**Narrator:** There are 8 planets.

**Sun:** I am a star and bring light to the planets.

**Mercury:** I am Mercury, the closest planet to the sun. I burn extremely hot!

**Venus:** I am Venus the second closest planet to the sun. I am sizzling hot!

**Sun, Mercury, and Venus:** We are part of the solar system

**Earth:** I am Earth, the third planet from the sun. I have living things on my planet. Air, Land, Water make up my planet.

**Moon:** Earth has one moon. I travel around Earth.

**Mars:** I am Mars. I’m called the red planet. Earth is my closest neighbor.

**Sun, Mercury, Venus, Earth, Moon, and Mars:** We are part of the solar system

**Narrator:** Mercury, Venus, Earth, and Mars make up the inner solar system.

**Mercury, Venus, Earth, and Mars:** We are the inner planets
Jupiter: I am Jupiter, the largest planet. It takes me 12 earth years to orbit the sun.

Saturn: I am Saturn. I am known for my rings. I have seven known rings.

Sun, Mercury, Venus, Earth, Moon, Mars, Jupiter, and Saturn: We are part of the solar system.

Uranus: I am Uranus. My day is 17 hours long not 24 hours like Earth.

Neptune: I am Neptune. I am the furthest from the sun. I am very cold.

Narrator: These are the outer planets of the solar system.

Jupiter, Saturn, Uranus, and Neptune: We are the outer planets.

Sun, Mercury, Venus, Earth, Moon, Mars, Jupiter, Saturn, Uranus, and Neptune: We are part of the solar system.

To differentiate students can make a background, costumes, and props. This can engage the other students in the classroom and bring out their creativity.
