SUBJECT: DELETION OF BOARD POLICY 5020.1—PARENTAL NOTIFICATION

BACKGROUND

Board policies, administrative regulations, and Bylaws of the Board are routinely developed, revised, or deleted as a result of changes in law, mandates, and federal regulations, or as necessary.

Language to be deleted is lined through.

RECOMMENDATION

It is recommended the Board of Education delete Board Policy 5020.1—Parental Notification.

FISCAL IMPACT

None.
PARENTAL NOTIFICATION

The Chino Valley Unified School District Board of Education strives to foster trust between the District and parent(s)/guardian(s) of its students. To that end, the Board supports the fundamental rights of parent(s)/guardian(s) to direct the care and upbringing of their children, including the right to be informed of and involved in all aspects of their child’s education to promote the best outcomes.

It is the intent of Chino Valley Unified School District in enacting this parental notification policy to do all of the following:

- Provide procedures designed to maintain and, in some cases, restore, trust between school districts and parent(s)/guardian(s) of pupils.

- Bring parent(s)/guardian(s) into the decision-making process for mental health and social-emotional issues of their children at the earliest possible time in order to prevent or reduce potential instances of self-harm.

- Promote communication and positive relationships with parent(s)/guardian(s) of pupils that promote the best outcomes for pupils’ academic and social-emotional success.

It is the policy of the Chino Valley Unified School District that District employees, administrators and certificated staff collaborate with parent(s)/guardian(s) in evaluating the needs of students having academic, attendance, social, emotional, or behavioral difficulties and in identifying strategies and programs that may assist such students in maximizing their potential.

This parental notification policy requires the following:

1. Principal/designee, certificated staff, and school counselors, shall notify the parent(s)/guardian(s), in writing, within three days from the date any District employee, administrator, or certificated staff, becomes aware that a student is:
   
   (a) Requesting to be identified or treated, as a gender (as defined in Education Code Section 210.7) other than the student’s biological sex or gender listed on the student’s birth certificate or any other official records. This includes any request by the student to use a name that differs from their legal name (other than a commonly recognized diminutive of the child’s legal name) or to use pronouns that do not align with the student’s biological sex or gender listed on the student’s birth certificate or other official records.
(b) Accessing sex-segregated school programs and activities, including athletic teams and competitions, or using bathroom or changing facilities that do not align with the student’s biological sex or gender listed on the birth certificate or other official records.

(c) Requesting to change any information contained in the student’s official or unofficial records.

2. The principal/designee, or staff shall notify the parent(s)/guardian(s) of the student immediately or as soon as reasonably possible, that the student has experienced any significant physical injury while on school property or participating in a school sponsored activity.

3. All District employees shall take every student’s statement regarding suicidal intent seriously.

(a) Whenever an employee, administrator or certificated staff member suspects or has knowledge of a student’s suicidal intentions based on the student’s verbalizations or act of self-harm, the employee, administrator or staff member shall promptly notify the principal or school counselor, who shall implement District’s intervention protocols, as appropriate, and shall notify the parent(s)/guardian(s) immediately, or as soon as reasonably possible.

(b) When a suicide attempt or threat is known, the principal or designee shall ensure student safety by taking the following actions:

(I) Immediately secure medical treatment and/or mental health services as necessary;

(II) Keep the student under continuous adult supervision until the parent/guardian and/or appropriate support agent or agency can be contacted and has the opportunity to intervene;

(III) Notify law enforcement and/or other emergency assistance if a suicidal act is being actively threatened and remove other students from the area in the event of an active suicidal act.

(c) The principal or designee shall document the incident in writing, including the steps that the school took in response to the suicide attempt or threat.
PARENTAL NOTIFICATION (cont.)

(d) School employees shall act only within the authorization and scope of their credential or license. An employee is not authorized to diagnose or treat mental illness unless specifically licensed and employed to do so. (Education Code 215).

4. The principal/designee or certificated staff shall notify the parent(s)/guardian(s) of any incident or complaint of a verbal or physical altercation involving their child, including bullying by or against their child, within three days of the occurrence. Any student, parent/guardian, or other individual who believes that a student has been subjected to bullying or who has witnessed bullying may report the incident to a teacher, the principal, District compliance officer, or any other available school employee.

