LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Chino Valley Unified School District

CDS Code: 36-67678

Local Control and Accountability Plan (LCAP) Year: 2019-2020

LEA contact information: Liz Pensick

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2019-2020 LCAP Year

This chart shows the total general purpose revenue Chino Valley Unified School District expects to receive in the coming year from all sources.

The total revenue projected for Chino Valley Unified School District is \$296,375,766.00, of which \$249,944,552.00 is Local Control Funding Formula (LCFF), \$21,349,927.00 is other state funds, \$13,089,854.00 is local funds, and \$11,991,433.00 is federal funds. Of the \$249,944,552.00 in LCFF Funds, \$22,573,736.00 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

LCFF Budget Overview for Parents

This chart provides a quick summary of how much Chino Valley Unified School District plans to spend for 2019-2020. It shows how much of the total is tied to planned actions and services in the LCAP.

Chino Valley Unified School District plans to spend \$313,702,523.00 for the 2019-2020 school year. Of that amount, \$41,658,662.00 is tied to actions/services in the LCAP and \$272,043,861.00 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Special Education Expenditures - \$37,500,000; Regular Education Teacher/Aides Salaries & Benefits - Increased or Improved Services for High Needs Students in 2019-2020

In 2019-2020, Chino Valley Unified School District is projecting it will receive \$22,573,736.00 based on the enrollment of foster youth, English learner, and low-income students. Chino Valley Unified School District must demonstrate the planned actions and services will increase or improve services for high needs students compared to the services all students receive in proportion to the increased funding it receives for high needs students. In the LCAP, Chino Valley Unified School District plans to spend \$28,810,639.00 on actions to meet this requirement.

Update on Increased or Improved Services for High Needs Students in 2018-2019

This chart compares what Chino Valley Unified School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Chino Valley Unified School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

In 2018-2019, Chino Valley Unified School District's LCAP budgeted \$27,632,236.00 for planned actions to increase or improve services for high needs students. Chino Valley Unified School District estimates that it will actually spend \$27,632,236.00 for actions to increase or improve services for high needs students in 2018-2019.

2017-20 Plan Summary

The Story

Describe the students and community and how the LEA serves them.

Chino Valley Unified School District (CVUSD) offers premier educational opportunities for approximately 28,141 students, from Transitional Kindergarten through 12th grade. Nestled in the region known as the Four Corners, on the boundaries of Los Angeles, Orange, and Riverside Counties, and located within San Bernardino County, the District services the communities of Chino, Chino Hills, and parts of South Ontario. There are 22 elementary schools, two (2) K-8 schools, five (5) junior high schools, four (4) comprehensive high schools, one (1) community day school, one (1) continuation high school, and one (1) adult school.

The District has an LCFF unduplicated count of 49.9% students that are comprised of 10.7% English Learners, .5% Foster Youth, and 48.2% who are classified as low income. The racial/ethnic diversity of the school community reflect the following: African American 3.1%, American Indian 0.1%, Asian 15.5%, Filipino 4.8%, Hispanic of Latino 56%, Two or More Races 2.1%, Pacific Islander 0.2%, White 17.1%, Not Reported 1.1%.

CVUSD is home to 18 California Distinguished Schools, some that have been designated Distinguished multiple times. It is also home to a California Gold Ribbon School, National Blue Ribbon School, Title I Academic Achieving Schools, California Honor Roll Schools, California Positive Behavioral Interventions and Supports (PBIS) Coalition Medal Award Winning Schools, and a California Department of Education Service Learning Leaders School. The Golden Bell Award for outstanding programs has been awarded to a District school and career academy. The District was also awarded a Seal of Biliteracy by the State in recognition of students who have studied and attained proficiency in two or more languages. As one of 547 school districts in the U.S. and Canada, CVUSD has been honored by the College Board with placement on the 5th Annual Advanced Placement (AP) District Honor Roll for increasing access to AP course work while simultaneously maintaining or increasing the percentage of students earning scores of 3 or higher on the AP exams. Our student test scores traditionally remain at the top of schools throughout the County of San Bernardino and the state. In

addition to its stellar academic programs, CVUSD is set apart by its thriving performing arts and athletic programs as well as state and nationally recognized marching bands, color guards, robotics, and Odyssey of the Mind creative challenge teams.

