of the

Citizens' Oversight Committee

for the

2012/2013 School Year

June 2013

Annual Report of The Citizens' Oversight Committee 2012/2013 School Year

Purpose

The Citizens' Bond Oversight Committee (referred to as "the Committee" or "CBOC" for the remainder of this document) is charged with informing the public concerning the expenditure of bond proceeds of Measure M. The exact details of the purpose of an oversight Committee and their duties are specified in the California Constitution (AB 1908), and are summarized in the Committee's bylaws. The bylaws state that "The purpose of the Committee as set forth in Proposition. 39 is to inform the public at least annually by issuing a written report concerning the expenditure of bond proceeds from Measure M which was approved by the voters March 5, 2002." The Committee is required within the annual report to certify, if valid, that CVUSD is in compliance with Article XIIIA, Section 1(b)(3) of the California Constitution.

Committee Members and School District Staff

The Committee is currently comprised of eleven (11) members. Two vacancies existed due to the lack of candidate applications and the resignation of one member. September 2012 nominations and election of CBOC officers resulted in Roman Nava being voted as Chairperson, Glenn Duncan as Vice Chairperson, and Valerie James as Secretary for the 2012-2013 school year. Six positions will became open when current committee members' terms expire on June 30, 2013. Including the vacancies, a total of eight (8) positions are available to be filled.

The committee met a total of four times, September 10 and December 3, 2012, and March 4 and June 10, 2013, the minutes of which are attached hereto. A brief meeting was scheduled for June 17 to approve the annual report and meeting minutes for June 10, 2013. The June 17th meeting did not have a quorum of members.

The School District (District) was represented by Mr. Greg Stachura, Assistant Superintendent of Facilities; Mr. Michael Chapko, Director of Maintenance, Operations and Construction, and Mr. Bill Childress, Construction Coordinator; with support from Ms. Iris Chu and Ms. Laurie Trimbach.

We would like to thank all exiting Committee members for their dedication and commitment to the school district's construction program. Each of them has provided a valuable service to the community.

Performance Audits

Mr. Royce Townsend, California Certified Public Account and a partner with Vavrinek, Trine, Day & Co., LLP addressed the committee regarding the Measure M bond performance and financial audits for the District. The audit report disclosed no instances of non-compliance with the terms of Proposition 39 or the terms of the Bond measure as approved by the District voters.

Bond Funds

Mr. Stachura distributed to the committee and reviewed the Expenditure Report at every meeting with adjusted figures reflected for applicable quarter. In addition to the bond measure amount of \$150 million, \$10,420,226.90 was earned in interest as of March 31, 2013; \$950,326.03 was transferred from San Bernardino County for construction of county classrooms, bringing the net total to \$161,370,552.13. Of this amount, \$160,635,078.44 has been spent, leaving a cash balance of \$735,473.69, as of May 31, 2013.

School Site Visits/Dedications

The CBOC did not visit any school site during this fiscal year. All members were invited to attend the Pool Dedication at Chino Hills High School on May 16, 2013.

Communications with the School District

Meeting minutes were submitted quarterly to the Board as an information item, requiring no formal presentation. One written report, the annual report, will be orally presented to the Board in June 2013.

Construction Update

Mr. Stachura, Mr. Chapko and/or Mr. Childress gave a presentation and construction update at every meeting providing information on the status and progress of each site. The following projects were completed:

- 1. Magnolia Junior High:
 - a. Library Expansion/Renovation
 - b. School Modernization
- 2. Glenmeade Elementary School:
 - a. Exterior Modernization
 - i. New Parking Lot
 - ii. ADA Upgrades
 - iii. New Kindergarten play equipment/asphalt and grass areas.
 - iv. Re-engineered north slope
 - v. Bus Cut out
 - b. Interior Modernization
- 3. Briggs Fundamental School:
 - a. Modernization
 - b. HVAC Replacement
- 4. Cattle Elementary School: New Classroom Wing Addition
- 5. Chino Hills High School: New Swimming Pool/Aquatics Center

Respectfully submitted,

CITIZENS' BOND OVERSIGHT COMMITTEE

Meeting Minutes September 10, 2012

Call to Order: The meeting was called to order at 5:31 p.m.