Any complaint of bullying, whether it is discriminatory or nondiscriminatory, shall be investigated and resolved in accordance with law and the District's uniform complaint procedures (UCP) specified in administrative regulation (AR) 1312.3.

5. Unless otherwise specified, the notification required in sections 1 through 4 above, can be by telephone, mail, email or conference. The District employees who make such notification shall either keep a record of such notification (if written) or document such notification (if verbal) and place the record or documentation in the student's official student information system.

6. For purposes of this Board policy, Family Code Section 6924, Health and Safety Code Section 124260, and Education Code Section 49602(C), inclusion of parent(s)/guardian(s) is appropriate unless specifically prohibited by law. Nothing in this policy affects the obligations of the District's employees, administrators, and certificated staff as mandated reporters under Article 2.5 of the Child Abuse and Neglect Reporting Act Sections 11164-11174.3 of the Penal Code, and the District Policy 5141 and Administrative Regulations 5141.4(a)).

BACKGROUND

The Board of Education has established policies and standards of behavior in order to promote learning and protect the safety and well-being of all students. When these policies and standards are violated, it may be necessary to suspend or expel a student from regular classroom instruction.

Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature, expulsion is used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student’s presence causes a continuing danger to him/herself or others.

A student may be expelled only by the Board of Education. The Board shall expel, as required by law, any student found to have committed certain offenses listed in Education Code 48915.

Approval of this item supports the goals identified within the District’s Strategic Plan.

RECOMMENDATION

Based upon the recommendation of the Expulsion Hearing Administrative Panel, it is recommended the Board of Education approve student expulsion cases 23/24-57 and 23/24-62.

FISCAL IMPACT

None.

SUBJECT: SCHOOL-SPONSORED TRIPS

BACKGROUND

The Board of Education recognizes that school-sponsored trips are an important component of a student’s development and supplement and enrich the classroom learning experience. School-sponsored trips may be conducted in connection with the District’s course of study or school related social, educational, cultural, athletic, school band activities, or other extracurricular or cocurricular activities. Resources will be identified and established at the school site to assist economically disadvantaged students in obtaining funding for field trips and, in some cases, student travel. School sponsored trips that require overnight stay or are in excess of 250 miles (one way) require board approval.

Approval of this item supports the goals identified within the District’s Strategic Plan.

RECOMMENDATION

It is recommended the Board of Education approve/ratify the following school-sponsored trips for:

SUBJECT: CHINO VALLEY LEARNING ACADEMY STUDENT ATTENDANCE CALENDARS FOR THE 2024/2025 AND 2025/2026 SCHOOL YEARS

=================================================================================================================================================================================

BACKGROUND

The Student Attendance Calendar is adopted sufficiently in advance of the new school year in order to provide educational partners with ample time to provide input and conduct advance planning for the coming year. The Student Attendance Calendar is not intended to constitute the employee work year calendar, which will be negotiated to the extent required by law.

Effective the 2024/2025 school year, Chino Valley Learning Academy (CVLA) will adopt the traditional student attendance calendar, reflecting 180 school days. This will replace the previously Board adopted school calendars for the 2024/2025 and 2025/2026 school years only. This item was presented to the Board of Education on February 15, 2024 as information.

Approval of this item supports the goals identified within the District’s Strategic Plan.

RECOMMENDATION

It is recommended the Board of Education approve the Chino Valley Learning Academy student attendance calendars for the 2024/2025 and 2025/2026 school years.

FISCAL IMPACT

None.

### Notes
- First Day of School
- Last Day of School
- Legal Holiday
- School Closed
BACKGROUND

To provide current standards-aligned instructional materials to the students in the Chino Valley Unified School District, as mandated by the state of California, the programs specified below are proposed for adoption.

The selection process for these materials involved representative teachers with a vested interest in the materials. The Office of Curriculum and Instruction secured samples of the materials and distributed them to teachers and students for piloting purposes. The materials were evaluated using the following criteria: quality of match to course and California standards, quality of lesson design, quality of teacher materials, provision for universal access, and overall quality of the materials. This item was presented to the Board on February 15, 2024, as information.

