Upon the termination or expiration of this Agreement by its terms, the right to use and occupation of the Allocated Space and District furnishings and equipment thereon shall revert to the District, unless the Parties mutually negotiate a successor agreement, regarding ASA's continued use of the Allocated Space for ASA's educational program. Upon termination of this Agreement, the District shall recoup the full rights and benefits of its ownership of the Allocated Space, including, but not limited to, possession and use of the Allocated Space for District programs and services.

H. One Physical Location/Site. Pursuant to Education Code § 47605, a petition for the establishment of a charter school shall identify a single charter school that will operate within the geographic boundaries of a school district. ASA agrees that for the Term of this Agreement it will not establish any additional physical locations and/or sites within the District beyond the Allocated Space.

I. Full and Complete Satisfaction. ASA agrees that the provision of the Allocated Space pursuant to this Agreement constitutes full and complete satisfaction of the District's obligation to provide facilities, including furnishings and equipment, to ASA under Education Code § 47614 and the Proposition 39 regulations for each year of the Term. ASA agrees that, by accepting the Allocated Space, ASA certifies that the District has fully and completely satisfied the District's obligation to provide facilities, including furnishings and equipment, to ASA under Education Code § 47614 and all Proposition 39 implementing regulations for each year of the Term. ASA waives and forever releases the District regarding any allegation that the District has taken any actions to impede ASA from expanding its enrollment to meet pupil demand for the Term. Furthermore, ASA waives any rights it may have to subsequently object to the District's perceived failure to offer facilities, including furnishings and equipment, in accordance with applicable law and waives any rights it may have to challenge those aspects of the District's offer of facilities, including furnishings and equipment, that ASA believes would violate the substantive or procedural requirements of Proposition 39 and its implementing regulations.

J. Satisfaction of Proposition 39 Obligation. The District and ASA agree that, during the Term of this Agreement, ASA will annually submit Proposition 39 school facilities requests as required by Education Code § 47614.

K. Enrollment. The Parties agree that during the Term of this Agreement ASA's enrollment shall be consistent with the projected enrollment set out in ASA's January 6, 2020 renewal charter petition.

In addition, ASA shall also not submit another charter petition to the District to operate a charter school in the District during the Term. ASA also waives and forever releases the District from any and all claims that in any of the school years falling within the Term of this Agreement and any extension thereof, the District has taken any action to impede ASA from expanding enrollment to meet student demand.

L. Furnishings and Equipment. The District will provide ASA reasonably equivalent furnishings and equipment as defined by 5 CCR § 11969.2(e) to ASA. All facilities, furnishings, and equipment provided to ASA shall remain the property of the District, shall be used for the sole purpose of operating ASA's educational program, and shall be returned to the District at the end of the Term in the same condition as received. ASA shall be financially responsible for any damage caused by its use of the furnishings and equipment.

- i. ASA shall develop and maintain an inventory of all reasonably equivalent furnishings and equipment received from the District. ASA shall provide the District with the inventory on September 30 of each year during the Term of this Agreement.
- ii. During the Term of this Agreement, ASA shall request repair of furnishings and equipment (including, but not limited to desks, chairs, playground equipment, servers, switches, security alarms, telephones, fixtures, and other technology, security, and telecommunications related hardware) consistent with District policies via the District's "SchoolDude," online work order system.

M. Utilities. ASA shall be responsible for payment of utility services costs during ASA's use of the Allocated Space during the Term. The District shall secure all necessary utility services (such as water, sewer, power, gas, pest management and insect control, security monitoring/alarm, fire extinguisher maintenance, trash collection and disposal, internet, telephone, cable, etc.) and bill ASA for 100% of all utility costs each month during the Term. ASA shall promptly make payment of the invoice to the "Chino Valley Unified School District" and deliver said payment to the CVUSD Associate Superintendent of Business Services within thirty (30) calendar days of receipt of such invoice from the District. Should ASA acquire Additional Facilities (see § 2.B.) which increase utility services costs, ASA shall be responsible for paying the increased utility services costs.

N. Computer Network and Internet Services. The District provided ASA a reasonably equivalent Computer Network for the Allocated Space, which includes the network infrastructure, a firewall, and an operational phone and intercom system, but does not include the District providing any servers to ASA. If ASA accepts the District's April 1, 2025 Final

Notification of Facilities Offered, ASA agrees it will annually enter into a Computer Network Memorandum of Understanding at the District's request, for the Term of the Amended Facilities Memorandum of Understanding.

O. Allocation of Facilities. Pursuant to Proposition 39 requirements, the allocation of classrooms and space to ASA shall be based upon ASA's agreed in-District ADA for each year of the Term. In the event that the Allocated Space has been "over allocated" in accordance with 5 C.C.R. § 11969.8, ASA shall reimburse the District accordingly.

P. Reporting ADA to District. As required under 5 C.C.R. § 11969.9(1), ASA must report its actual ADA to the District every time that ASA reports ADA for apportionment purposes. ASA's reports must include in-District and total ADA and in-District and total classroom ADA. ASA must maintain records documenting the data contained in ADA reports. All such records shall be available on request by the District. Additionally, the District may request backup documentation confirming ASA's in-District ADA in a manner that is reasonably acceptable to the District at any time.

3. Fees.

A. The District shall provide ASA with "substantially rent free" facilities for the Term of this Agreement and shall charge ASA a supervisory oversight fee at a rate of three percent (3%) of ASA's revenue pursuant to Education Code § 47613(b).

B. The District shall invoice ASA for the three percent (3%) oversight fee payable under Education Code § 47613 quarterly on September 30, December 30, March 31, and June 30 of each year during the Term. Payment from ASA to the District will be due in fifteen (15) calendar days from the date of the invoice.

C. ASA acknowledges that late payment of the oversight fee to the District will cause the District to incur costs not contemplated by this Agreement, the exact amount of which will be difficult to ascertain. Those costs include, but are not limited to, processing and accounting charges. Accordingly, if the District does not receive the oversight fee from ASA by 4:00 PM within ten (10) calendar days after the date the payment is due, ASA shall pay to the District, as additional sums due, a late charge equal to five percent (5%) of the overdue amount. The Parties hereby agree that any late charge assessed to ASA shall represent a fair and reasonable estimate of the costs District will incur by reason of late payment by ASA. Acceptance of late sums by the District shall in no event constitute a waiver of ASA's default with respect to any overdue amount, nor prevent District from exercising any of its other rights and remedies granted hereunder.

4. Maintenance. All facilities provided to ASA shall remain the property of the District. The ongoing operations and maintenance of the facilities, as well as "deferred maintenance," shall be the responsibility of the District. Deferred maintenance projects are those that are major in scope and which may involve a public works bid. Deferred maintenance includes the major repair or replacement of plumbing, heating, ventilation, air conditioning, electrical, roofing, and flooring systems, exterior and interior painting, and any other items considered deferred maintenance under Education Code § 17582. The District shall include ASA's facilities on its deferred maintenance

list in the same manner as it would include any other District facilities on the District's deferred maintenance list.