Members present were Patti Arlt, Art Bennett, Kevin Cisneroz, Debra Dorst-Porada, Glenn Duncan, Brian Johsz, Al Matta, Roman Nava, Nicholas Yaroma, and David Tennies. Greg Stachura and Michael Chapko represented District staff.

Members present approved adding to the agenda to elect chairman, vice chairman, and secretary. Mr. Bennett made a motion, seconded by Mr. Cisneroz, to nominate Mr. Nava as chairman, and all members approved. Mr. Nava made a motion, seconded by Mr. Bennett, to nominate Mr. Duncan as vice chairman, and all members approved. Mr. Bennett made a motion, seconded by Mr. Cisneroz, to nominate Ms. James to continue as secretary, and all members approved.

1. Public Comment

None.

2. Approval of Minutes from June 25, 2012

Action on this item was delayed to the next meeting due to a lack of quorum of members present at that meeting who can approve the minutes.

3. Introduction of New Members

New members, Al Matta, Debra Dorst-Porada, Brian Johsz, and Nick Yaroma, introduced themselves to the committee.

4. Expenditure Report for Period Ending August 31, 2012

Mr. Stachura said the District is in the tenth year of the bond measure and things are winding down. Some of the projects were completed prior to school starting this year and a few are still ongoing. The report for expenditures made during the period ending August 31, 2012 (attached), was distributed to committee members and reviewed by Mr. Stachura. In addition to the bond measure amount of \$150,000,000.00, \$10,402,109.17 in interest was earned as of June 30, 2012; \$950,326.03 was transferred from San Bernardino County for construction of county classrooms, bringing the net total receipts to \$161,352,434.40. \$155,005,073.06 has been spent, leaving a balance of \$6,347,361.34 as of August 31, 2012.

Meeting Dates

Mr. Nava discussed the prior meeting dates. Mr. Tennies suggested meeting quarterly. After discussion, December 3, 2012, March 4, 2013, and June 10, 2013 dates at 5:30 p.m. were selected for the upcoming meeting dates.

6. Construction Update

Mr. Chapko reviewed various projects as designed and constructed. The Construction Update is attached. Since the project at Magnolia JHS is not being funded by Measure M, Mr. Tennies moved to remove the project from the construction update for Measure M. Mr. Nava asked if it is possible to do a school bus tour of some of the major completed Measure M projects. Mr. Stachura said he's willing to set up a tour for those members interested in doing so. Mr. Chapko reviewed the procedures for keeping construction activities secure from the students on campus. Mr. Stachura distributed and discussed the updated Facilities Assessment Report, which is attached.

7. Member Communications

Members reported on various upcoming community events.

8. Other Topics

Meeting was adjourned at 6:38 p.m. The next meeting is scheduled for December 3, 2012.

Citizen's Oversight Committee Meeting Construction Update Overview, September 10, 2012 (Updates since June 25, 2012 meeting are in bold) Prepared and Presented by Bill Childress, Construction Coordinator

New Classroom Wing Addition at Cattle ES

Contract awarded to PacWest Construction. Work began June 30, 2011.

Classrooms and exterior areas were ready for student and teacher occupancy on August 27, for first day of school. All construction activities are 100% complete. A punch list has been created identifying all required corrections. Corrections are 90% complete

Modernization & HVAC Replacement at Briggs FS

Contract awarded to Harik Construction. Work began July 25, 2011.

Classrooms and exterior areas were ready for students and teacher occupancy on August 27, the first day of school. All construction activities are 100% complete. A punch list has been created identifying all required corrections. Corrections are approximately 80% completed.

Swimming Pool at Chino Hills HS

Contract awarded to Construct 1. Work began April 8, 2012 with completion expected by January 31, 2013.

Project is estimated at 50% complete. All CMU structures are completed, currently working on roof framing at each building. Buildings should be dried in (ready for interior finishes) within approximately 45 days. New gas line is in place and scheduled for connection this month. All other utilities are in place. Contractor is currently placing pool tile and should be completed within one week. We have verified that the pool equipment is at the contractor's shop. We are currently a week and a half ahead of schedule.