CVUSD has been designated as a Model School Attendance Review Board (SARB) District four times by the State Superintendent of Public Instruction for its attendance improvement and decreasing dropout rates. The SARB process is available for students who are experiencing issues beyond the norm and provides resources for families to overcome barriers that may be contributing to students' truancy.

The District is responsive to the needs of our students and families through a wide variety of programs. Before and after school care is available for students at several school sites. HOPE Family Resource Centers assist students and their families with food and clothing, counseling, housing information, tutoring referrals and more. In addition, a Health Clinic and its satellite center offer physical exams, illness care, assistance with Medi-Cal approval, and immunizations, including the flu shot. Furthermore, twice yearly parenting forums provided by the District and law enforcement partners inform parents about school trends and how to keep their children safe.

With a diversity of student needs, resources in the plan are allocated to support the achievement of all students with additional actions and services provided to English learner (EL), low income (LI), and foster youth (FY) students.

LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

CVUSD LCAP is designed to meet the needs of all students, including additional actions/services to support the unduplicated student population. The LCAP is organized by the District's three adopted goals:

Goal 1: All students are provided a high- quality teaching and learning environment: 21 actions and services;

Goal 2: Students, parents, families, and staff are connected and engaged to their school to ensure student success: 38 actions and services; and

Goal 3: All students are prepared for college and career beyond graduation: 30 actions and services.

Reflective of our stakeholder feedback, investment in technology and instructional technology [Goal 1, Action 15], supplemental education [Goal 2, Action 21] and intervention support [Goal 3: Action 2, Action 3, and Action 5] are continued. Additionally, CVUSD will maintain and support learning opportunities through a Multi-Tiered System of Support for Academic (MTSS-A) and Multi-Tiered system of Support for Behavior (MTSS-B), increase access and enrollment in all required areas of study, update instructional materials for transitional kindergarten, and expand preschool inclusion program for students with disabilities, provide crisis response training, continue CTE pathways at the high schools, provide tutoring services for foster youth and homeless students, and increase college awareness at all levels.

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

Continued investment was made toward implementing a Multi-Tiered Systems of Support for Academic (MTSS-A) and Behavior (MTSS-B). As a result, the following achievements were made:

Suspension Rates: Suspension rates decreased for the Local Education Agency (LEA) with the LEA continuing to score -0.8% and scoring in the green performance category on the California School Dashboard. There was a marked decrease in suspensions for Students with Disabilities. The performance color changed from Yellow to Green and suspensions declined significantly by -2.5 points. The “Two or More Races” group also decreased by -2.2 points and the performance color changed from Orange to Blue.

Expulsion Rates: Expulsion rates decreased from 0.08% to 0.03%.

Suspension and Expulsion Rates: Multi-Tiered Systems of Support for Behavior (MTSS-B) continue to support the decreases in both areas.

Graduation Rates: Graduation rates increased for the LEA from 92.5% to 93.7%. English Learners, Foster Youth, Homeless, Socioeconomically Disadvantaged, Students with Disabilities, African American, Asian, and Hispanic student groups demonstrated increases. The District continues to focus on tracking students through the California Longitudinal Pupil Achievement Data System (CALPADS) and commits to a student-centered focus by meeting with school site counselors and K-12 Intervention Counselors to ensure graduation criteria is met.

English Language Arts Academic Indicator: The LEA continues to improve in English language arts with the LEA’s performance color scoring from Yellow to Green and maintaining 2.1 points. The Foster Youth student group continues to significantly increase by 33.4 points. Additionally, there was an increase in the Asian student group with the performance color scoring from Green to Blue and increasing 5 points. The Two or More Races group increased 6.5 points and remained in the Blue performance color.

Mathematics Indicator: In the area of mathematics, there were six (6) student groups who showed increases in the area of mathematics: English Learners increased by 3.7 points; Homeless increased by 3.4 points; Asian increased by 5.9 points; Filipino increased by 3.6 points; Two or More Races increased by 5.2 points; and White by 2.7 points.

