Every Student has a Story

We know that everyone has a story that plays a part in shaping who they are today. We believe that student success depends upon our commitment to connect students with their campus, their classmates, and supportive adults.

At Cal Aero we strive to get to know our students and make connections. We know that strong relationships with school staff can dramatically enhance student motivation and therefore promote learning. Students are more academically engaged, have stronger social skills, and experience more positive feelings about themselves when they feel connected.

Cal Aero Preserve Academy Junior High

LW Time Sensitive: Required 6th Grade Student Vaccinations Prior to 7th Grade for 2023/24 School Year!

Laurie Warner • 3 days ago • Friday, Jul 28 at 1:50 PM • Cal Aero Preserve Academy Junior High, Incoming

Attention NEW 7th Grade Parents,

All students entering 7th grade need to have a "Whooping Cough" (Tdap/Pertussis) and Varicella 1 and 2 vaccine booster. You will need to provide to the school office a stamped California Immunization Record (yellow) card as proof of the Tdap booster vaccine (Adacel or Boostrix).

California has enacted law (AB 354) which requires public and private school students to be immunized against whooping cough as follows:

- Students entering 7th grade need to show proof of a Tdap (Tetanus, diphtheria, acellular pertussis) and Varicella 1 and 2 booster shot before starting school.
- 7th Grade students will not be able to attend school or receive a class schedule without showing proof of the Tdap/Pertussis booster vaccine and Varicella 1 and 2.
- This requirement can be met by receiving one dose of Tdap vaccine on or after the 7th birthday.