Interior Modernization Work at Glenmeade ES

Contract awarded to WCCR Construction. Work began June 11, 2012.

With the exception of the installation of new lock cylinders, due to a delay in materials delivery, all classrooms were completed and ready for students and teacher occupancy August 27, the first day of school. A punch list was been created identifying all required corrections and corrections are 100% complete.

Exterior Modernization Work at Glenmeade ES

Contract awarded to WCCR Construction. Work began June 11, 2012.

Exterior areas required to facilitate the opening of school were completed by August 27. These include the new parking lot, ADA upgrades for the existing parking lot and main campus, new kindergarten play equipment/asphalt and grass areas. The re-engineered north slope and the new ADA accessible switchback, connecting the lower playground to the upper field, are completed. Completion of the upper field has been delayed pending permit approval from the City of Chino Hills for the bus cutout. Once the permit is approved, we have approximately 3 to 4 weeks of construction activity remaining. Activities needing completion include; irrigation and planting of the north slope, irrigation and planting of the upper field, bus cutout and related activities, such as new concrete walkways and fencing.

Magnolia Junior High School Modernization & Library Renovation

Although originally a Measure M project, sufficient Measure M funding was not available to begin the project and it was temporarily shelved. Funding from CFD4 will be utilized to cover the cost of this project.

Contract awarded to WCCR Construction. Work began August 10, 2012 and completion is expected by March 22, 2013. Prior to the start of school, the following was completed; computer lab and special education classes have been relocated to temporary classrooms. Demolition is completed in the old woodshop, special education, classrooms and computer lab. Demolition and replacement of concrete at thresholds.

CITIZENS' BOND OVERSIGHT COMMITTEE

Meeting Minutes March 4, 2013

Call to Order: Chairman Roman Nava called the meeting to order at 5:30 p.m.

Members present were Art Bennett, Al Boling, Kevin Cisneroz, Valerie James, Al Matta, Roman Nava, and Nick Yaroma. Greg Stachura and Bill Childress represented District staff.

Mr. Art Bennett led the group in the Pledge of Allegiance.

1. Public Comment

None.

2. Approval of Minutes for December 3, 2012

Mr. Bennett made a motion to approve the minutes for December 3, 2012, Mr. Boling seconded the motion, motion passed. Vote: 6 yes, 0 no, 2 absent, 1 abstain. Ms. James abstained because she wasn't at the meeting.

3. Approval of Minutes for June 25, 2012 and September 10, 2012

Three of the current members were on the committee and present at the June 25, 2012, Mr. Nava, Ms. James, and Mr. Athans. Mr. Nava made a motion and Ms. James seconded to approve the minutes of the meeting; Mr. Athans was absent.

Mr. Bennett made a motion and Mr. Cisneroz seconded to approve the minutes of the September 20, 2012. Mr. Boling and Ms. James abstained.

4. Measure M Financial and Performance Audits - VTD

Mr. Royce Townsend from Vavrinek, Trine, Day & Co., LLP, addressed the committee regarding the Prop 39 Measure M bond performance and financial audits performed for the District. Members received copies of the audit report (attached). Mr. Townsend provided an overview of the report. He stated there were no exceptions as a result of the audits.

5. Expenditure Report for Period Ending February 28, 2013

Mr. Stachura reviewed the report for expenditures made during the period ending February 28, 2013 (attached). In addition to the bond measure amount of \$150,000,000.00, \$10,417,434.66 in interest was earned as of December 31, 2012; \$950,326.03 was transferred from San Bernardino County for construction of county classrooms, bringing the net total receipts to \$161,367,759.89. \$159,554,417.80 has been spent, leaving a balance of \$1,813,342.09 as of February 28, 2013. Mr. Stachura said this balance was remaining as of February 28th; however, the majority of that has been encumbered for the several projects that are wrapping up. After those projects are complete, there will be between \$200,000.00 and \$400,000.00 remaining.

Further discussion was held regarding another local bond measure and the need for additional work at the school sites. Mr. Bennett suggested including in the committee's annual report a recommendation for a new bond measure due to the facilities needs of the District.

6. Construction Update

Mr. Stachura distributed and discussed the Construction Update for March 4, 2013 (attached).