Personalized Learning experiences for Foster Youth: These were made possible through the individualized attention of a school counselor who was solely dedicated to Foster Youth and free tutoring offered to the students.

The District continues to focus on professional development in the areas of English language arts and mathematics to support growth for all students.

“Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

CVUSD did not have any state or local indicators of overall performance in either “orange” or “red” for this section.

An area for continuous improvement will be to strengthen the Multi-tiered Systems of Support for Academics (MTSS-A) at all grade levels with a specific focus on English-Language Arts and mathematics. This will be accomplished through a Professional Learning Communities framework in which collaborative teams of teachers work to achieve a shared understanding of student outcomes, build a results-oriented focus, provide differentiated instruction, and make instructional adjustments based on students’ individual needs, and commit to a cycle of continuous improvement.

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

The following state indicators have student groups two or more levels below the “all student” performance.

Academic Indicator for English Language Arts

Red Performance Category: Students with Disabilities

Orange Performance Category: Socio-Economically Disadvantaged, English Learners, Hispanic/Latino, Homeless, and African American

Academic Indicator of Math

Red Performance Category: Student with Disabilities

To address the gap with the Academic Indicator of English Language Arts and mathematics, the following actions are included:

LCAP Goal 1:

- | | |
|-----------|--|
| Action 5 | Refine current instructional materials to ensure standards alignment |
| Action 7 | Deepen staff’s implementation of Professional Learning Communities (PLC) to focus on the mastery of learning on the essential grade level/content standards and provide other relevant professional development for staff to differentiate students’ needs |
| Action 19 | Provide supplemental common core aligned materials and training to new K-12 Moderate/Severe Programs Action |
| Action 21 | Training for all Special Education teachers and related service providers of the essential standards and alignment to goals and services |

Action 24 Provide professional development to all teachers and administrators for evidenced based best practices for all learners

LCAP Goal 3:

Action 2 Provide instructional intervention materials for MTSS-A

Action 3 Provide intervention teachers at the elementary schools to bridge academic achievement gaps

Action 4 Continue intervention counselors for junior high schools to support students in meeting academic goals

Suspension Rate Indicator

Orange Performance Category: Foster Youth and Pacific Islander/Native Hawaiian

To address the gap in suspension, there will be a continued effort in providing professional development to school site administrators on “Other Means of Correction” (LCAP Goal 2, Action 4); fostering a positive school climate through the deeper implementation of Positive Behavioral Interventions and Supports (PBIS)(LCAP Goal 2, Action 14); and providing interventions by maintaining five (5) Behavior Intervention Counselors for Educationally Related Mental Health Services (LCAP Goal 2, Action 37). Additionally, the foster youth counselor will continue to provide academic and counseling support through regular check-ins with foster youth students (LCAP Goal 2, Action 36).

Chronic Absenteeism Indicator

Red Performance Category: African American

To address the gap in chronic absenteeism there will be a continued effort in providing Saturday Day School to improve student connectedness with school (LCAP Goal 2, Action 8), and monitor students with students with chronic absenteeism and work with families to ensure their attendance improves (LCAP Goal 2, Action 12).

College and Career Indicator

Red Performance Category: Students with Disabilities

To address the gap in college and career there will be a continued effort to maintain California College Guidance Initiative (CCGI) to give students and parents access to “a-g” information and application process for post-secondary institutions (LCAP Goal 3, Action 14); provide secondary administrators and counselors training in tools to monitor UC/CSU eligibility (LCAP Goal 3, Action 18); and monitor on-track “a-g” progress bi-annually using the UC Eligibility Report and CSU Eligibility Report in AERIES SIS.

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts.

Schools Identified

Identify the schools within the LEA that have been identified for CSI.

Chino Valley Unified School District (CVUSD) has three schools identified for Comprehensive Support and Improvement (CSI):

1. Boys Republic High School
2. Buena Vista High School

3. Chino Valley Learning Academy.

Support for Identified Schools

Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Chino Valley Unified School District (CVUSD) supported the identified schools in developing CSI plans that included a school-level needs assessments, research and evidence-based intervention strategies, as well as identifying resource expenditure inequities, by meeting with the administration of the identified CSI schools, individually and collectively, to explain the CSI status and identify areas with the greatest need for improvement in order to best support students and close achievement gaps.