All recommended instructional materials shall be available for public inspection at the District Samuel R. Burton Professional Development and Media Center from February 16, 2024, through March 7, 2024.

The textbooks were presented to the Coordinating Curriculum Councils and A.C.T. has been consulted.

Approval of this item supports the goals identified within the District’s Strategic Plan.

RECOMMENDATION

It is recommended that the Board of Education adopt the following instructional materials for the textbook adoption for advanced placement courses:
AP Biology

AP Environmental Science

AP English 12

BACKGROUND

On May 9, 2013, the Board of Education adopted Resolution 2012/2013-71, Adoption of California Uniform Public Construction Cost Accounting Act (CUPCCAA). Per Public Contract Code 22030, the adoption of CUPCCAA allows the use of alternate bidding procedures for projects under $175,000.00, while still ensuring the District receives the lowest pricing possible from responsible vendors and contractors. Utilizing CUPCCAA, the District has completed the projects listed below.

SUBJECT:   RESOLUTION 2023/2024-43, EMERGENCY REQUEST TO
            SAN BERNARDINO COUNTY SUPERINTENDENT OF SCHOOLS
            FOR AUTHORIZATION TO AWARD A CONTRACT WITHOUT
            BIDDING AND ADVERTISING FOR ELECTRICAL SYSTEM
            REPAIRS AT TOWNSEND JHS

===================================================================

BACKGROUND

On February 20, 2024, there was a power failure at Townsend JHS. CVUSD’s
Maintenance Department electricians were dispatched to the school site to assess the
issue and found that the 2000-amp 277/480-volt breaker had tripped. Because of the high-
voltage nature of this electrical failure, CVUSD contacted a high-voltage electrical
contractor to assess the situation.

Because of this failure, the nature of the repairs, and the need for electricity to operate the
school, it was necessary to bring in an emergency generator to power the school and
perform emergency repair work without advertising or inviting bids.

Public Contract Code 20113 relieves the Board of Education from bidding requirements
when, in an emergency, any repair, alteration, work, or improvement is necessary to permit
the continuance of existing school classes or to avoid danger to life or property. The Board
must vote unanimously to request approval of the San Bernardino County Superintendent
of Schools.

Approval of this item supports the goals identified within the District’s Strategic Plan.

RECOMMENDATION

It is recommended the Board of Education adopt Resolution 2023/2024-43,
Emergency Request to San Bernardino County Superintendent of Schools for Authorization
to Award a Contract without Bidding and Advertising for Electrical System Repairs at
Townsend JHS.
FISCAL IMPACT

$312,815.00 to General Fund 01.

NE:GS:MS:KC:cb
WHEREAS, the California Education Code Section 20113 relieves the governing boards of school districts from bidding requirements when, in an emergency, repairs, alterations, work, or improvement are necessary to permit the continuance of existing classes or to avoid danger to life and property;

WHEREAS, on February 20, 2024, there was a power failure at Townsend Junior High School which disrupted the ongoing operations of the school;

WHEREAS, the District’s staff could not make repairs to the high-voltage electrical system, and a high-voltage electrical contractor was called in to make the repairs;

WHEREAS, the normal bidding process would delay and further affect normal school-wide operations and the safety of students and school staff members;

WHEREAS, immediate repairs, alterations, work, or improvements were necessary to permit the safe continuance of existing school classes;

WHEREAS, the District does not have sufficient time to follow the normal advertising and bidding process.

THEREFORE, BE IT RESOLVED that the Board of Education of the Chino Valley Unified School District declares that an emergency condition exists at Townsend Junior High School.

IT IS RESOLVED FURTHER that the Administration of the Chino Valley Unified School District is authorized to request relief from the bidding requirements from the San Bernardino County Superintendent of Schools.

IT IS RESOLVED FURTHER that the Superintendent or his designee is authorized to sign all related documents.