In the event that ASA requests that the District perform maintenance and repairs, ASA shall submit a request via the District's "SchoolDude," online work order system. The District reserves the right at any time to implement a different process for ASA's submission of maintenance and repair requests.

ASA shall be responsible for all custodial services at the Allocated Space. ASA shall require all custodial services to be performed in a manner equivalent to the custodial services performed at all other District school sites. Should ASA neglect or fail to perform custodial services consistent with current District policy and practice, the District reserves the right to provide custodial services and to charge ASA reasonable costs for such services if ASA fails to cure such failure within fifteen (15) calendar days written notice from the District.

The District shall be responsible for all landscaping and grounds keeping services, unless ASA receives written permission from the District to perform landscaping or grounds keeping. ASA shall not modify or remove any landscaping or trees in the Allocated Space or the El Rancho school site in any manner, unless ASA receives written permission from the District. ASA shall request removal of graffiti and repair of any vandalism at the Allocated Space consistent with District policies as soon as possible, but in no event later than 72 hours after such graffiti and/or vandalism is discovered.

ASA shall be responsible for all costs, coordination, and scheduling of all necessary inspections and payment of all fees required by any municipal or governmental laws, ordinances, rules or regulations regarding ASA's use of the Allocated Space. ASA shall provide a written copy of any such report, proof of inspection or other documentation of any inspection or review to the District within three (3) calendar days of receipt.

5. Pest Management. The District shall provide pest management for the Allocated Space in accordance with District's Integrated Pest Management Program policy and the Healthy Schools Act upon written notice to ASA of its intention to do so, the schedule upon which the pest management service will be provided and the estimated cost of such pest management service. ASA shall pay the reasonable and customary fee or charge for said pest management service, which will be included in ASA's utilities costs. ASA must submit a written request to the District if ASA wants to schedule the pest management service provided by the District. ASA shall provide the District with ASA's Integrated Pest Management Program certificate on or before July 1 of each year during the Term.

6. Installation of Improvements by ASA. ASA shall have no right to make alterations, additions to the Allocated Space or the El Rancho school site in any way, or to construct or install any improvements (as defined in California Civil Code § 8050(a)) on the Allocated Space or the El Rancho school site or otherwise alter the Allocated Space or the El Rancho school site in any way without the prior written consent of the District, and if required, the Division of the State Architect ("DSA"). ASA shall not paint any part of the Allocated Space or the El Rancho school site without the prior written consent of the District. Unless otherwise specified in this Agreement, in each case where prior written consent of the District is required under this section or any other

provision of this Agreement, such written consent shall be obtained exclusively from the District's Superintendent or designated representative, and consent obtained from any other source shall be invalid.

A. Fire and Building Code Standards. Any alterations or construction or installation of improvements by ASA that implicate any fire and buildings code standards for occupancy, special hazards, means of egress, exit doors, illumination, fire doors, self-closing devices, electrical systems, and clearance, and all other applicable fire and building code standards requires prior inspection and written approval by the Chino Valley Fire District.

B. District's Discretion. The District's approval of any improvements, including the construction schedule and work hours, shall be at the District's sole and absolute discretion, and the District may disapprove of such improvements for any reason.

C. Contractor Requirements. Contractors retained by ASA with respect to the construction or installation of improvements approved by the District shall be fully licensed and bonded as required by California law and must maintain levels of casualty, liability and workers' compensation insurance and performance and payment bonds consistent with the District's construction requirements. The construction or installation of improvements approved by the District shall be performed in a sound and workmanlike manner, in compliance with all applicable laws including, but not limited to state and local building codes, fire codes, fingerprinting requirements and prevailing wage laws. The District or the District's agents shall have a continuing right at all times during the period that improvements are being constructed or installed to enter the Allocated Space and the El Rancho school site, and to inspect the work.

D. Indemnification for Alterations or Installation of Improvements Work. ASA shall indemnify, defend, and hold harmless the District, its directors, officers, and employees or contractors from ASA's violation of applicable federal, state or local statute, ordinance, order, governmental requirement, law or regulation that applies to any work, including, without limitation, any labor laws and/or regulations requiring that persons performing work on any improvements be paid prevailing wages.

E. Delivery of Instruments and Documents. ASA shall deliver to the District, promptly after ASA's receipt thereof, originals or, if originals are not available, copies of any and all of the following instruments and documents pertaining to any testing, construction, repair or replacement of improvements approved by the District on the Allocated Space: (a) plans and specifications for the subject improvements, (b) test results, physical condition and environmental reports and assessments, inspections, and other due diligence materials related to the subject improvements, (c) permits, licenses, certificates of occupancy, and any and all other governmental approvals issued in connection with the subject improvements, (d) agreements and contracts with architects, engineers, and other design professionals executed with respect to the design of the subject improvements, (e) construction contracts and other agreements with consultants, construction managers, general and other contractors, and equipment suppliers pertaining to the construction, repair or replacement, as the case may be, of the subject improvements, and (f) all guaranties and warranties pertaining to the construction, repair or replacement, as the case may be, of the subject improvements.

F. Liens and Claims. ASA shall not permit any liens or claims to stand against the Allocated Space for labor or material furnished in connection with any work performed by ASA. Upon reasonable and timely notice of any such lien or claim delivered to ASA by the District, ASA may bond and contest the validity and the amount of such lien, but ASA shall immediately pay any judgment rendered, shall pay all proper costs and charges, and shall have the lien or claim released at ASA's sole expense. Additionally, ASA shall not use or operate any improvements until the project is closed-out and certified by the DSA, if applicable, and/or final approval is received from any applicable agency. ASA shall provide written evidence of close-out and certification or approval, in a form reasonably acceptable to the District.

7. Signs. ASA shall, at ASA's sole cost, have the right to place one sign to be mounted on an existing building on the Allocated Space stating ASA's charter school name and other pertinent information, a sign indicating the main office of ASA, and other directional signs as appropriate, provided ASA obtains the prior written approval and consent of District. The signage shall not require any improvements or modifications to the Allocated Space in order to erect such signage. ASA's signs shall be in compliance with all District standards and ASA's receipt of any applicable permits and approvals required under any municipal or other governmental laws, ordinances, rules or regulations. Throughout the Term of the Agreement, ASA shall, at its sole cost and expense, maintain all of its signage and all appurtenances in good condition and repair. At the termination of the Agreement, ASA shall remove all signs which it has placed on the Allocated Space, and shall repair any damage caused by the installation or removal of ASA's signs.

8. Surrender. Upon the expiration of the Term or earlier termination of this Agreement, ASA shall restore and surrender the Allocated Space and the Furnishings and Equipment to the District, in the same condition as when received, free and clear of any liens or encumbrances. ASA shall be financially liable for any damage or excessive wear and tear to the Allocated Space. No fixtures as defined by California Civil Code § 660 shall be removed by ASA at any time.

