heat sources such as sunlight in their environment to help them.

In summary, we love Frankie as our class pet because he is special, and the only pet we have.

Heat wave throughout California

|| AMOUR ROSS
NEWS

There is a heat wave in California! It is 98 degrees outside and some people are not even leaving their house because it is too hot. In fact, some people are even getting heat stroke from the hot weather.

Kids at Cal Aero Preserve Academy have to eat inside the gym and the students can not play outside.

Many people believe that it might be like that for days.

Soon it will reach 100 degrees, and it will be too hot to go outside at all. Everything you touch will be too hot and it will burn and burn.

When it is this hot you can go to the pool and you can cool down.

It will be this hot for the rest of the summer. However, if it is this hot in the summer, there may be a cold wave in the winter.

The future of the Golden State Warriors

|| **AIDAN ESQUIVIAS**
NEWS

The Golden state Warriors are a NBA team that plays in San Francisco. They won the Championship in 2022 and they are looking for a new championship next year.

The Warriors always make the playoffs every year they play. They always get past the second round and sometimes they get past the third round. They won four championships in different years.

The Golden State Warriors have a pattern of getting the number 26 in the draft pick. They trade good players each year. They get new players every year.

In conclusion, I think the Golden State Warriors will play well this season because they traded many players for a good player: Chris Paul.

SeaWorld or Disneyland?

|| **EVELYN GALINDO**
OPINION

Disneyland is very fun, but I think SeaWorld is a little better than Disneyland. Although I think the fireworks, rides, and food are very great, Sea World is still a little better than Disneyland, in my opinion.

I like SeaWorld better because of this one ride but I forgot the name of it. It looks scary but it is only scary if you are under the age of eight years old but if you are older than that it is very fun. Also I love the orca whale shows.

The food at Disneyland is very good. My favorite food there is churros, cookies, and corn dogs. The story is when my dad took me we watched fireworks while eating churros. I loved that day and remember every second of it. My favorite food at SeaWorld is the ribs that they have. I also have a memory there with my family. We were watching the orca whale show and we were hungry so my stepbrother went to get some ribs. When he came back he told us to be careful because they were hot. Then, an orca whale came to the glass and he looked like he was hungry.

Some people may think that Disneyland is better than SeaWorld. It is just my opinion and I think that SeaWorld is better, but I respect your opinion if you like Disneyland better. I still like Disneyland, but in my opinion, SeaWorld is better.

In conclusion, I think that SeaWorld is better than Disneyland.

Disneyland California review

|| **SAMANTHA PARK**
FEATURE

Disneyland is the most popular amusement park in the world. In fact 16.81 million people have visited Disneyland.

Many people probably visit because of all the attractions and food. There are many rides that you can try, for example, you can ride Space Mountain, the ship to Tom Sawyer's island and Big Thunder Mountain. Those are my favorite rides.

There are also many lands in Disneyland. My favorites are Fantasyland, Star Wars land and New Orleans square. I like them because of the food and rides in all the stores.

My favorite foods at Disneyland are the giant pretzels in the carts and the tater tots. I recommend these snacks because they are delicious.

In conclusion, Disneyland has a lot of great attractions. Disneyland is an amazing place because you cannot experience these things anywhere else.

A geological mystery in California

|| **SREDHA NISHANTH**
NEWS

In southern California, a landslide destroyed many hillside homes. However, the actual cause of the disaster is still unknown.

The home began to fall into the canyon. This happened in Los Angeles. A video was taken by the Los Angeles County Fire Department and posted to Twitter. Many people were scared by the event because they did not want the same event to happen in

their homes.

Many damages to the homes occurred. For example, the driveways separated from the main street completely. Also, the structure of the roofs caved into the homes.

The city is responding to the issue by reassessing property values of the homes.

All in all, I think this is really sad news to see people's homes fall into a canyon. It is important that scientists figure out why this is happening.

The best brand of chips

|| **FERNANDO NAVARRO**
OPINION

In my opinion, Cheese Ruffles are a better chip than Cheetos because they have more flavor.

Sometimes, Cheese Ruffles come in bigger bags. This means that they have more flavor and bigger chips.

Ruffles also have more variety in flavor, such as BBQ, spicy and sour cream and onion.

Cheetos can be more spicy than Ruffles. In fact, they are way more spicy. Sometimes, Hot Cheetos are way too spicy to enjoy.

In conclusion, I would prefer Ruffles over Cheetos, but I'll take any type of chips.