7. Planning Update

Mr. Stachura said with the \$200,000.00 to \$400,000.00 remaining Measure M funds, there are a few remaining smaller projects from the FAR that could possibly be completed, such as covered walkways, lunch shelters, expansion of teacher work areas and office space, marquees, new furniture. A lunch shelter at Chino HS was on the list and the cost of doing that project is being investigated.

8. New Members for 2013/2014

Mr. Stachura said recent legislation was passed regarding citizen bond oversight committees that increased the number of terms that can be served by one individual from two two-year terms to three two-year terms. He is waiting for clarification from legal counsel if it includes current members who want to continue serving or is limited to future member terms. Two terms have been served by Ms. James and Mr. Bennett. Mr. Athans and Mr. Nava can reapply for a second term.

9. Measure M Project Tour Date(s)

After discussion it was determined that a tour would not be planned presently. Mr. Boling suggested assembling Measure M project photos into a "virtual tour" CD to be made available to committee and community members.

10. Member Communications

Members reported on various upcoming community events.

11. Other Topics

The next meeting is scheduled for June 10, 2013. Mr. Stachura recommended working on the annual report before the meeting so the committee would be able to review and approve it at that meeting.

Meeting adjourned at 6:30 p.m.

INDEPENDENT AUDITORS' REPORT

Governing Board and Citizens' Oversight Committee Chino Valley Unified School District Chino, California

We have audited the accompanying financial statements of the Chino Valley Unified School District (the District) Building Fund (Measure M) as of and for the year ended June 30, 2012, as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the Building Fund specific to Measure M and are not intended to present fairly the financial position and results of operations of the Chino Valley Unified School District in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to previously present fairly, in all material respects, the financial position of the Building Fund (Measure M) of the Chino Valley Unified School District at June 30, 2012, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 30, 2013, on our consideration of the District Building Fund's (Measure M) internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Chino Valley Unified School District Building Fund (Measure M) conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA). The Chino Valley Unified School District Building Fund accounts for financial transactions in accordance with the policies and procedures of the California School Accounting Manual.

Financial Reporting Entity

The financial statements include only the Building Fund of the Chino Valley Unified School District used to account for Measure M projects. This Fund was established to account for the expenditures of general obligation bonds issued under the General Obligation Bonds Election of 2002. These financial statements are not intended to present fairly the financial position and results of operations of the Chino Valley Unified School District in compliance with accounting principles generally accepted in the United States of America.

Fund Accounting

The operations of the Building Fund (Measure M) are accounted for in a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures. Resources are allocated to and accounted for in the fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Basis of Accounting

The Building Fund (Measure M) is accounted for using a flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources.

Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds. The District's governing board adopts an operating budget no later than July 1 in accordance with State law. A public hearing must be conducted to receive comments prior to adoption. The District's governing board satisfied these requirements. The Board revises this budget during the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

Encumbrances

The District utilizes an encumbrance accounting system under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. Encumbrances are liquidated when the commitments are paid and all outstanding encumbrances are liquidated at June 30 since they do not constitute expenditures or liabilities.

Fund Balance - Building Fund (Measure M)

As of June 30, 2012, the fund balance is classified as follows:

Restricted – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Spending Order Policy

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the governing board has provided otherwise in its commitment or assignment actions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - INVESTMENTS

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State: U.S. Treasury instrument; registered State warrants or treasury notes: securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreement; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security, and collateralized mortgage obligations.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

Investment in County Treasury

The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (*Education Code* Section 41001). The fair value of the District's investment in the pool is reported in the accounting financial statement at amounts based upon the District's pro-rata share of the fairly value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

General Authorizations

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

	Maximum	Maximum	Maximum

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value is to changes in market interest rates. The District manages its exposure to interest rate risk by investing in the San Bernardino County Investment Pool. The District maintains a Building Fund investment of \$10,264,239 with the San Bernardino County Investment Pool. The fair value of this investment is approximately \$10,289,876 with an average maturity of 357 days.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Governing Board and Citizens' Oversight Committee Chino Valley Unified School District Chino, California

We have audited the accompanying financial statements of the Chino Valley Unified School District (the District), Building Fund (Measure M), as of and for the year ended June 30, 2012, and have issued our report thereon dated January 30, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

As discussed in Note 1, the financial statements present only the Building Fund specific to Measure M and are not intended to present fairly the financial position and results of operations of Chino Valley Unified School District in conformity with accounting principles generally accepted in the United States of America.