APPROVED, PASSED, AND ADOPTED by the Board of Education of the Chino Valley Unified School District this 7th day of March 2024, by the following vote:

Undergraduate Education (Majors/Minors) Field Experience Definitions, Limitations, and Specific Supervision Requirements

Definitions:

A. “Undergraduate Field Experience” as used herein and elsewhere in this agreement means observation of classrooms/school activities as well as participation in the classroom under the direct supervision of employees of the DISTRICT who hold valid credentials issued by the California Commission on Teacher Credentialing, authorizing them to serve as classroom teachers, pupil personnel services providers, and/or administrators in the schools or classes in which the field experience is provided.

Limitations:

A. Unlike students in the UNIVERSITY’S Teacher Education, School Counseling, or School Psychology credential programs (undergraduate or graduate), undergraduate field experience is not used by the student for credit as hours toward credentialing by the California Commission on Teacher Credentialing.

B. Unlike the UNIVERSITY’S credential programs (undergraduate or graduate), under no circumstances is the student eligible for pay from the district for undergraduate field experiences.

C. Unlike the UNIVERSITY’S credential programs (undergraduate or graduate), under no circumstances is the DISTRICT employee renumerated for supervising undergraduate field experiences.

D. The number of hours of field experience required by the UNIVERSITY’S undergraduate courses may vary depending on the course and assignment to be completed during the field experience. However, the maximum number of hours spent in a DISTRICT setting for any one UNIVERSITY course’s assignments is 60 hours per 16-week semester.

E. UNIVERSITY undergraduate education students who possess substitute permits from the California Commission on Teacher Credentialing may not use hours spent in substitute employment as field experience hours.

Specific Supervision Requirements:

A. UNIVERSITY undergraduate education students engaged in field experience activities with DISTRICT Students must be supervised at all times by a DISTRICT employee with the professional credentials as described in Definitions, A, above.
Appendix B

Teacher Education Programs Supervised Fieldwork Definitions, Responsibilities, and Requirements

Please check credential area(s) in which DISTRICT placements may be made:

- ✔ Multiple Subject Preliminary Credential
- ✔ Single Subject Preliminary Credential
- ✔ Education Specialist Preliminary Credential

Definitions:

A. "Supervised Fieldwork" for Teacher Education courses (undergraduate or graduate) as used herein and elsewhere in this agreement means participation in the duties and function of classroom teaching under the direct supervision and instruction of employees of the DISTRICT who hold valid teaching credentials issued by the California Commission on Teacher Credentialing, authorizing them to serve as classroom teachers in the schools or classes in which the supervised fieldwork experience is provided, and have completed a minimum of three years successful teaching experience. Supervised fieldwork activities may include observation of classrooms/school activities as well as assisting the classroom teacher with instruction and/or teaching on a limited basis in the DISTRICT employee’s classroom. The maximum number of supervised fieldwork hours spent in a DISTRICT setting for any one UNIVERSITY course’s assignments is 60 hours per 16-week semester. Time spent in Teacher Education Program supervised fieldwork experiences are used by the credential candidate for credit as hours toward credentialing by the California Commission on Teacher Credentialing.