A needs assessment was conducted at each site, which included reviews and evaluations of:

- Each site's performance on local and state indicators to determine student levels of performance;
- The Tiered Fidelity Inventory (TFI) to identify the extent to which school personnel are applying the core features of the Multi-Tiered System of Supports (MTSS) implemented at the school sites;
- Feedback from parents, staff, and students, on the district K12 Insight Survey, providing quantifiable data regarding culture and climate;
- Teacher assignments when compared with student socio-economic status (SES) data;
- Each site's current School Plan for Student Achievement (SPSA) and expenditures; and
- Teacher assignment and credentials.

An analysis of the data gathered from these assessment reviews and evaluations by each site administration and school site councils provided a means to determine the root causes of the scores and identify the next steps to be taken to address specific areas of needed improvement. Revisions are currently being made for the 2019-2020 school year that meet CSI / ATSI (Additional Targeted Support and Improvement) requirements.

CVUSD will continue to collaborate and guide sites with a focus on strengthening and building teacher capacity in the identified areas by:

- Developing of an action-driven inquiry cycle;
- Allocating an increase in resources to target site-specific trainings;
- Providing research and evidence based professional development to support lesson development with rigor and relevance in all content areas through: continued training and implementation of Professional Learning Communities (PLCs); continued training and implementation of Universal Design for Learners (UDL); continued training and implementation of Differentiated Instruction; teacher training in math standards and Next Generation Science Standards (NGSS); and continued training and implementation of Positive Behavior Intervention Systems (PBIS) Social – Emotional learning to increase student engagement and connectedness;
- Embedding systemic feedback using collective data and the collaborative rubric process to set goals and reflect regularly on progress; and

Attending to and correcting inequities in teacher misassignments, through either reassigning or building teacher competency and capacity through providing a local induction program.

Monitoring and Evaluating Effectiveness

Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

CVUSD will monitor and evaluate the impact and effectiveness of the CSI plan to support school improvement by comparing qualitative and quantitative data from 18-19 school year formative and summative assessments and inventories to 19-20 school year formative and summative assessments and inventories, including, but not limited to:

Site walk-throughs as part of the continuous review;

End-of-year state and local assessment data;

Attendance and graduation rate increase of at least 5%;

Credit completion rates increase of 5%;

Decrease of 5% on suspension rates associated with drug/alcohol use;

TFI and District K12 Insight Survey;

Teacher assignments relative to student SES; and

California Dashboard Data will also be utilized.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal

CVUSD made progress in implementing most actions and services identified in LCAP Goal 1. Due to challenges in negotiating a new technology job description for the technology section, the new technology positions did not materialize. Based on stakeholder input, more technology support for the schools remains a high need. Additionally, the majority of "modified" actions/services were due to changes in the fiscal apportionment for those actions/services.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Most aspects of the goal which include the expected annual measurable outcomes were met. The actions and services were well planned and demonstrated high achievement of LCAP Goal 1 as follows:

- No teaching misassignments reported in the core academic areas due to the recruitment efforts of hiring high quality staff in a timely manner;
- Textbooks in English language arts and Advanced Placement (AP) courses have been purchased to support standards-based instruction and AP courses;

- Current instructional materials have been analyzed by curriculum committees to ensure standards are aligned to support a clear focus for student learning;
- Implementation of district-wide professional development through Professional Learning Communities (PLCs) was effective; staff responded with the highest rating of 4 out of 4 regarding comfort level with elements of PLCs and a 3 out of 4 in developing common formative assessments to improve student outcomes;
- A concerted effort in providing a quality learning environment yielded 100% of our schools obtaining a good or higher rating on the Facility Inspection Tool (FIT) report;
- Teaching staff having access to up to date technological equipment to advance instruction; and
- Due to systematic efforts with universal screening at the 2nd grade level, 277 (15.2%) students were identified to receive Gifted and Talented Education services, which is an increase of 3.6% from the previous year.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The estimated actual expenditures were in line with most of the budgeted expenditures. There was a material difference of \$199,246.00 in the projection and the expended budget due to the new technology positions not being materialized this school year.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

For the 2019-2020 school year, the following changes will be made to LCAP Goal 1:

Actions 3 and 4: Completed and will not continue in LCAP in the next school year.