A. If ASA has made any improvements or alterations, whether temporary or permanent in character, all of ASA's improvements or alterations shall, unless otherwise agreed to by the District, be removed and the Allocated Space shall be surrendered to District upon the date of the expiration of the Term or earlier termination of this Agreement in the condition existing prior to ASA's alterations or improvements at the expense of ASA.

B. If ASA has made any alterations or improvements, at least thirty (30) calendar days prior to the last day of the Term, ASA shall, unless otherwise agreed to by the District, provide the District with its plans for removal and restoration, and the District may require modifications to said plans to ensure the premises are restored to substantially the same condition they were in prior to ASA's occupancy at the Allocated Space.

C. Prior to the last day of the Term, ASA shall, unless otherwise agreed to by the District, remove completely all of ASA's personal property, including moveable ASA furniture, ASA trade fixtures and equipment not attached to the Allocated Space, and repair all damage caused by removal.

D. Any of ASA's personal property not so removed on or before the end of the Term shall be deemed abandoned by ASA and associated costs to store, remove, or dispose of ASA's

abandoned property shall be the financial responsibility of ASA. After ten (10) business days and after written notification to ASA, any and all ASA personal property shall, at the option of District, automatically become the property of the District upon the expiration or termination of this Agreement or fifteen (15) business days after written notification to ASA. Thereafter, the District may retain or dispose of ASA's personal property in any manner without any further notice or liability whatsoever to ASA.

9. Holding Over. ASA will not be permitted to hold over possession of the Allocated Space after the date of the expiration of this Agreement or earlier termination of this Agreement without the express written consent of the District, which consent by the District may withhold in its sole and absolute discretion. Any holdover by ASA shall constitute a breach of this Agreement by ASA entitling District to pursue any and all remedies available at law and in equity, including without limitation consequential damages resulting therefrom. During any holdover period, ASA shall not occupy and use the Allocated Space during the hold over period except to remove ASA's personal property and alterations or improvements as coordinated with the District. No payment of money by ASA after termination of this Agreement, or after the giving of notice of termination by the District to ASA shall reinstate, continue or extend the Term.

10. Compliance with District Policies. ASA shall comply with all CVUSD Board policies regarding the operations and maintenance of the Allocated Space and the furnishings and equipment provided by the District.

11. Security. The Parties acknowledge that the District is responsible for ensuring the security of the Allocated Space through security systems and devices, including, but not limited to, locks, gates, and, at the District's option, a monitored security system. ASA is required at all times to maintain the security of the Allocated Space by the proper use of all such security systems and devices. ASA is strictly prohibited from changing, modifying or installing any locks and keys or padlocks on any classroom doors or exterior gates. Whenever the District programs any new alarm codes, or changes or installs any locks, keys or padlocks, within five (5) calendar days after any new alarm codes, locks or keys have been changed or added, the District shall provide new alarm codes, locks or keys to ASA. Upon expiration or termination of the Term of this Agreement, the District shall rekey all locks at the Allocated Space to the specifications of the District.

12. Emergencies. The Chief Executive Officer of ASA and the District's Superintendent shall immediately inform one another or their designees of any health and/or safety emergency as they relate to the safety of students, staff, and teachers within the Allocated Space or at the El Rancho school site. Health and/or safety emergencies shall include but not be limited to reports of any serious incident that takes place within the Allocated Space or at the El Rancho school site when law enforcement, fire department, or paramedics are involved, including incidents of arson, incidents of physical or sexual abuse, bomb threats, weapons on the Allocated Space or the El Rancho school site, active shooter on the Allocated Space or the El Rancho school site, and the sale of narcotics on the Allocated Space or the El Rancho school site. The District is not aware of any defect in or condition of the El Rancho school site that would prevent ASA’s use of the Allocated Space for ASA’s educational purposes. The District has not received any notice of violation of statute, ordinance, regulation, order or holding from any state or federal agency with jurisdiction over the El Rancho school site that calls into question the appropriateness or sufficiency of the El Rancho school site for their intended purpose. ASA, at its expense, shall comply with all applicable laws, regulations, rules and orders with respect to ASA’s use and occupancy of the Allocated Space including, without limitation, those relating to health, safety, noise, environmental protection, zoning compliance and approvals, waste disposal, water and air quality compliance, building codes, fire codes, and environmental laws including asbestos, lead, etc., triggered by ASA’s use of the Allocated Space or any alterations, additional, improvements, or modifications to the Allocated Space made by ASA with the District’s approval.

ASA shall comply with all licensing, payment and performance bond and prevailing wage laws with respect to all modifications to the Allocated Space.

ASA shall not do or permit anything to be done in or about the Allocated Space nor bring or keep anything therein which will in any way increase the District’s existing insurance rates or affect any fire or other insurance upon the Allocated Space or any of its contents or cause a cancellation of any insurance policy covering said Allocated Space or any part thereof or any of its contents, nor shall ASA sell or permit to be kept, used, or sold in or about said Allocated Space any articles which may be prohibited by a standard form policy of fire insurance.

Should any discharge, leakage, spillage, emission, or pollution of any type occur upon or from the Allocated Space due to ASA’s use and occupancy thereof, ASA, at its expense, shall be obligated to clean all the property affected, including, if applicable, any other affected properties in the vicinity of the Allocated Space, to the satisfaction of the District and any governmental agencies having jurisdiction over the Allocated Space or any other properties affected by the discharge, leakage, spillage, emission, or pollution. If ASA fails to take steps to clean the property(ies) or otherwise fails to comply with any requirements regarding the clean-up, remediation, removal, response, abatement or amelioration of any discharge, leakage, spillage, emission, or pollution of any type, or fails to pay any legal, investigative, and monitoring costs, penalties, fines and disbursements assessed, the District reserves the right to perform the required actions and to take all necessary steps to recoup any and all costs associated therewith from ASA.

F. The aforementioned minimum limits of policies shall in no event in any way limit the liability of ASA hereunder.

G. Failure to Obtain Insurance. ASA agrees that if ASA does not take out and maintain all insurance required herein, then the District may (but shall not be required to) procure said insurance on ASA's behalf and charge ASA the premiums and may recover reasonable administrative costs for procuring such insurance. ASA shall have the right to provide such insurance coverage pursuant to blanket policies obtained by ASA, provided such blanket policies expressly afford coverage to the Allocated Space and to the District, as required by this Agreement.

H. Waiver of Subrogation. ASA grants to the District a waiver of any right to subrogation which any insurer may acquire from ASA by virtue of the payment of any loss. ASA agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation. 17. Indemnification. ASA is acting on its own behalf in operating at the Allocated Space and is not operating as an agent of the District.

