School Description

Cal Aero Preserve Academy is a learning community in which we strive to positively affect student outcomes through all school endeavors. We maintain a focus on student achievement while nurturing the social and emotional growth of our students. In partnership with students, their families, and our community, Cal Aero Preserve Academy's mission is to be a caring and accepting place where all students achieve academic and social success. Our pleasant environment is an inviting place where we advance community partnerships. It is the purpose of our teachers, support staff, and administrators to project an accepting and empathetic attitude toward students that enhances their capacity for meeting rigorous academic standards.

The Cal Aero Preserve Academy staff is committed to actively engaging students in meaningful learning activities. We utilize state and district adopted curriculum and programs within all our Kindergarten through 8th grade classrooms to provide significant learning experiences for our students. We also offer and utilize supplemental programs like music, drama, 21st Century Skills, and technology education to enhance our core programs and student learning.

Our highly committed staff at Cal Aero Preserve Academy motivates students to meet the challenges of our technologically advanced, ever-changing global society and sustain lifelong learning. Please do not hesitate to call or stop by our office for more information.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

On October 6, 2016, the Chino Valley Unified School District’s (CVUSD) Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted Resolution 2016/2017-10 which certifies as required by Education Code 60119 that (1) sufficient textbooks and instructional materials have been provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and context of the curriculum frameworks in the following subjects: history/social science, mathematics, reading/language arts, and science, (2) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, (3) laboratory equipment was available for science laboratory classes offered in grades 9-12, inclusive.

Textbooks and instructional materials are provided for each student for use in class and to take home. It was determined that each pupil in each school has sufficient textbooks and instructional materials that are aligned to the academic content standards in the core subject areas for the 2016/2017 school year.

*Please note: In reference to materials not from a most recent State Board adoption: For grades K-6, CVUSD elected to wait for new additions of State Board approved materials that would be aligned with current Common Core State Standards. To ensure alignment with current state standards, the K-6 Houghton Mifflin Company; HM California Reading textbook was supplemented with English Language Arts (ELA) units of study that were written by our ELA teachers using the rigorous curriculum design model, while also focusing on Common Core State Standards. In November 2015, the California State Board of Education approved a list of ELA/ELD programs for districts to consider for their new adoption. CVUSD studied the program options available, and continued to use and refine the ELA/ELD Units of Study in order to make an informed choice for the new adoption. In April 2016, the K-6 Adoption Committee was formed and began the adoption process. In mid-May, the K-6 Adoption Committee voted to only pilot McGraw Hill in 40 classrooms across the District and in 20 schools. In January 2017, the new K-6 ELA/ELD materials will be submitted for Board approval. Once Board approved, these materials will be available in classrooms in the 2017-2018 school year.

For grades 7-8, CVUSD elected to wait for new additions of State Board approved materials that would be aligned with current Common Core State Standards. To ensure alignment with current state standards, the McDougal Littell Reading and Language Arts textbook is being supplemented with English Language Arts (ELA) units of study that were written by our ELA teachers using the rigorous curriculum design model. These supplemental units were focused on Common Core State Standards.

School Facility Conditions and Planned Improvements (Most Recent Year)

The Chino Valley Unified School District provides a safe, clean environment for students, staff, and parents. Custodians ensure classrooms, restrooms, and campus grounds are kept clean and safe. A scheduled maintenance program is in place to keep all classrooms and facilities well-maintained and provide an environment that is conducive to learning. The school site complies with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards.