Action 5: Decrease budget for the refinement of current instructional materials from \$200K to \$100K as current instructional materials have been analyzed to ensure standards alignment; however, alignment processes will continue districtwide.

Action 6: Increase budget for supplemental materials from \$165K to \$200K to align NGSS for elementary and History/Social Science for secondary.

Action 7: Increase budget from \$500K to 1.45 million for District Professional Development (new funds from grant) to deepen staff's implementation of Professional Learning Communities (PLC) to focus on the mastery of learning on the essential grade level/content standards and provide professional development for staff to differentiate for students' needs.

Action 16: Completed and will not continue in LCAP in the next school year.

New Actions/Services for LCAP include:

- Action 18: Adopt Transitional Kindergarten materials to support and improve students' knowledge, abilities, and skills to meet the interest of the individual learners from various skills levels.
- Action 19: Provide supplemental common core aligned materials and training to new K-12 Moderate/Severe Programs to ensure standards-based lessons are being provided.
- Action 20: Teacher Support (New Teacher Induction) to integrate new staff into the teaching and learning arena as teacher qualification is tied to student achievement
- Action 21: Training for all Special Education Teachers and related service providers of the essential standards and alignment to goals and services.
- Action 22: Maintain two Behavior Intervention Specialists and six Behavior Aides to support student success.
- Action 23: Expand preschool inclusion programs according to student needs which benefit both special education and general education students.
- Action 24: Provide professional development to all teachers and administrators for evidenced based practices for all learners.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

All actions and services outlined in LCAP goal 2 were implemented.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Most aspects of the goal which include the expected annual measurable outcomes were met for LCAP Goal 2.

There has been a continued District-wide effort in promoting parent and student engagement with over 16,000 voices heard and the results and the 2018-19 K-12 Insight Survey results are as follows:

- 93% of participating parents strongly agree/agree that families are encouraged to attend school-sponsored activities; and
- 84% of participating students strongly agree/agree there is a teacher, counselor, or other staff member to whom they can go for help with a school problem.

Even with the strong results, the District will continue to inform parents and families of District programs and services to strengthen and support engagement and student learning.

In addition to parent engagement, the District's Multi-Tiered Systems of Support for Behavior (MTSS-B)-PBIS and professional development yielded great progress in LCAP Goal 2. Tier 1 prevention services have begun to reflect in an overall decrease of "at-risk" students in elementary through junior high schools. In addition, the District's:

- Attendance rates continue to surpass the State's attendance rate. According the P2 state report CVUSD is at 96.37% as of March 22, 2019. State attendance for 2017-18 is 94.69%;
- HOPE Center provided Life Skills and necessities to over 2,000 unduplicated students/families h (e.g. clothing, hygiene products, school supplies);
- Suspension rates for the LEA and unduplicated populations decreased; the 2018 Dashboard Suspension Rate Performance Color remains Green and declined by 0.8%; and
- Expulsion rates for the LEA and unduplicated populations decreased; student expulsion rate for the 2017-18 school year decreased from 0.08% to 0.03%.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

There was no material difference between the budgeted and estimated actual expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

For the 2019-20 school year, the following changes will be made to LCAP goal 2:

The majority of “modified” actions/services was due to changes in the fiscal apportionment for those actions/services.

Action 3: Provide Intervention Counselors for grades K-8 to support Multi-Tiered Systems of Support for Behavior (MTSS-B); add K-12 intervention counselor and maintain intervention counselors.

Action 31: Provide classified bilingual clerks for schools whose non-English designated language is greater than 14% [Hidden Trails ES; Wickman ES] to ensure an increase in parent communication and school engagement with regards to school programs, policies, and practices. (modified language)

Action 37: Maintain five Behavior Intervention Counselors for Educationally Related Mental Health Services (ERMHS).

Action 38: Provide crisis response training to all secondary staff.