A. With the exception of any liability, claims, or damages caused by the negligence or willful misconduct of the District, ASA shall ("Indemnifying Party") indemnify, hold harmless and defend, release and protect the District, its affiliates, successors and assigns, and its officers, board members, employees, and agents ("Indemnified Party" or "Indemnified Parties") against and from any and all claims, demands, actions, causes of action, suits, losses, liabilities, expenses, penalties, obligations, errors, omissions and costs, including legal costs, attorneys' fees and expert witness fees, whether or not suit is actually filed, and/or any judgment rendered against the Indemnified Party or Indemnified Parties that may be asserted or claimed by any person, firm, or entity for any injury, death or damage to any person or property occurring in, on or about the Allocated Space arising from, or in connection with (a) ASA's use of the Allocated Space including without limitation, the operation of the ASA charter school, or (b) in connection with the operations by ASA at the Allocated Space, including without limiting the generality of the foregoing:

- i. Any default by ASA in the observance or performance of any of the terms, covenants, or conditions of this Agreement on ASA's part to be observed or performed;
- ii. The use or occupancy of the Allocated Space by ASA of any person claiming by, through or under ASA or ASA's board members, employees, agents, representatives, contractors, licensees, directors, officers, partners, trustees, volunteers, visitors or invitees, successors and/or assigns or any such person in, on or about the Allocated Space either prior to, during, or after the expiration of the Term of this Agreement ("Liability" or "Liabilities"); and

- iii. Any claim by a third party that the District is responsible for any actions by ASA in connection with any use or occupancy of the Allocated Space or in any way related to this Agreement.

ASA's obligation to defend the District and the other indemnitees identified herein is not contingent upon there being an acknowledgement or determination of the merit of any claims, demands, actions, causes of action, suits, losses, liability, expenses, penalties, obligations, errors, omissions and/or costs.

B. With the exception of any liability, claims, or damages caused by the negligence or willful misconduct of ASA, the District shall ("Indemnifying Party") indemnify, hold harmless and defend, release and protect ASA, its affiliates, successors and assigns, and its officers, board members, employees and agents ("Indemnified Party" or "Indemnified Parties") against and from any and all claims, demands, actions, causes of action, suits, losses, liabilities, expenses, penalties, obligations, errors, omissions and costs, including legal costs, attorneys' fees and expert witness fees, whether or not suit is actually filed, and/or any judgment rendered against the Indemnified Party or Indemnified Parties that may be asserted or claimed by any person, firm, or entity for any injury, death or damage to any person or property occurring in, on or about the Allocated Space arising from, or in connection with (a) the District's use of the Allocated Space including without limitation, the operations by the District at the Allocated Space, or (b) in connection with the operations by the District at the Allocated Space, including without limiting the generality of the foregoing:

- i. Any default by the District in the observance or performance of any of the terms, covenants, or conditions of this Agreement on District's part to be observed or performed;
- ii. The use or occupancy of the Allocated Space by the District or any person claiming by, through or under the District or the District's board members, employees, agents, representatives, contractors, licensees, directors, officers, partners, trustees, volunteers, visitors or invitees, successors and/or assigns or any such person in, on or about the Allocated Space either prior to, during, or after the expiration of the Term of this Agreement (singularly "Liability" or collectively "Liabilities"); and
- iii. Any claim by a third party that ASA is responsible for any actions by the District in connection with any use or occupancy of the Allocated Space or in any way related to this Agreement.

The District's obligation to defend ASA and the other indemnitees identified herein is not contingent upon there being an acknowledgement or determination of the merit of any claims, demands, actions, causes of action, suits, losses, liability, expenses, penalties, obligations, errors, omissions and/or costs.

- C.** The Indemnification provisions of this section shall survive the expiration or earlier termination of this Agreement.

18. Damage and Destruction of Facilities.

A. Partial Damage. If the Allocated Space is damaged by any casualty which is covered by applicable insurance, and ASA still has access to at least sixty percent (60%) of the usable classroom space, then the Allocated Space shall be restored provided insurance proceeds are available to pay for the costs of restoration, and provided such restoration can be completed within one hundred twenty (120) calendar days after the commencement of the work in the opinion of a registered architect or engineer approved by the District. In such event, this Agreement shall continue in full force and effect, except that ASA will be entitled to proportionate reduction of all utility services fees that are impacted while such restoration takes place, such proportionate reduction to be based upon the extent to which the restoration efforts interfere with ASA's use of the Allocated Space. The District shall provide ASA with reasonably equivalent temporary housing on the Allocated Space, or another school site that is near to the El Rancho school site for any part of ASA's program that is displaced by the partial damage and/or the repair work of the same.

B. Total Destruction. If the Allocated Space is totally destroyed (defined as the destruction of more than forty percent (40%) of the usable classroom space), or the Allocated Space cannot be restored as required herein, notwithstanding the availability of insurance proceeds, then the District will provide ASA with another reasonably equivalent school facility, if necessary, sufficient to accommodate ASA's enrollment as soon as possible after the effective date of the damage to minimize any interruption in ASA's educational program. If the District provides ASA with a reasonably equivalent school facility, the District reserves the right to update this Agreement with the different school facility address and allocation of space.

C. The District shall not be required to repair any injury or damage by fire or other cause, or to make any restoration or replacement of any panels, decorations, partitions, office fixtures, or any other improvements or property installed at the Allocated Space by ASA. ASA may restore or replace same if damaged. ASA shall have no claim against the District for any damage suffered by reason of any repair or restoration.

19. Termination.

A. Default or Material Breach by ASA. This Agreement will automatically terminate upon commission of a default or material breach of ASA's obligations.

- i. A default and material breach of this Agreement includes but is not necessarily limited to the occurrence of one or more of the following events:
 1. Any failure by ASA to make payments required to be paid hereunder, where such failure continues for thirty (30) calendar days after written notice by the District to ASA;

James Na thanked expressed appreciation to the Briggs K-8 parents for attending the Board meeting and showing strong support for their school; suggested administration explore options for the school’s class sizes concerns; acknowledged recent awards and achievements at Briggs K-8, noting the importance of continued parental involvement and District support; thanked the Ayala HS football program supporters for their attendance, and asked staff to follow up with Ayala HS administration regarding student concerns; commended Board President Shaw for her visibility and representation of the District; thanked Board Member Monroe for his detailed presentation and data shared at the previous meeting; praised the recent District band showcase, highlighting the dedication of music teachers and families; and thanked parents, teachers, and staff for their ongoing partnership and commitment to student success.

Jon Monroe thanked Mr. Na for recognizing his use of statistics at the last meeting and said the information is readily available online for anyone to access; criticized arguments that dismiss the importance of debate around gender in sports pointing out that political leaders from the federal and state level initiated these issues and emphasized that while only some individuals are currently affected, the numbers can grow significantly and that losing opportunities for even one woman is too much; stressed the importance of

using facts over feeling when shaping arguments; addressed concerns regarding the coaching issue related to Ayala HS clarifying that procedural rules were followed and does not mean the coach was fired; and encouraged anyone with questions to reach out to administrators for clarification, and reaffirmed that the coach could still remain in the position depending on circumstances.