Safety concerns are the number one priority of Chino Valley Maintenance and Operations department. District maintenance supervisors are proactive and conduct inspections at school sites on a continual basis. Classrooms, bathrooms, and general areas are kept in good repair and receive basic cleaning on a daily basis. Detailed cleaning is done during vacation periods.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Parental involvement is an essential component in helping to educate our students at Cal Aero Preserve Academy. Parents and community members are very supportive of the educational program at Cal Aero Preserve Academy and parents are encouraged to become involved in the education of their children by volunteering at the school, participating in school activities, and joining school committees and councils. To that end, Cal Aero Preserve Academy has exceptional parent participation at many different levels. The Preserve Academy PTA provides varied educational enhancements, not only through funding, but also by being actively involved in all school related programs. The PTO supports the instructional program by providing funding and/or volunteers for various instructional support programs. The PTO also supports social opportunities for students and their families with family fun nights and various parent/student activities. Daily classroom and co-curricular activities beckon parents to become involved. Parents participate in PTA forums and school sponsored parent education opportunities to learn about and give input into current events taking place at the school. The Cal Aero Preserve Academy School Site Council, composed of staff and parents, reviews the instructional program and approves funding for supplementary educational materials, support technology, and staff professional development. Additional opportunities for parent and community involvement and input include participating in our English Learner Advisory Committee, Safety Committee, and GATE Advisory Committee. Each of these important advisory committees meets regularly throughout the year and all interested parents and community members are invited to attend.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Each school has a detailed School Site Safety Plan for emergencies. Each staff member is assigned a specific responsibility in the event of an emergency. Staff members are trained in the plan's components and procedures. Fire, earthquake, and intruder drills are held on a regular basis so that all students and staff are familiar with emergency procedures. Emergency supplies are located on each campus in the event of an emergency.

Assigned staff monitors school grounds daily before, during, and after school. The District policy regarding campus visitors is enforced by requiring everyone to check in at the school office and obtain a visitor's badge. A visitor sign-in log is located in the school office and all visitors must sign in before going onto the campus. In addition, all visitors must wear an identifying badge while on campus. To increase security, all gates remain locked during the school day, so visitors must enter campus through the school office.

The Chino Valley Unified School District is committed to providing an environment that fosters health and safety, in both form and function. This commitment extends to the process of developing and maintaining a comprehensive Emergency and Disaster Preparedness Plan as a part of the District's Safe Schools Plan and is evident from the individual site to the overall District. These plans delineate actions to protect all students while they are at school. The plans are designed with the help of security staff members, local law enforcement, local fire, and emergency management, and public health officials as required by Education Code 32280-32282.

Plans are reviewed and updated yearly in accordance with Education Code 32286. These plans include procedures to respond to critical incidents, such as fire, earthquake, or intruders. School personnel practice these drills regularly.

The primary purpose of the Chino Valley Unified School District Emergency and Disaster Preparedness Plan is to define roles and responsibilities at the site and between the site and district office management. The Emergency and Disaster Preparedness Plan establishes the minimum requirements for school and site plans throughout the District. This Plan meets the requirements of the Standardized Emergency Management System (SEMS) as mandated by California Code of Regulations, Sections 2400-2450, and the National Incident Management System (NIMS) as mandated by Government Code 8607. It also meets the requirements for earthquake preparedness found in Title 5 (California State Education Code, Sections 35295-35297).

Professional Development provided for Teachers

The Chino Valley Unified School District is committed to high quality Professional Learning to support the instructional capacity of teachers and leaders. Professional learning opportunities are aligned to CVUSD's Area of Emphasis for Common Core ELA, Common Core Math, 4C's-Critical Thinking, Student Behavior, Instructional Technology and Formative Assessments. These areas were identified by the Teaching and Learning Task Force as focus areas for our district in 2015-16. Professional learning opportunities are evaluated through survey results, feedback, and next steps from End-Users. Professional learning opportunities are varied in its delivery: district-wide days during school hours, after-school workshops and volunteer sessions. Implementation for learning is supported through Site-Based PD from Site Administrators and coaching opportunities from Intervention Specialists.

Types of Services Funded

The district's general fund includes monies for:

1. General operations- services, materials, and support to the general education.
2. Specific education-programs offering appropriate, individualized education to students with special needs.
3. Special projects- monies from agencies (e.g., federal, state) earmarked for specific services.
4. Transportation
5. Maintenance and operations
6. District administration
7. LCFF/LCAP- Serves targeted students of the district See District's LCAP plan located on www.cvusd.k12.ca.us

Each school in the district receives an instructional budget based upon enrollment, programs and on formulas set by the Board of Education policy, state law, agreements with employee bargaining units, and guidelines of outside funding agencies.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