Neymar Jr. of Paris Saint-Germain

|| **JARRED LAZO**
SPORTS

The PSG, or Paris Saint-Germain team, plays in Paris, France. My favorite player on the team is Neymar.

Neymar da Silva Santos Junior, known as Neymar is from Brazil and plays forward. He is a famous footballer and the third best player in soccer.

He has scored over 400 goals in his career. He is my favorite player because we play the same position: forward. In America, we call futbol 'soccer' but I will always call it futbol.

When Neymar plays, he is number ten and I love to watch him play. I watch him play on TV.

In conclusion, I like Neymar because he scores the most goals and he is a world champion.

My German Shepard is great because he is an amazing rescue dog. He is a rescue dog because he rescues people when they are in danger. people can be in danger because they can be stuck in something or really hurt. My german black and brown. He is also big and strong and is great for a rescue dog. My German Shepherd to protect and is really strong and really really smart.

First, my german shepherd really sweet and he gets hungry and angry

when I don't give him food yet. My dog's favorite movie is Pup Academy and he also loves to rip up his toys and then leave them on the stairs.

My dog loves to have animal squeaky toys. My german shepherd has a lot of energy, like when we go to the park he likes to go in the field and do zoomies which is actually just running in circles really fast.

Lastly, my german shepherd loves to chase people because loves attention and he mostly loves ear rubs!

As you see, that is why my dog is a great rescue dog!

Your Hawaii travel guide

|| **SHERRY LI**
FEATURE

Hawaii is the best island I have ever visited. I love Hawaii because there is good food and fun activities.

In Hawaii, I went ziplining, parachuting and visited a pink sand beach. Overall, I think it is the most beautiful Island I've been to.

I also love the food there. I went to so many restaurants in Hawaii and all the food there was good. Some of the foods I ate there were steak, vanilla ice cream, pancakes, noodles, and more.

My top two fun activities were ziplining and parachuting. These were my top two because they were the funnest thing I ever experienced. In fact, there were so many fun things that I didn't want to go home.

In Hawaii, there are a lot of beau-

tiful volcanoes, especially at night

Also, there are so many beautiful beaches that I had fun at. However, even though it's beautiful it is still hot there. Unfortunately, I got splashed with water when I went parachuting.

I love Hawaii so much because I love the beaches and I got to experience so many new things.

Fortnite is a video game about building, fighting and editing.

Fortnite has been around for years and you can play different maps.

Then, you get a Victory Royale in Fortnite. Some of the other things that you can do are buying skins, pickaxes, gliders, emotes and also building homes.

Also in Fortnite, you can play Creator mode and you can play many games, such as boss fights, Zone Wars, one v. ones and different kinds of games.

Most importantly, you can play Fortnite with your friends. Sometimes, I play for 24 hours with my friends.

The Little Mermaid review

|| AVA HOYUELA
ARTS & ENTERTAINMENT

The new Little Mermaid movie is great. In fact, the new Little Mermaid movie is better than the older one.

They are both really great, but the new one is better. In my opinion, Disneyland should make a new Little Mermaid ride. The new ride should be faster than the old ride and include more characters, such as King Triton and all of Ariel's sisters.

For both versions, they should have pictures in magazines so that

more people will know about the movies. Both movies are on Disney+. This is good because more people can watch it and know about it.

In my opinion, they should make another movie to include both Ariels. They are both good characters and would work well together. However, I think that Chloe Bailey's Ariel is better because I enjoyed her singing more.

In conclusion, I think everyone should watch both movies, but the new one is more enjoyable because there are different parts. You can watch these movies in the movie theater or on Disney+.

The Washington Commanders

|| ELIJAH LEYSON
SPORTS

The Washington Commanders is a football team in Washington, D.C. Many people like football, including my family.

Football is popular because many people watch it in person and on tv. Football is a game of a ball hitting it into a touchdown by either kicking it or throwing it.

"I would never throw my teammates under the bus! I take responsibility for my play & will play better,"

professional football player Robert Griffin III said.

One event is that the Washington FedEx field donated school supplies before the school year.

"Nobody in football should be called a genius. A genius is a guy like Norman Einstein," coach Joe Theismann said.

I like this sport because my family watches it at special events.

This is a good sport because people love this sport. People can join by buying a football and practicing themselves.

Visiting Knott's Berry Farm

|| LEVI OROZCO
FEATURE

Knott's Berry Farm is a theme park in Buena Park, California.

My favorite ride at Knott's is Hangtime. It is a rollercoaster that goes straight up then down fast.