Superintendent Enfield shared updates and acknowledgments, including the closing of the senior scholarship application process with winners to be announced at senior award nights; said Tim Adams will present funds from the District’s golf tournament fundraiser at the June Board meeting; said the Military Salute event is upcoming to recognize seniors entering the military with application forms due by May 5; expressed gratitude to school principals on National School Principal Day and extended recognition in advance for National School Nurse Day, Day of the Teacher, and Classified Week occurring in May; and praised the dedication and contributions of school staff.

President Shaw acknowledged National Principals Day recognizing the hard and often unseen work principals do; encouraged collaboration between parents, schools, and the District, emphasizing that parent concerns are taken seriously, even if the responses aren’t always visible; highlighted the importance of addressing issues at the school site level first before escalating them to the District or Board; shared personal reflections as a parent of a graduating senior, recognizing the emotional and stressful time for students and families, and urged kindness and support as graduation approaches; referenced a social media post that prompted District action, reinforcing the Board’s commitment to transparency and problem-solving; addressed the issue regarding the Ayala HS coach and acknowledged the emotional impact on students and expressed hope that a resolution could be found while acknowledging legal limitations; and closed with a personal message on National Prayer Day, expressing her faith and resilience in the face of hostile emails, emphasizing her dedication is motivated by protecting students and standing against negativity.

SUBJECT: REQUEST FOR ALLOWANCE OF ATTENDANCE DUE TO EMERGENCY CONDITIONS, FORM J-13A

=====

BACKGROUND

When one or more schools are kept open but experience a material decrease in attendance pursuant to Education Code 46392, a Local Educational Agency (LEA) may obtain approval of attendance and instructional time credit through the filing of Form J-13A, the Request for Allowance of Attendance Due to Emergency Conditions.

A State of Emergency was declared by Governor Newsom on January 8, 2025, for Los Angeles County due to a series of wildfires in Southern California. Chino Valley Unified School District, located in San Bernardino County, was also impacted from the high winds and its close proximity to the wildfires. As a result, the District suffered a material decrease of its Average Daily Attendance (ADA) on January 8, 2025.

The California Department of Education’s (CDE) approval of Form J-13A, in addition to other attendance records, serve to document the LEA’s compliance with instructional time laws and provide authority to maintain school for less than the required instructional days and minutes without incurring a fiscal penalty to the LEA’s Local Control Funding Formula (LCFF).

Approval of this item supports the goals identified within the District’s Strategic Plan.

RECOMMENDATION

It is recommended the Board of Education approve the Request for Allowance of Attendance Due to Emergency Conditions, Form J-13A, related to a series of wildfires in Southern California.

FISCAL IMPACT

Negate loss of 4.43 ADA.

SUBJECT: RESOLUTION 2024/2025-69, AUTHORIZATION TO UTILIZE A PIGGYBACK CONTRACT

=====

BACKGROUND

Public Contract Code (PCC) 20111 requires school district governing boards to competitively bid and award any contracts involving an expenditure of more than \$114,500.00 to the lowest responsible bidder.

Notwithstanding, PCC 20111, PCC 20118 and Administrative Regulation 3311 state that without advertising for bids and upon a determination that it is in the best interest of the District, the Board may authorize District staff by contract, lease, requisition, or purchase order of another public corporation or agency, to lease data-processing equipment, or to purchase materials, supplies, equipment, automotive vehicles, tractors and other personal property for the District in the manner that the other public corporation or agency is authorized to make the leases or purchases from a vendor (piggyback).

Alternatively, if there is an existing contract between a public corporation or agency and a vendor for the lease or purchase of personal property, the District may authorize the lease or purchase of personal property directly to the vendor under the same terms that are available to the public corporation or agency under the contract.

Staff requests approval of the following resolution to provide authorization for the District to participate by piggyback in contract as itemized below:

Resolution	Contract	Contractor(s)	Description	Term
2024/2025-69	State of California Participating Addendum No. 7-23-70-55-01	Dell Marketing L.P.	Purchase of computer equipment, related peripherals, and services	02/01/2024-06/30/2025

Approval of this item supports the goals identified within the District's Strategic Plan.

RECOMMENDATION

**COLLEGE OF EDUCATION
LEARNING SITE AGREEMENT**

This *Learning Site Agreement* (“Agreement”) is entered into by and between the Trustees of the California State University (CSU) on behalf of California State University, San Bernardino (“University” or “CSUSB”) principally located at 5500 University Parkway, San Bernardino, CA 92407

and Chino Valley Unified School District (Legal Entity Name)

located at 13461 Ramona Avenue, Chino, CA 91710

BACKGROUND: The University Procurement & Contracts Department is requested to execute a substantial number of Learning Site Agreements annually. This Learning Site Agreement is intended to streamline the process by authorizing campus departments to place students at sites where a standardized agreement, containing required general terms and conditions, is already executed and in force. Where neither party requires the standard contract language be modified by additions or deletions, students may be placed without further action from Procurement & Contracts. Program specific requirements not explicitly addressed in this agreement do not automatically necessitate the execution of a supplemental agreement. For example, implicit program administrative requirements, which do not affect the substantive rights of the parties, do not require an amendment or supplemental agreement. Only modifications, which materially change the rights or obligations of the parties, **or any revision to, or deviation from, the General Provisions**, require both parties authorized signatories to execute an amendment or supplemental agreement.

PURPOSE: University offers degree, certificate, or class specific programs in a wide variety of disciplines, which are academically enhanced by practical experiences outside of the traditional classroom setting. The term “University Program”, includes any college, school, academic or administrative department located at CSUSB or CSUSB-PDC (Palm Desert Campus), governed by the Trustees of the California State University which may offer programs involving practical experience outside the classroom. In order for specific University programs to place students with a Learning Site, a valid Learning Site Agreement must be in place. Execution of a Learning Site Agreement does not automatically grant University the right to place students with Learning Site at any time or place it desires, nor does it promise or ensure that students will be placed at Learning Site. Placement of students at a Learning Site is at the sole discretion of individual University programs so long as Learning Site is willing and able to accommodate students for the requested duration. Prior to any placement, both the specific University program and Learning Site must mutually agree in writing prior to placement, to the scope of the engagement and to any additional program specific requirements not specified herein.

SCOPE: This agreement is intended to cover *Service Learning, Internships, Fieldwork, Field Practicums, Supervised Field Placement, Practice Teaching*, and any substantially similar program where University places students with an outside entity as part of his or her educational requirements. Each University program is required to maintain program specific standards, tools and goals, which must be communicated with Learning Site prior to placement of students. These requirements may include, but not be limited to risk assessments and site vetting which may or may not include a site visit; and creation of a program specific Learning Plan. This agreement does not delineate any of these responsibilities. Individual programs are required to develop, maintain, and communicate, as necessary, any additional requirements to Learning Site. Specific program requirements may be incorporated into this agreement by reference as necessary, or from time to time by addendum, upon the request of University Program or Learning Site.

