Positive Behavior Intervention and Support

Introduction

Positive Behavior Intervention and Support (PBIS) is a framework supported by the Chino Valley Unified School District to promote and maximize academic achievement and behavioral competence. PBIS is a school-wide approach for helping all students achieve important social and learning goals.

PBIS is a 3-tiered research-based approach in reducing problem behavior and making instructional time a priority for all students and teachers.

Tier 1: Schoolwide for all students and staff through classroom lessons using the STEP Program. It is intended to reduce problem behavior and increase instructional time.

Tier 2: Secondary Interventions and Supports for specialized groups for students who are exhibiting at-risk behavior. This tier is to prevent worsening problem behaviors.

Tier 3: Tertiary Interventions and Supports for students with high-risk behaviors. This tier is intended to reduce the severity of current cases.

Woodcrest Wolverine Behavior Expectations:
Be SAFE, Be RESPECTFUL, and Be RESPONSIBLE
