

Ms. Armijo's Updated Class Syllabus

Don Lugo High School - English Teacher
Grade 9 Reading Intervention periods 1 and 5
Grade 11 ELA CP periods 3 and 6

March 17, 2020

Instructor Information

Instructor

Michelle Armijo

Email

Michelle_armijo@chino.k12.ca.us

Office Location & Hours

Virtual office hours starting
4/6/20
Monday and Wednesday 12-2
pm.

General Information

Description

This is an updated syllabus to inform students and parents of how to find information during the Covid-19 school closures.

Expectations and Goals

The goal is for all students to continue their quality education during school closures in the most productive and easy to understand way possible under these difficult circumstances.

In order to facilitate that learning some information on how to access the online distance learning will be available on my teacher page on the Don Lugo High School webpage. Please click on CLASSROOMS and you can find my page under Armijo, Michelle.

I will also be posting assignments and information in my google classroom. Students have either already joined the class or they have been emailed the link on how to join as of 3/17/20. The link for google classroom can be found in their class link portals. To get to the ClassLink portal students can type www.my.classlink.com/chino and enter their username and password. All of my students know how to do this already.

Students will be given assignments online DAILY and can submit them on google classroom as well as via email. Students can take a screen shot of assignments and email them to me for grading if they have difficulty on the site. I am very flexible on this so please don't worry! We will figure it all out together! This is new for everyone, including me!

Grades will not be given on the enrichment distance learning on the Chino Valley Unified Webpage and will begin with new learning on April 6th.

I will have virtual office hours Mondays and Wednesdays from 12-2 where I will be available for questions from students or parents via Google Classroom Meet. I will also calendar meeting times as soon as I have the dates all figured out.

Course Materials

Required Materials

Grade 9 - students are using a program called Read 180 which is a reading intervention program. It is web based and will work nicely for online instruction at home. Students can access Read 180 under their ClassLink account. Once inside ClassLink there is a tab says HMH on it, they have been going to the site daily since the beginning of the year and should not have a problem signing on from home. I will also post a link to Read180 on both my school page and the google classroom.

Grade 11 - students have been using Pearson My Perspectives American Literature curriculum. I will post a link to the textbook so that student can access the material from home.

NOTE:

Please feel free to contact me at the email address listed at the top if you have any questions or concerns. The entire staff at Don Lugo is working very hard to bring all of its students a quality education under the circumstances. I assure you that your child will be allowed the accommodations listed in their IEPs and I will do everything I can from my home to facilitate in any way I can.

Sincerely,

Michelle Armijo