In consideration of the mutual promises and conditions set forth below, the University and the Learning Site agree as follows:

I. RIGHTS AND OBLIGATIONS

SUBJECT: READING DIFFICULTIES RISK SCREENER ADOPTION FOR GRADES K-2

=====

BACKGROUND

On July 10, 2023, Senate Bill 114 was signed into law adding Education Code 53008, which requires Local Education Agencies (LEAs) to screen students in grades K-2 for reading delays, including dyslexia. On or before June 30, 2025, LEAs serving students in grades K-2 must adopt, at a public meeting, a state-approved screener to identify students at risk of reading difficulties. At the beginning of the 2025/2026 school year (and annually thereafter), school districts must assess each student in grades K-2 using the adopted screening instrument. The state allocated funds to school districts specifically for the Reading Difficulties Risk Screener.

The selection process involved teachers with a vested interest in reading screeners for students in grades K-2. The Department of Elementary Curriculum and Instruction secured state-adopted screeners for review, and they were evaluated using the following criteria: preparation for administration; administration, scoring, and reporting.

The recommended screener, Amira, shall be available for public inspection at the District Samuel R. Burton Professional Development and Media Center and through a posted QR code from May 22, 2025, through June 5, 2025.

Consideration of this item supports the goals identified within the District’s Strategic Plan.

RECOMMENDATION

It is recommended the Board of Education receive for information the following screener for the Reading Difficulties Risk Screener Adoption for grades K-2:

Amira, published by Amira Learning, serves students in grades K-2, and is offered in English and Spanish.

FISCAL IMPACT

\$107,155.00 increase to the Restricted Fund for Reading Difficulties Risk Screener costs.

C. COURSE CONTENT

1. Course Purpose:

The purpose of Integrated Mathematics 3 Honors/PRECALCULUS is to develop students’ ability to think mathematically and develop their conceptual understanding of and procedural fluency in mathematics. Integrated Mathematics 3 Honors will extend the mathematics students learned in earlier grades and continue the development of concepts in number and quantity, algebra, functions, modeling, geometry, Statistics and Probability, and Trigonometry needed for higher level mathematics courses. Extensive use of models/real-world situations, manipulatives, graphs, and diagrams will help students see the connections between different topics which will promote students’ view that mathematics is a set of related topics as opposed to a set of discrete topics. In addition, students will learn to solve problems graphically, numerically, algebraically, and verbally and make connections between these representations. Students in this course will learn to use mathematical models to understand real world events and situations and use algebraic and Trigonometric reasoning to manipulate these models for deeper learning. Students who successfully complete this course will advance to Calculus.

A variety of instructional strategies will be used throughout Integrated Mathematics 3 Honors. Instructional strategies will be utilized during whole group instruction, small group instruction, partner/pair work, and individual work. The key goal of instruction is to challenge students to think about and discuss mathematics while using the eight Standards for Mathematical Practice (MP).

The standards for mathematical practice emphasize the importance of making sense of problems and persevering in solving them (MP1), reasoning abstractly and quantitatively (MP2), and solving problems that are based upon everyday life, society, and the workplace (MP4). Implicit instruction models such as guided inquiry provide students with the time and support to successfully engage in mathematical inquiry by collecting data and testing hypothesis.

During guided inquiry, the teacher provides the data and then questions students to help them arrive at a solution to the problem. The teacher utilizes this strategy throughout each unit to encourage students to explore and make sense of mathematical situations. Content especially suited to the use of this strategy involves functions with patterns and geometric relationships.

Problem-Based Learning:

In problem-based learning, the teacher poses a problem or question, assists when necessary, and monitors students' methods and solutions. During the use of this strategy students work either individually or in cooperative groups to solve challenging problems with real world applications. Throughout problem-based learning teachers encourage students to think for themselves and show resourcefulness and creativity. When students engage in problem solving, they must be allowed to make mistakes. The teacher creates a classroom environment that recognizes errors and uncertainties as inevitable accouterments of problem solving. Through class discussion and feedback, student errors become the basis of furthering understanding and learning. Problem-based learning will be utilized during the introduction of a concept as well as at the end of a unit of study.

Direct Instruction:

Direct instruction is effective for teaching information and basic skills during whole class instruction. In the first phase the teacher introduces, demonstrates, or explains the new concept or strategy, asks questions, and checks for understanding. The second phase is an intermediate step designed to result in the independent application of the new concept or described strategy. In the relatively brief third phase student's work independently and receive opportunities for closure. This phase also often serves in part as an informal assessment of the extent to which students understand what they are learning and how they use their knowledge or skills in the larger scheme of mathematics.

Chino Valley Unified School District

High School Course Description

Cooperative Learning:

The cooperative learning model involves students working either in partners or in mixed ability groups to complete specific tasks. It assists teachers in addressing the needs of the wide diversity of students that is found in many classrooms. The teacher presents the group with a problem or a task and sets up the student activities. While the students work together to complete the task, the teacher monitors progress and assists student groups when necessary. Specific Kagan Cooperative Learning structures that will be used in Integrated Math 3 Honors are as follows:

- Mix-n-Match
- Line-Ups
- Inside Outside
- Circle Rally Coach
- Quiz-Quiz Trade
- Rally Robin
- Stand Up, Hand Up, Pair Up
- Talking Chips
- Timed Round Robin
- All Write Round Robin
- Round Table
- Mix Pair Rally Coach
- Fan-n-Pick

These structures will be utilized within each unit to introduce concepts, practice important skills, and review key content.

Discourse:

Throughout this course the teacher will facilitate classroom discussions to support student understanding. The Standards for Mathematical Practice expect students to demonstrate competence in making sense of problems (MP1), constructing viable arguments (MP3), and modeling with mathematics (MP4). Through discourse in the mathematics classroom, students will be expected to communicate their understanding of mathematical concepts, receive feedback, and progress to deeper understanding. The teacher will use facilitation techniques such as rephrasing student comments, allowing wait time, and asking students to revise peer statements. These discussions will support students as they relate the everyday language of their world to mathematical language and symbols. Mathematical discourse will be an essential component of each unit of study and will provide detailed information to the instructor regarding student understanding and progress.

Visual Representation and Concrete Models:

Visual representation and concrete modeling will be utilized to support student understanding of key content standards. The teacher will model effective use of diagrams, concept maps, graphic organizers, and flow charts to show relationships between concepts and develop deeper understanding. Learning that utilizes different modes of instruction is necessary to promote both student understanding and long-term memory. The mathematical practice standards suggest that students look for and make use of structure (MP7), construct viable arguments (MP3), model with mathematics (MP4), and use appropriate tools strategically (MP5).