Internal Control Over Financial Reporting

Management of the District Building Fund's (Measure M) is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Chino Valley Unified School District Building Fund's (Measure M) internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Chino Valley Unified School District Building Fund's (Measure M) internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Chino Valley Unified School District Building Fund's (Measure A) internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined previously.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Chino Valley Unified School District Building Fund's (Measure M) financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the governing board, management, the Measure M's Citizens' Oversight Committee, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON PERFORMANCE

Governing Board and Citizens' Oversight Committee Chino Valley Unified School District Chino, California

We were engaged to conduct a performance audit of the Chino Valley Unified School District (the District), Measure M General Obligation Bond funds for the year ended June 30, 2012.

We conducted this performance audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusion based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our conclusions based on our audit objectives.

Our audit was limited to the objectives listed within the report which includes determining the District's compliance with the performance requirements as referred to in Proposition 39 and outlined in Article XIIIA, Section 1(b)(3)(C) of the California Constitution. Management is responsible for the District's compliance with those requirements.

In planning and performing our performance audit, we obtained an understanding of the District's internal control in order to determine if the internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39 and outlined in Article XIIIA, Section 1(b)(3)(C) of the California Constitution. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

The results of our tests indicated that the District expended Measure M General Obligation Bond funds only for the specific projects approved by the voters, in accordance with Proposition 39 and outlined in Article XIIIA, Section 1(b)(3)(C) of the California Constitution.

JUNE 30, 2012

AUTHORITY FOR ISSUANCE

The Measure M Bonds are issued pursuant to the Constitution and laws of the State of California (the State), including the provisions of Chapters 1 and 1.5 of Part 10 of the California *Education Code*, and other applicable provisions of law. The Bonds are authorized to be issued by a resolution adopted by the Board of Supervisors of the County on March 5, 2002 (the Resolution), pursuant to a request of the District made by a resolution adopted by the Board of Education of the District on December 6, 2001.

The District received authorization at an election held on March 5, 2002, to issue bonds of the District in an aggregate principal amount not to exceed \$150,000,000 to finance specific construction and renovation projects approved by eligible voters within the District. The proposition required approval by at least 55 percent of the votes cast by eligible voters within the District (the 2002 Authorization).

PURPOSE OF ISSUANCE

"To relieve overcrowding; repair, upgrade, construct, acquire, equip neighborhood schools/classrooms; install fire doors; replace outdated plumbing sewer and decayed drainage systems, leaking, rundown roofs/bathrooms; upgrade electrical wiring for technology; improve student safety conditions; and qualify for State funds by issuing \$150,000,000 of bonds at legal rates, requiring annual audits, citizen oversight, and no money for administrators' salaries"

AUTHORITY FOR THE AUDIT

On November 7, 2000, California voters approved Proposition 39, the Smaller Classes, Safer Schools and Financial Accountability Act. Proposition 39 amended portions of the California Constitution to provide for the issuance of general obligation bonds by school districts, community college districts, or county offices of education, "for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of rental property for school facilities", upon approval by 55 percent of the electorate. In addition to reducing the approval threshold from two-thirds to 55 percent, Proposition 39 and the enacting legislation (AB 1908 and AB 2659) requires the following accountability measures as codified in *Education Code* sections 15278-15282:

- 1. Requires that the proceeds from the sale of the bonds be used only for the purposes specified in Article XIIIA, Section 1(b)(3)(C) of the California Constitution, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.
- 2. The school district must list the specific school facilities projects to be funded in the ballot measure, and must certify that the governing board has evaluated safety, class size reduction and information technology needs in developing the project list.
- 3. Requires the school district to appoint a citizens' oversight committee.
- 4. Requires the school district to conduct an annual independent financial audit and performance audit in accordance with the *Government Auditing Standards* issued by the Comptroller General of the United States of the bond proceeds until all of the proceeds have been expended.
- 5. Requires the school district to conduct an annual independent performance audit to ensure that the funds have been expended only on the specific projects listed.