B. "Student Teaching" (undergraduate or graduate) as used herein and elsewhere in this agreement means participation in the duties and function of classroom teaching under the direct supervision and instruction of employees of the DISTRICT who hold valid, teaching credentials issued by the California Commission on Teacher Credentialing, authorizing them to serve as classroom teachers in the schools or classes in which the student teaching experience is provided, and have completed a minimum of three years successful teaching experience. Teacher Education credential candidates engaged in two distinct student teaching placements, such as may be required joint or dual credential programs, may be referred to as Teacher Residents rather than Student Teachers; however, identification as a Teacher Resident does not alter in any way the duration of each individual student teaching placement nor the requirements below. Unlike supervised fieldwork, student teaching activities include the credential candidate teaching extensively in the DISTRICT employee’s classroom for 400 or more hours per session of student teaching (see below). Time spent in Teacher Education program student teaching experiences by the credential candidate are used for credit as hours toward credentialing by the California Commission on Teacher Credentialing.
C. "Session of Student Teaching" as used herein and elsewhere in this agreement is defined as follows:
   a. For Multiple Subject credential candidates, a full day of student teaching daily for five (5) days a week for a minimum of sixteen (16) weeks.
   b. For Single Subject credential candidates, three periods a day for five (5) days a week (or the equivalent if the school utilizes a block schedule) for a minimum of sixteen (16) weeks.
   c. For Education Specialist (Special Education) credential candidates, a full day of student teaching daily for five (5) days a week for a minimum of sixteen (16) weeks in elementary school settings and/or three periods a day for five (5) days a week (or the equivalent if the school utilizes a block schedule) for a minimum of sixteen (16) weeks for secondary school settings.
   d. For Joint Multiple Subject and Education Specialist (Special Education) credential candidates:
      i. A full day of student teaching daily for five (5) days a week for a minimum of sixteen (16) and a maximum of twenty (20) weeks for the multiple subject credential, and
      ii. A full day of student teaching daily for five (5) days a week for a minimum of sixteen (16) and a maximum of twenty (20) weeks in elementary school settings and/or three periods a day for five (5) days a week (or the equivalent if the school utilizes a block schedule) for a minimum of sixteen (16) and a maximum of twenty (20) weeks for secondary school settings for the Education Specialist credential.

Responsibilities:

A. The DISTRICT will provide suitable experience situations as prescribed by the PROGRAM curriculum and objectives to be provided by the UNIVERSITY.

B. The DISTRICT will designate appropriate personnel to coordinate and supervise the student’s learning experience in the PROGRAM. This will involve planning between responsible UNIVERSITY employees and designated DISTRICT personnel for the assignment of students to specific cases and experiences, including selected conferences, work experiences, courses, and programs conducted under the aegis of the DISTRICT.

C. The DISTRICT shall provide all equipment and supplies needed for the credential candidate’s instruction at the DISTRICT in the same manner as would be provided to a DISTRICT employee. Such equipment and supplies will be subject to their availability.

D. The DISTRICT will designate and submit in writing to the UNIVERSITY the name and academic credentials of the Mentor Teacher(s) to which the credential candidate is assigned.
E. If, for any reason, the DISTRICT makes a change in the candidate’s Mentor Teacher, the DISTRICT will notify the UNIVERSITY, in writing, within two (2) business days of the credential candidate’s reassignment and will provide the academic credentials of the new Mentor Teacher at the time of notification.

F. In the event of an absence of the Mentor Teacher greater than four (4) days within a 16-week session of student teaching or five (5) days within a 20-week session of student teaching, cumulative, the DISTRICT will notify the UNIVERSITY in writing of such Mentor Teacher absences within two (2) business days of the 4th or 5th absence, respectively.

G. If, for any reason, the Mentor Teacher is placed on or takes medical or professional leave greater than five (5) business days of duration during the session of student teaching, the credential candidate will be reassigned to a new Mentor Teacher by the DISTRICT within two (2) business days and the UNIVERSITY notified in writing.

Requirements:

A. It is understood that in no case shall UNIVERSITY students who are not employees of the DISTRICT replace regular staff.

B. Substitute teaching while engaged as a Student Teacher/Teacher Resident: The California Commission on Teacher Credentialing’s policy provides that student teachers without substitute permits may not be asked by the school districts to serve and be compensated for substitute teaching as, under California law, student teachers are not credentialed personnel and therefore require full-time supervision. Those UNIVERSITY students with valid California substitute permits may serve as a Substitute Teacher for their Mentor Teacher with the following restrictions:
   a. Substituting is permitted only after the conclusion of the first four weeks of the session of student teaching;
   b. Substituting is permitted only when the candidate is paid;
   c. Substitute days are limited to a maximum of four (4) days per 16-week student teaching fall or spring term only or a maximum of five (5) days per 20-week teacher residency fall/interterm or spring/summer rotation;
   d. Substituting is permitted only for the Mentor Teacher (not for other teachers of the DISTRICT); and
   e. Substituting is permitted only when the Mentor Teacher is ill and/or when it is determined by the principal that this is in the best interest of the students in the classroom as well as the credential candidate.