Knott's has great food in the theme park. They have funnel cakes and funnel fries. All the rides are fun

because they have little kid rides, and some are fun. There is a ride for everybody.

Some of the rides are really fast. In fact, some launch at 60 mph, such as Silver Bullet, Hangtime and Supreme Scream.

All in all, Knott's is really fun because of their rides, food and their kid rides section. I think you should visit Knott's because it is a good theme park.

Knott's Berry Farm food review

|| BELLA CHAU
FEATURE

The food at Knott's is really appetizing and really good. The most appealing food to me is the funnel cake.

The funnel cake is my favorite because the jam and the ice cream are really good.

The funnel cake is good because the fries give the crunch and then with the sweet is just everything.

My second favorite is the Xcelerator Burger. The reason why the Xcelerator Burger is my 2 favorite because the fries are not crunchy. They make the burger smell really good and they seem to make the patty really good.

One negative thing about the xcelerator burger is that the patty is not cheesy. This makes the burger patty dry. Their fries could also be improved by being more crunchy and more salty.

In my opinion I think that you should definitely go to Knott's Berry Farm in order to try their delicious food.

The Kansas City Chiefs

|| DOUGLAS HENDRIX
SPORTS

Football was created in 1910. I play football and my grandad played in the NFL.

It is also my goal to play in the NFL. My grandfather is the G.O.A.T. of football. If he can make the NFL, I can too.

I love watching all sports. When I

watch my favorite team, the Kansas City Chiefs, I like to get snacks from 7-11.

I love the Chiefs because old-school football is better than the current style. The old Chiefs had a really good team, and their defensive back was especially good.

This team inspires me to go to the NFL someday.

In conclusion, I love football because it is the best sport since 1910.

My two cats: Joey and Jesse

|| GIANNI GORDON
FEATURE

I have two cats named Joey and Jesse. Joey is very old because he is 13, but Jesse is a bit younger.

One time, I found my cat Jesse inside the bathtub. I didn't turn off the shower and he was all wet. Jesse did not mind being wet, and he just chilled in the bathtub.

Joey is an old man, and he always begs for food. He is very cute. He's yellow and he has short hair. Joey

likes to sit in the sun. After his dinner, he likes to play with his toys.

Joey's brother Jesse is as fluffy as a white snowball. Jesse likes to be pat on his legs and roll over on an empty bag.

Both cats eat wet food and hard food. But sometimes, Joey gets extra dinner.

Sometimes, the brothers fight with each other. They will rip each other's hair off. They sometimes hiss at me, and eat each other's food.

Both cats are really great, and they are great pets because they love each other.

All about the RMS Titanic sinking

|| ARYTON RAMIREZ
FEATURE

Titanic's full name was RMS Titanic. Any idea what RMS means? Royal Mail Steamer. Titanic was also known as the ship of dreams. The ship set sail on April 11, 1912.

Unfortunately, there was a very big problem. The Titanic only carried twenty lifeboats. That was only enough to carry half of the passengers when the ship began to sink.

The other problem was Captain Smith did not slow the speed of the Titanic, even though he was warned of icebergs.

On the night of April 14, 1912, the Titanic hit an iceberg. Five of the hull compartments filled with water. The Titanic broke in half and sank vertically around 2:20 am on April 15.

People wish they could restore the sunken Titanic. Currently, there is a bacteria growing on it that eats iron. Scientists are expecting that the Titanic will eventually disappear.

After the Titanic sinking, new laws were created to make ships safer. One law was to make ships have enough lifeboats for all the passengers. Another law is that all ships have a wireless radio operator 24 hours a day. The Titanic made changes to the world.

Your guide to Minecraft

|| LANDON LUONG
ARTS & ENTERTAINMENT

Minecraft is a very fun building game and a ton of people play it. In fact, by about 47 billion people play it!

Minecraft is for everyone, and it's for all ages. It's one of the best building games because you mine, fight off mobs and build. Minecraft is for people who enjoy exploring, fighting, building and more.

Minecraft is basically more of an exploring game than a building game. You can also eat in Minecraft. Some of the foods are steak, pork chops, stew, milk and apples.

Minecraft has different types of modes: peaceful, easy, normal, and hard. However, I think this can be improved by adding some more modes, such as: no damage mode, danger mode, baby mode, and super mode.

The bad things about Minecraft are getting attacked by mobs, creepers blowing your stuff up, and the ender dragon pushing you into the void. This adds a challenge to the game.

In conclusion, Minecraft is a very fun game for everyone because there is so much to do. That is why Minecraft is fun for everyone.