JUNE 30, 2012

OBJECTIVES OF THE AUDIT

- 1. Determine whether expenditures charged to the Building Fund have been made in accordance with the bond project list approved by the voters through the approval of Measure M.
- 2. Determine whether salary transactions charged to the Building Fund were in support of Measure M and not for District general administration or operations.

SCOPE OF THE AUDIT

The scope of our performance audit covered the period of July 1, 2011 to June 30, 2012. The population of expenditures tested included all object and project codes associated with the bond projects. The propriety of expenditures for capital projects and maintenance projects funded through other State or local funding sources, other than proceeds of the bonds, were not included within the scope of the audit. Expenditures incurred subsequent to June 30, 2012, were not reviewed or included within the scope of our audit or in this report.

PROCEDURES PERFORMED

We obtained the general ledger and the project expenditure reports prepared by the District for the fiscal year ended June 30, 2012 for the Building Fund (Measure M). Within the fiscal year audited, we obtained the actual invoices and other supporting documentation for a sample of expenditures to ensure compliance with the requirements of Article XIIIA, Section 1(b)(3)(C) of the California Constitution and Measure M as to the approved bond projects list. We performed the following procedures:

- 1. We selected a sample of expenditures for the period starting July 1, 2011 and ending June 30, 2012, and reviewed supporting documentation to ensure that such funds were properly expended on the specific projects listed in the ballot text.
- 2. Our sample included transactions totaling \$8,106,091. This represents 73 percent of the total expenditures of \$11,068,316.
- 3. We verified that funds from the Building Fund (Measure M) were generally expended for the construction, renovation, furnishing and equipping of District facilities constituting authorized bond projects. In addition, we verified that funds held in the Building Fund (Measure M) were used for salaries of administrators only to the extent they perform administrative oversight work on construction projects as allowable per Opinion 04-110 issued on November 9, 2004, by the State of California Attorney General.

CONCLUSION

The results of our tests indicated that, in all significant respects, the Chino Valley Unified School District has properly accounted for the expenditures held in the Building Fund (Measure M) and that such expenditures were made for authorized Bond projects. Further, it was noted that funds held in the Building Fund (Measure M), and expended by the District, were used for salaries of administrators only to the extent they perform administrative oversight work on construction projects as allowable per Opinion 04-110 issued on November 9, 2004, by the State of California Attorney General.

CITIZENS' BOND OVERSIGHT COMMITTEE

Meeting Minutes June 10, 2013

Call to Order: Chairman Roman Nava called the meeting to order at 5:30 p.m.

Members present were Ted Athans, Al Boling, Kevin Cisneroz, Valerie James, Brian Johsz, Al Matta, and Roman Nava. Greg Stachura represented District staff.

Mr. Brian Johsz led the group in the Pledge of Allegiance.

1. Public Comment

None.

2. Approval of Minutes for March 4, 2013

Mr. Boling made a motion to approve the minutes for March 4, 2013; Ms. James seconded the motion; motion passed. Mr. Athans and Mr. Johsz abstained as they did not attend the meeting.

3. Expenditure Report for Period Ending May 31, 2013

Mr. Stachura reviewed the report for expenditures made during the period ending May 31, 2013 (attached). In addition to the bond measure amount of \$150,000,000.00, \$10,420,226.90 in interest was earned as of March 31, 2013; \$950,326.03 was transferred from San Bernardino County for construction of county classrooms, bringing the net total receipts to \$161,370,552.13. \$160,635,078.44 has been spent, leaving a balance of \$735,473.69 as of May 31, 2013. Remaining unencumbered funds are estimated to be between \$25,000.00 and \$50,000.00.

Further discussion was held regarding future local bond measures, the need for additional work at the school sites, and ways to determine the most important needs to be addressed.

4. Annual Report

Ms. James was thanked for composing the annual report, which the committee reviewed and discussed.

5. Next Meeting to Approve Annual Report

The next meeting to approve the annual report was scheduled for Monday, June 17, 2013. The next Board of Education meeting to present the report is June 27th. After discussion, the committee agreed on the first meeting date for the 2013/2014 fiscal year for September 16, 2013, at 5:30 p.m.

