Assistant Principal

January 18, 2022

Dear Eagle Canyon Parents and Guardians,

Our site has received its allotment of At-Home COVID-19 antigen test kits provided through the California Department of Public Health (CDPH). This one-time distribution provides an added layer of protection to mitigate an outbreak among students and staff amid the COVID-19 pandemic.

One kit, complete with two antigen COVID-19 tests, has been provided for each student enrolled at our school site to receive. Parents and guardians are invited to use the kit at their discretion to screen for the presence of the COVID-19 virus in their student. Please be advised that testing is not mandatory.

Test kits will be sent home with students on **Thursday, January 20, 2022**. Students who are absent will receive their test kit when they return to their classroom. If you would like to decline receiving your student's optional test kit, please complete the opt-out form attached to this communication and return the completed form to the front office.

The District has also confirmed that students isolating at home can return to campus after providing their At-Home COVID-19 antigen test result and have met isolation guidance provided by CDPH. The Positive COVID-19 Student Attestation Form to confirm test results is available on the district website under the FORMS tab on the COVID-19 UPDATES webpage. Completed forms can be returned to our front office upon your student's return to school.

If a positive test result is received, please immediately notify our school administrative office. Additional testing options can be found on the district website at <https://www.chino.k12.ca.us/Page/48603>.

Thank you for remaining a collaborative partner in providing a safe and healthy environment for all our Golden Eagles. I can't express how much your continued cooperation and support are appreciated.

Sincerely,

A handwritten signature in black ink that reads "Barbara Bearden".

Barbara Bearden