Goal 3

All students are prepared for college and career beyond graduation.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

CVUSD implemented all actions and services identified in LCAP Goal 3 and most aspects of the goal which include the expected annual measurable outcomes were met.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

2018 CAASPP data revealed the following:

- Overall increase in CAASPP cohort data in both English Language Arts (ELA) and Math achievement. Math scaled scores for grade 8 improved;
- A higher increase in scaled scores at the elementary: 3 grade cohorts increased in Concepts and Procedures (grades 5-6, grades 6-7, and grades 7-8); and math continues to be a focus;
- ELA scaled scores reflect increases for grades 3 through 7;
- Reading and writing displayed strengths across the District; and
- English learners scored 74.6% in Level 4 – Well Developed & Level 3 – Moderately Developed Reclassification rate compared to the State score of 65.2%.

Implications:

- The LCAP Goal 3 actions and services contributed to the District's overall academic growth;
- Staff development for Integrated ELD has significantly contributed to improvements made by our English learners as evidenced by the District's ELPAC scores; and
- Continued services outlined in Goal 3.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

There was no material difference between the budgeted and estimated actual expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

The majority of "modified" actions/services were due to changes in the fiscal apportionment for those actions/services. Additionally, the following changes for the 2019-20 school year will be made to LCAP Goal 3:

Metric 2: No longer valid because CAASPP results for grade 11 is included with grades 3-8. As a result, Metric 2 is combined with Metric 1 during the 2018-19 school year

Metric 7: New Metric 7 for College and Career Indicator replaces Metric 2 to measure actions/services under former Metric 2.

Action 2: Decrease budget for intervention materials from \$250K to \$100K. A bulk of intervention materials have been purchased in the 2018-2019 school year; however, continued support for intervention materials are needed to support unduplicated populations.

Action 11: This action/service is embedded in Goal 2/Action 3 in 2019-20.

Action 22: HS AVID Programs will continue to be supported through LCFF supplemental. College and Career Grant is removed.

Action 24: Language is modified from “expand” to “maintain” dual enrollment programs to Chino and Chino Hills HS

Action 27: Completed and will not continue in LCAP in the next school year.

Action 30: Completed and will not continue in LCAP in the next school year as the counselors have received professional development training for College and Career Readiness.

Stakeholder Engagement

LCAP Year: 2019–20

Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

Chino Valley Unified School District is committed to meaningful stakeholder engagement in developing and gaining input on the Local Control Accountability Plan (LCAP). More than 17,118 stakeholders including: students, parents, families, community members, principals, assistant principals, District administration, Superintendent’s Cabinet, Board of Education, A.C.T. and CSEA (bargaining units); and DELAC and LCAP Advisory Committee (comprised of representatives for foster youth, low income, and English learners) were engaged in the process. The purpose of the stakeholder meetings was to review the progress of the actions/services implemented in the present year with an emphasis on sharing data related to the goals and gathering input for the development of the LCAP for the 2019-2020 school year. As such, a variety of meetings and activities were planned to involve all stakeholders in the LCAP process:

(Select from New Goal, Modified Goal, or Unchanged Goal)

[Add selection here]

Goal 1

All students are provided a high-quality teaching and learning environment

State and/or Local Priorities addressed by this goal:

State Priorities: 1, 2, 7

Local Priorities: 21st century learning tools

Identified Need:

1. With the growing shortage of teachers, it is imperative to continue to recruit and retain high qualified credentialed teachers.
2. Core instructional materials are prerequisites for learning.
3. The common core state standards and the newly acquired textbooks require support for teachers through the targeted professional development and coaching.
4. Stakeholder input suggests for an emphasis on a broad course of study for students.
5. Stakeholder input strongly suggests for the need to expand the district infrastructure and update technology tools.
6. Stakeholder input indicates the need to continue to update and maintain facilities so they are in good repair.

Goal 3

All students are prepared for college and career beyond graduation.