Chino Valley Unified School District

High School Course Description

In order to develop these mathematical habits, the teacher will emphasize meaningful relationships that connect concepts, utilize concept maps and graphic organizers to summarize lesson content and objectives, and facilitate student use of models and representations to demonstrate understanding. For example, teachers will use models to demonstrate the Pythagorean Theorem, utilize algebra tiles to demonstrate an algebraic expression, and use angles to demonstrate triangle congruencies.

Supporting Mathematical Practice 1: Make sense of problems and persevere in solving them

In Integrated Mathematics 3 Honors, students will discuss, think, work in groups, and share, which provides a classroom environment for students to make sense of problems, develop strategies, persevere in implementing the strategy, and analyze the results.

As students work collaboratively through problems, they will plan and execute a solution strategy. Each group member has the responsibility to monitor and evaluate the progress of the group, and to make suggestions for changing course, if necessary. Teachers will circulate through the room monitoring students' work, assessing progress, and redirecting with guided questions.

To bring closure and provide summary for each problem, teachers will ask thought-provoking questions that require students to explain their thinking and process. Multiple groups will present their solutions with class discussion centered on alternate solution paths, connections to prior concepts, and generalizations.

Supporting Mathematical Practice 2: Reason abstractly and quantitatively

Throughout the course, scenarios will help students recognize and understand that quantitative relationships seen in the real world are no different than quantitative relationships in mathematics. Some problems begin with real-world context to remind students that the quantitative relationships they already use can be formalized mathematically. Other problems will use real-world situations as an application of mathematical concepts.

Supporting Mathematical Practice 3: Construct viable arguments and critique the reasoning of others

In Integrated Math 3 Honors classrooms, students are active participants in their learning; they are doing the work, presenting solutions, and critiquing each other. The teacher facilitates the discussion and highlights important connections, strategies, and conclusions.

Each lesson ends with the statement "Be prepared to share your solutions and methods." Students are expected to be able to communicate their reasoning and critique the explanation of others. As students explain problem-solving steps or the rationale for a solution, they will internalize the process and reasoning behind the mathematics.

Supporting Mathematical Practice 4: Model with mathematics

Activities throughout the course provide opportunities for students to create and use multiple representations (words, tables, graphs, and symbolic statements) to organize, record, and communicate mathematical ideas.

Manipulatives and various models are incorporated throughout to develop a conceptual understanding of mathematical concepts. These activities provide opportunities for students to develop strategies and reasoning that will serve as the foundation for learning more abstract mathematics. To foster the transfer of student understanding from concrete manipulatives to the abstract procedures, a variety of instructional prompts are used.

High School Course Description

Supporting Mathematical Practice 5: Use appropriate tools strategically

In Integrated Mathematics 3 Honors, activities throughout the course facilitate the appropriate use of tools including graphing calculators, rulers, protractors, compasses, and manipulatives. Tools are used in a variety of ways to build conceptual understanding, to explore concepts, and to verify solutions. Worked examples are provided as appropriate within lessons to demonstrate how to use various tools.

Supporting Mathematical Practice 6: Attend to precision

Each lesson throughout the course provides opportunities for students to communicate precisely when writing their solutions and then sharing their solutions with their peers. Teachers ensure that students label units of measure and explain their reasoning using appropriate definitions and mathematical language.

Supporting Mathematical Practice 7: Look for and make use of structure

Activities throughout the course provide opportunities for students to analyze numeric, geometric, and algebraic patterns. Accompanying questions help students notice relationships for themselves as opposed to memorization of facts.

Supporting Mathematical Practice 8: Look for and express regularity in repeated reasoning

During activities throughout the course, students are provided opportunities to make observations, notice patterns, and make generalizations. Students are required to communicate their generalizations verbally and symbolically. This understanding will lead to greater transfer and ability to solve non-routine problems. In addition, teachers will facilitate discussions that highlight important connections, efficient strategies, and conclusions.

Assessment Including Methods and/or Tools:

- Daily Student Observation
- Formal Daily Assessment
- Performance Tasks
- End of Unit Test
- Projects
- Quizzes
- Semester Final Exam

A combination of both informal, formal, informative and summative assessments will be used to evaluate student progress towards students' ability to think mathematically, developing students' conceptual understanding of mathematics, and developing students' procedural fluency in mathematics.

Daily Student Observation:

Daily student observations are in class observations of students working on mathematics tasks, either independently or in groups. Walking around the room, actively listening to students, asking questions, directing discourse, and helping where needed are all forms of informal assessment. The instantaneous feedback to students about where to go next, what question they may want to ask themselves to gain insight into a problem, or simply correcting computational errors, results in this practice being a form of formative assessment. Teachers may use notes, or they may focus their observations using checklists based on specific skills and concepts. In addition to notes and checklists, teachers may also use student whiteboards, Thumbs Up/Thumbs Down, or Fist to Five, to informally determine student understanding of the concept being taught.

Chino Valley Unified School District

High School Course Description

Formal Daily Assessment:

Formal Daily Assessments are both in classroom and out of classroom assessments that teachers use to check for understanding. These assessments are typically done at the end of a lesson to see how much the students have learned. Examples of formal daily assessments are homework, class work, and Ticket out the Door. These types of assessments are formative because teachers use these assessments to gauge student understanding of the concept, procedure, or skill. Based on student results teachers modify lessons to meet the needs of their students.

Performance Tasks:

Performance Tasks consist of problems or scenarios that demand students engage in thinking about a problem, encourage them to justify their thinking, and often require students to engage with other students. Administered to individual students or to groups, performance tasks are often complex problem-solving activities that require students to apply prior knowledge in a given situation or to extend current knowledge in new directions.

Both closed tasks and open tasks are used in Performance Tasks. Closed tasks will ask students to provide one correct answer and usually there is only one correct way to reach that answer. In Integrated Math 3 Honors, closed tasks will be used to evaluate student procedural fluency in mathematics. Open tasks will come in two forms, open-middle tasks and open-ended tasks. Open-middle tasks require one correct answer; however, students may provide different paths to the answer. Open-middle tasks are effective in assessing how students solve problems and think about mathematics. They reveal students' thinking throughout the problem-solving process, and they give students the opportunity to develop and use their own strategies and to solve problems in ways that are most comfortable to them. Open-ended tasks have many correct answers and many correct routes to getting those answers. They include tasks that require students to make conjectures, solve non-routine problems, and justify their answers. Open-ended tasks often pose questions based on real situations, thereby giving the students a chance to see how mathematics is used outside the classroom. They often require students to make many decisions about using mathematics and sometimes require students to make assumptions and add pertinent information. They provide teachers with the opportunity to see how their students make problem-solving decisions and how they use the mathematics they have learned. Open-ended tasks also give students the opportunity to be creative and use their own ideas for solving problems. In Integrated Math 3 Honors, open tasks will be used to assess students' problem-solving ability and conceptual understanding.

Performance tasks will be given at the conclusion of units 3, 6, 9, and 12. The Performance tasks will be evaluated according to unit goals and objectives and scored with a Four-Point rubric shown below.