C. Mentor Teacher Remuneration: Within thirty (30) days following the close of each semester or academic session of the UNIVERSITY, the DISTRICT shall submit an invoice to the UNIVERSITY for payment at the rate provided below for all field experiences provided by the DISTRICT under and in accordance with this agreement during said session. This process may be altered according to individual districts’ procedures as to the manner in which the invoicing will
proceed so long as the parties mutually agree to such alteration in advance. Payment will be paid directly to the school district unless previously agreed to in writing by both parties. Rates and payments due to Mentor Teachers are agreed to as follows:

a. $500 per Mentor Teacher for 16-20 weeks of supervision of full-time (400+ hours) student teaching/teacher residency and Letter of Appreciation. In situations where the full-time student teacher/teacher resident ‘splits’ their time between two teachers, the $500 honorarium will be split according to the percent (%) of time Mentor Teacher supervises the candidate. Examples of this situation would be elementary co-teachers who equally share a classroom or secondary subject area teachers where the candidate is in one period with the first Mentor Teacher and 2 periods with the other.

b. $250 per Mentor Teacher for 16-20 weeks of supervision of fieldwork placements between 200 and 399 hours and a Letter of Appreciation.

c. $125 per Mentor Teacher for 16-20 weeks of supervision of fieldwork placements between 50 and 199 hours and a Letter of Appreciation.

d. Letter of appreciation for supervision of placements < 50 hours.

e. Early termination of placement: In the event the placement of a UNIVERSITY student is terminated by the UNIVERSITY and/or the DISTRICT for any reason prior to the conclusion of the full Session of Student Teaching, the Mentor Teacher will be paid the rate corresponding to the number of hours of supervision provided prior to termination.
Appendix C

Teacher Education Intern Credential Agreement

Please check Intern credential(s) offered in DISTRICT to which this Appendix will be applicable:

☑ Education Specialist Intern Credential
☑ Single Subject Intern Credential

Requirements and Limitations:

A. An Intern Teaching Credential authorizes the same service at the same level as the Preliminary Teaching Credential with some exceptions. The Intern Teaching Credential is only valid in one school district or consortium. Intern Credentials are issued by the California Commission on Teacher Credentialing. Applicants for an Intern Credential must satisfy all applicable requirements as established by the Commission.

B. For this reason, interns must have a contract before a credential can be issued. Each intern candidate is to work under the direct and continuing supervision of a District Supervisor who provides general support at the cooperating school(s). Also, the Intern Credential authorization shall be issued initially for a two-year period and may be renewed by the Commission on Teacher Credentialing if in its judgment an applicant is unable to complete renewal requirements because of illness or other circumstances judged to be extenuating and not within the control of the applicant.

C. The DISTRICT will assign a District Support Provider to the intern to provide support throughout the year. The District Support Provider will serve as an on-site guide, who observes the intern, and provides substantive feedback. Selected other conditions and guidelines appear in this Appendix.

D. Each Intern Teaching Credential candidate is to work under the direct and continuing supervision of a UNIVERSITY Supervisor and as well as the District Support Provider for a combined minimum total of 144 hours and is provided with general support at the classroom level of the cooperating school. An additional 45 hours of support shall be administered to interns in need of English Learner (EL) support.

E. The Intern Teaching Credential candidate shall be provided with a minimum of six (6) observations per 16-week semester and a minimum of one (1) formal, written evaluation per 16-week semester.

F. The DISTRICT acknowledges that each intern under this Intern Teaching Credential Agreement shall be a paid employee of the DISTRICT and thus covered under the DISTRICT's insurance policies, including Workers' Compensation insurance and Professional Liability insurance, to the extent
available to other instructional employees. No intern shall be considered an employee or agent of the UNIVERSITY while performing services for the DISTRICT.

G. This Agreement may be terminated and the provisions of this Agreement may be altered, changed or amended by mutual consent of both parties upon sixty (60) days written notice.

