Superintendent Enfield said the District has no intention of cutting the music program at Magnolia JHS; addressed Mr. Na regarding students going out for quarantine during COVID on short term independent study; said CIIS will continue to work with school sites to provide support for students in need as they go out due to COVID related absences; spoke about the issue on mental health and said the District is going over priorities and will continue to work with students throughout the process to identify which resources are needed at each school site through student feedback; and said that mental health support is not a case of simply walking in and requesting it.