Got It: Evidence shows that the student essentially has the target concept or idea.

- Score of 4 Excellent: Full Accomplishment

Strategy and execution meet the content, process, and qualitative demands of the task. Communication is judged by effectiveness, not length. May have minor errors.

- Score of 3 Proficient: Substantial Accomplishment

Could work to full accomplishment with minimal feedback. Errors are minor, so the teacher is confident that understanding is adequate to accomplish objective.

Not Yet: Student shows evidence of major misunderstanding, incorrect concept or procedure, or failure to engage in task.

- Score of 2 Marginal: Partial Accomplishment

Chino Valley Unified School District

High School Course Description

Part of the task is accomplished, but there is a lack of evidence of understanding or evidence of not understanding. Direct input or further teaching is required.

- Score of 1 Unsatisfactory: Little Accomplishment

The task is attempted, and some mathematical effort is made. There may be fragments of accomplishment but little or no success.

End of Unit Test:

End of unit tests measure student learning of the content and skills in a unit. Such tests are linked to the specific learning goals of each unit (see course outline), the California Common Core Mathematics Standards for Integrated Mathematics 3 Honors and utilizing the Standards for Mathematical Practice. To effectively assess such goals, such tests should include various types of assessment items, including multiple choice, selected response, short answer, and both closed-tasks, and open-middle tasks (see Performance Tasks above). End of unit tests will be given at the end of each unit.

Projects:

Projects are another form of formal assessment that will be used in Integrated Mathematics 3 Honors. Projects are typically extended open-ended tasks. Like open-ended tasks, projects have many solutions with many routes to the solutions, but they require many more decisions from students, and projects typically will require students to work for a week or more. Projects focus on situations outside of school that require students to use different types of mathematics, such as algebra, geometry, or probability in the same task. Also, they connect mathematics to other subjects, such as language arts, science, social studies, art, or music.

Projects allow students to see mathematics in action outside the classroom by giving students a chance to connect mathematics with real situations and other subject areas. They also allow teachers to assess how students think, how our students persevere, and how they connect ideas. If presentations are part of the project, teachers are also able to see how students communicate mathematics orally.

Projects will be evaluated according to unit goals and objectives and scored with a Four-Point rubric shown below and will be given after units 2, 10, and 14.

Got It: Evidence shows that the student essentially has the target concept or idea.

- Score of 4 Excellent: Full Accomplishment

Strategy and execution meet the content, process, and qualitative demands of the task. Communication is judged by effectiveness, not length. May have minor errors.

- Score of 3 Proficient: Substantial Accomplishment

Could work to full accomplishment with minimal feedback. Errors are minor, so teacher is confident that understanding is adequate to accomplish objective.

Not Yet: Student shows evidence of major misunderstanding, incorrect concept or procedure, or failure to engage in task.

- Score of 2 Marginal: Partial Accomplishment

Quizzes:

In Integrated Mathematics 3 Honors, quizzes are used as formative assessments as part of a unit of study. Quizzes are linked to specific subset of learning goals within a unit of study, the California Common Core Mathematics Standards for Integrated Mathematics 3 Honors and pays attention to the Standards for Mathematical Practice. To effectively assess such goals, quizzes should include various types of assessment items, including multiple choice, selected response, short answer, and both closed-tasks and open-middle tasks (see Performance Tasks above). A minimum of two quizzes will be given per unit.

Semester Final Exams:

Semester final exams are summative assessments designed to measure student learning of the content and skills learned in a semester. Such exams are linked to the specific learning goals of each unit taught in the semester, the California Common Core Mathematic Standards for Integrated Mathematics 3 Honors, and the Standards for Mathematical Practice. To effectively assess such goals, these tests will include various types of assessment items, including multiple choice, selected response, short answer, and both closed-tasks and open-middle tasks (see Performance Tasks above).

Semester final exams will be given twice a year, at the end of both fall and spring semesters.

SUBJECT: BOYS REPUBLIC HS AND CHINO VALLEY ADULT SCHOOL STUDENT ATTENDANCE CALENDARS FOR THE 2026/2027, 2027/2028, AND 2028/2029 SCHOOL YEARS

=====

BACKGROUND

The Board will consider the Student Attendance Calendars for the 2026/2027, 2027/2028, and 2028/2029 school years. The Student Attendance Calendar is adopted sufficiently in advance of the school year in order to provide educational partners with ample time to provide input and conduct advance planning for the coming year. Additionally, adoption of the Student Attendance Calendars at this time permits the District to meet with exclusive representatives of the District’s certificated and classified employees regarding applicable work year calendars. The Student Attendance Calendar is not intended to constitute the employee work year calendar, which will be negotiated to the extent required by law.

This item was presented to the school site for feedback.

Consideration of this item supports the goals identified within the District’s Strategic Plan.

RECOMMENDATION

It is recommended the Board of Education receive for information the Boys Republic HS and Chino Valley Adult School Student Attendance Calendars for the 2026/2027, 2027/2028, and 2028/2029 school years.

FISCAL IMPACT

None.

Dr. Norm Enfield, Superintendent
Chino Valley Unified School District
5130 Riverside Drive
Chino, CA 91710-4130

Dear Dr. Enfield:

Thank you for your continued partnership during the Williams monitoring process. As part of my responsibilities under California Education Code section 1240, I am required to visit Williams-monitored schools in our county each year and share my findings with you on a quarterly basis (October, January, April, and July). This report is your district's third quarterly report for the 2024-25 school year.

Additionally, Education Code section 1240(c)(2)(C) requires that the results of these visits be shared with your governing school board at a regularly scheduled meeting held in accordance with public notification requirements. ***Please add this report to the agenda for your upcoming Board meeting.***

In summary, there are no findings to report in the following areas:

1. Instructional Materials

The instructional materials sufficiency reviews were conducted during the first quarter of the 2024-25 fiscal year as part of the Williams site visitation process and the findings were reported in the first quarterly reports generated in October 2024.

2. School Accountability Report Cards (SARC)

The SARC reviews were conducted during the second quarter of the 2024-25 fiscal year and the findings were reported in the second quarterly report generated in January 2025.

3. School Facilities

The facilities inspections were conducted during the first quarter of the 2024-25 fiscal year as part of the Williams site visitation process and the findings were reported in the first quarterly reports generated in October 2024.

4. Teacher Assignments

The 2023-24 annual assignment monitoring review findings were reported in the second quarterly report generated in January 2025. The annual assignment monitoring review for the 2024-25 fiscal year will begin once the necessary data is available from the Commission on Teacher Credentialing (CTC) and the California Department of

Education (CDE), and a preliminary review of the data has been conducted by our reviewers. Findings will be available in the corresponding quarterly report.

On behalf of the SBCSS Williams team, it is a pleasure to work in collaboration with you and your staff at Chino Valley Unified School District.

Sincerely,

A handwritten signature in cursive script that reads "Ted Alejandre".