Conditions Established by State Law for Intern Credential Programs:

A. For initial and continuing accreditation by the Committee on Accreditation of the Commission on Teacher Credentialing, participating districts and universities must adhere to the following requirements of state law and all other applicable requirements:

   a. Bachelor's Degree Requirement. Candidates admitted to Intern Credential programs must hold baccalaureate degrees or higher from a regionally accredited institution of postsecondary education. (Reference: California Education Code Section 44453).

   b. Supervision of Interns. In an Intern Credential program, the participating district shall provide supervision of all interns. Salary payments for supervision of interns may be made out of district funds and may be met by reducing proportionately the salaries paid interns. Under this authorization no more than two interns may be supervised by one staff member and the normal district salary paid each intern may be reduced by as much as, but no more than, one-eighth to pay the salary of the supervisor. In no event may an intern be paid less than the minimum salary required to be paid by the state to a regularly certificated employee. (Reference: California Education Code Section 44462). Institutions will describe the procedures used in assigning supervisors and where applicable, the system used to pay for supervision.

   c. Effectiveness of Intern. The Intern Credential program shall meet the instructional or service needs of the district with the primary objective being to increase the effectiveness of the intern in the district. Both the district and the intern shall concur on the program plan. (Reference: California Education Code Section 44458).

   d. Participating Districts. Participating districts are public school districts or county offices of education. Submissions for approval must identify the specific districts involved and the specific credential involved. (Reference: California Education Code Sections 44321 and 44452).

Specific Preconditions Established by the Commission for Intern Credential Programs:

A. For initial and continuing accreditation, participating districts and universities must adhere to the following requirements established by the Commission on Teacher Credentialing:

   a. Non-Displacement of Certificated Employees. The institution and
participating districts must certify that interns do not displace certificated employees in participating districts.

b. Justification of Intern Credential Program. Programs that are developed to meet employment shortages must include a statement from the participating district(s) about the availability of qualified certificated persons holding the credential.

School Counseling, Intern PPS Credential Agreement

Requirements and Limitations:

A. An Intern PPS Credential authorizes the same service at the same level as the Clear Credential with some exceptions. The Intern Credential is only valid in one school district or consortium. Intern Credentials are issued by the California Commission on Teacher Credentialing. Applicants for an Intern Credential must satisfy all applicable requirements as established by the Commission.

B. For this reason, interns must have a contract before a credential can be issued. Each intern candidate is to work under the direct and continuing supervision of a District Supervisor who provides general support at the cooperating school(s). Also, the Intern Credential authorization shall be issued initially for a two-year period and may be renewed by the Commission on Teacher Credentialing if in its judgment an applicant is unable to complete renewal requirements because of illness or other circumstances judged to be extenuating and not within the control of the applicant.

C. The DISTRICT will assign a District Supervisor to the intern to provide support throughout the year. The District Supervisor will serve as an on-site guide, who observes the intern, and provides substantive feedback. Selected other conditions and guidelines appear in this Appendix.

D. The DISTRICT acknowledges that each intern under this Intern Credential Agreement shall be a paid employee of the DISTRICT and thus covered under the District’s insurance policies, including Workers’ Compensation insurance and Professional Liability insurance, to the extent available to other similar employees. SUBJECT: REVISION OF BOARD POLICY 6146.4 INSTRUCTION – DIFFERENTIAL GRADUATION AND COMPETENCY STANDARDS FOR STUDENTS WITH DISABILITIES

==================================

BACKGROUND

Board policies, administrative regulations, and bylaws of the Board are routinely developed and revised as a result of changes in law, mandates, federal regulations, and current District practice. Board Policy 6146.14 Instruction – Differential Graduation and Competency Standards for Students with Disabilities is being updated to reflect Senate Bill (SB) 114 and SB 141 which (1) specifies that the exemption for a student with a disability from all coursework and other requirements adopted by the Board that are in addition to statewide course requirements applies to a student with a disability who entered grade 9 in the 2022/2023 school year, (2) revises the eligibility criteria for the exemption, and (3) provides that participation in graduation activities by a student with a disability who is exempted from District-adopted graduation requirements that in addition to the statewide course requirements may not be construed as a termination of the District’s responsibility to provide a free appropriate public education unless the student’s individualized education program team has determined that the student has completed the high school experience.