State and/or Local Priorities addressed by this goal:

State Priorities: 4, 8

Local Priorities:

Identified Need:

An analysis of the California School Dashboard indicates achievement gaps in English Language Arts and math in the performance of our unduplicated populations. Achievement gaps need to be systematically addressed through a multi-tiered system of support framework in academics and behavior to allow all students to demonstrate improved learning outcomes. This is evident in broader learning experiences will also allow under-represented students to have increased access to success in college and career pathways.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: 2017-2018

Estimated Supplemental and Concentration Grant Funds

Percentage to Increase or Improve Services

\$18,376,060.00

8.65%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

While Districtwide supplemental expenditures in the LCAP are available broadly, the actions and services are principally directed toward improving learning outcomes for the unduplicated populations (ELs, foster youth, and low income), and a high-quality learning environment is provided to all students concurrently. Upon the careful analysis of research, District data, and valued input from our stakeholders, spending supplemental funds for the actions and services outlined below were determined to be the most effective use of supplemental funds for the unduplicated populations.

Generally, students who are not within the unduplicated population, do not require these actions and services. Thus, these actions and services would not generally be provided to students who are not within the unduplicated population. Within each action and service below is an explanation for how the increased or improved service is directed principally toward helping unduplicated student populations achieve at greater levels to meet the goals of the District.

LCAP Goal 1: All students are provided a high-quality teaching and learning environment.

Action 2: An additional District teacher librarian to principally support the research skills needed for 21st Century Learning [Association of College and Research, 2017]

Action 8: Instructional coaches to increase and support teacher pedagogy and curricular development so achievement gaps can be bridged [National Reading Technical Assistance Center, 2010]

Action 10: Universal screening efforts and GATE enrichment opportunities allow for underrepresented students who may not have qualified through a traditional nomination process to qualify and receive differentiated instruction

Action 11: Music instruction through specialists facilitates language and brain development [Johnson, 2017]

Action 12: Additional certificated personnel and instructional materials support for CTE pathways

Action 13: Intensive support for students who are behaviorally at risk, so they can be more engaged to the academic and instructional program

Action 14: Offering subsidized transportation costs for students of need will improve students' ability to attend school

LCAP Goal 2: Students, parents, families, and staff are connected and engaged to their school to ensure student success.

Action 2, 3, and 23: Intervention counselors support students at-risk to improve academic, social, and emotional needs [Simmons-Reed & Cartledge, 2014]

Action 4: Behavioral intervention, curriculum, and training to support the emotional and behavioral needs of at-risk students

Action 5: Augment staff at Buena Vista Continuation High School (Unduplicated Population: 71%) to increase student connectedness and engagement at school

Action 7: Mental health services at Don Lugo High School to provide students access to immediate healthcare and emotional support to improve students' connectedness at school (Unduplicated Population: 68%)

Action 10 and 11: School nurses and school site health technicians provide access for healthcare which can ameliorate student absences [World Health Report]

Action 18: Student Support Services personnel are principally directed to support the academic achievement, attendance, positive behavior, and alternative academic program needs of English learners, low income students, and foster youth

Action 20: Child care at Buena Vista Continuation High School (Unduplicated Population: 71%) so high school parents can attend school [Clarkson, 2015]

Action 25: Parent, School, Community Specialist and classified personnel support to build parent and family capacity so they can be partners in Education

Action 26: School level trainings that are linked to students' learning and social emotional needs assist parents and families to be stronger partners in education

Action 27, 28 and 29: Increase parent involvement through District English learner Advisory Committee, School Site Council, and English learner Advisory Committee [Joyce Epstein's Framework for Parent Involvement]

Action 32: Parent forums to educate parents on issues that disengage students with school

Action 33: Health Services to coordinate the HOPE center that assists with low income families in meeting basic needs (i.e. food, clothing, CalWORKS assistance, housing information, health care) so students can attend school and to reduce absenteeism rates

Action 34: Early literacy parent outreach program to improve academic outcomes for unduplicated populations [Reading Partners, 2014]

Action 35: School Resource Officers provide support and increase safety at schools to promote a safe and orderly environment for unduplicated students Districtwide. According to Marzano, 2000, within a minimum level of safety and order, a school has little chance of positively affecting student Achievement

LCAP Goal 3: All students are prepared for college and career beyond graduation.

Action 1: Library and media services at the elementary and junior high schools allow unduplicated populations to have greater access to literacy mediums

Action 2, 3, 5, 11: Academic intervention material and instruction through intervention teachers support bridging achievement gaps for students who are significantly below grade level [Booth et al., 2013; Opuni, 2016; Roberts et al., 2016]

Action 4: Intervention counselors support students at-risk to improve academic, social, and emotional needs [Simmons-Reed & Cartledge, 2014]

Action 12: SAT school day program to promote higher education for unduplicated populations who may not traditionally get this exposure

Action 14: CCGI to give students and parents easy access to “ag” information and application process to secondary institutions

Action 15 and 16: Promote college awareness through college nights for underrepresented students

Action 21: Career centers at the high schools to promote easier access of college and career awareness

Action 26: Offer ROP classes on high school campuses to provide greater exposure to career technical classes

Action 27: Provide professional learning opportunities for AP teachers to increase their strategies in supporting underrepresented students in the AP courses

Action 28: Subsidize AP costs for students to remove barriers for participating in higher level courses and receiving college credit

Action 29: Increase AP course offerings to increase access to underrepresented students in AP courses

Action 30: Provide professional learning opportunities to counselors to increase college and career awareness and strategies for promoting equity and access for students

Additionally, the actions and services are targeted specifically for the unduplicated populations:

LCAP

Goal 2:

Action 6: Grant Program Specialist for supporting academic and social needs for homeless students

Action 16: Community Day School (Unduplicated Population 99%)

Action 19: Boys Republic School for foster youth

Action 30 and 31: Bilingual translation to improve communication so parents of unduplicated populations can be more connected to school

Action 36: Foster youth support and intake to ensure a smooth transition to school coupled with academic success

Goal 3:

Action 6 and 22: The expansion of AVID at Walnut Elementary School (Unduplicated Population: 90%), Townsend Junior High School (Unduplicated Population: 33%), and Woodcrest Junior High School (Unduplicated Population: 75%) and supporting AVID programs at the junior high and high schools to promote college readiness for students who may be the first to attend higher education [Conley, 2010]

Actions 7, 8, and 13: Tutoring services for homeless students and foster youth to bridge academic achievement gaps

Action 9, 10, and 31: Professional development on supporting the academic needs of English learners

Action 25: Counselor at the Alternative Education Center to promote student enrollment in an accelerated sequence of college preparatory classes that lead to higher education

Action 32: Daily ELD for 30/45 minutes [Marzano, 2003]

Action 33: Coordinator of Access and Equity to ensure that our unduplicated populations receive increased and improved services

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

Chino Valley Unified School District's Unduplicated Pupil Percentage projected for 2018-2019 is about 49%. There are supplemental expenditures in the LCAP that will be available broadly with the actions and services that are principally directed toward improving learning outcomes for the unduplicated populations (ELs, foster youth, and low income) while providing all students a high-quality learning environment. Additionally, supplemental funds will also be used to target specific actions and services for the unduplicated populations only.

The actions and services identified in the LCAP that are principally directed toward unduplicated student groups are noted below with an explanation for how the increased or improved service is directed principally toward helping unduplicated student populations achieve at greater levels to meet the goals of the District. Generally, students who are not within the unduplicated population, do not require these actions and services. Conversely, these actions and services generally would not be provided to students who are not within the unduplicated population.

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

Chino Valley Unified School District's Unduplicated Pupil Percentage projected for the 2019-20 school year is 49.9%. The LCAP supplemental funding will be expended on a district-wide basis as described in the LCAP. However, the funds are principally directed to support the needs of low income, foster youth and English learner pupils (unduplicated count) to provide increased/improved actions and services that would result in improved academic outcomes for these students while providing all students a high-quality learning

environment. Additionally, supplemental funds will also be used to target specific actions and services for the unduplicated populations only.

Generally, students who are not within the unduplicated population do not require these actions and services. Thus, these actions and services would not commonly be provided to students who are not within the unduplicated population. Within each action and service below is an explanation for how the increased or improved service is principally directed toward helping unduplicated student populations achieve at greater levels to meet the goals of the District.