6. Construction Update

Mr. Stachura distributed and discussed the Construction Update for June 10, 2013 (attached).

7. Planning Update

Possible projects for the remainder of bond funds are an electronic marquee at Buena Vista HS, approximately 40 computers for use in the new library at Magnolia JHS, and potential furniture purchases.

8. New Members for 2013/2014

This topic was discussed out of order after the approval of minutes.

Mr. Stachura confirmed that a recently passed Assembly Bill increases the number of terms that can be served by members on citizen bond oversight committees from two two-year terms to three two-year terms. Those members who have served two terms, Ms. James and Mr. Bennett, can serve an additional term if they choose. Mr. Athans and Mr. Nava can reapply for a second term. Mr. Duncan and Ms. Arlt can be reappointed for a second term by City of Chino and the Chamber of Commerce respectively.

The Annual Report

of the

Citizens' Oversight Committee

for the

2012/2013 School Year

June 2013

Annual Report of The Citizens' Oversight Committee 2012/2013 School Year

Purpose

The Citizens' Bond Oversight Committee (referred to as "the Committee" or "CBOC" for the remainder of this document) is charged with informing the public concerning the expenditure of bond proceeds of Measure M. The exact details of the purpose of an oversight Committee and their duties are specified in the California Constitution (AB 1908), and are summarized in the Committee's bylaws. The bylaws state that "The purpose of the Committee as set forth in Proposition. 39 is to inform the public at least annually by issuing a written report concerning the expenditure of bond proceeds from Measure M which was approved by the voters March 5, 2002." The Committee is required within the annual report to certify, if valid, that CVUSD is in compliance with Article XIIIA, Section 1(b)(3) of the California Constitution.

Committee Members and School District Staff

The Committee is currently comprised of eleven (11) members. Two vacancies existed due to the lack of candidate applications and the resignation of one member. September 2012 nominations and election of CBOC officers resulted in Roman Nava being voted as Chairperson, Glen Duncan as Vice Chairperson, and Valerie James as Secretary for the 2012-2013 school year. Six positions will became open when current committee members' terms expire on June 30, 2013. Including the vacancies, a total of eight (8) positions are available to be filled. The committee met a total of four times, September 10 and December 3, 2012, and March 4 and June 10, 2013, the minutes of which are attached hereto. A brief meeting was scheduled for June 17 to approve the annual report and meeting minutes for June 10, 2013.

The School District (District) was represented by Mr. Greg Stachura, Assistant Superintendent of Facilities; Mr. Michael Chapko, Director of Maintenance, Operations and Construction, and Mr. Bill Childress, Construction Coordinator; with support from Ms. Iris Chu and Ms. Laurie Trimbach.

We would like to thank all exiting Committee members for their dedication and commitment to the school district's construction program. Each of them has provided a valuable service to the community.

Performance Audits

Mr. Royce Townsend, California Certified Public Account and a partner with Vavrinek, Trine, Day & Co., LLP addressed the committee regarding the Measure M bond performance and financial audits for the District. The audit report disclosed no instances of non-compliance with the terms of Proposition 39 or the terms of the Bond measure as approved by the District voters.

Bond Funds

Mr. Stachura distributed to the committee and reviewed the Expenditure Report at every meeting with adjusted figures reflected for applicable quarter. In addition to the bond measure amount of \$150 million, \$10,420,226.90 was earned in interest as of March 31, 2013; \$950,326.03 was transferred from San Bernardino County for construction of county classrooms, bringing the net total to \$161,370,552.13. Of this amount, \$160,635,078.44 has been spent, leaving a cash balance of \$735,473.69, as of May 31, 2013.

School Site Visits/Dedications

The CBOC did not visit any school site during this fiscal year. All members were invited to attend the Pool Dedication at Chino Hills High School on May 16, 2013.

Communications with the School District

Meeting minutes were submitted quarterly to the Board as an information item, requiring no formal presentation. One written report, the annual report, will be orally presented to the Board in June 2013.

Construction Update

Mr. Stachura, Mr. Chapko and/or Mr. Childress gave a presentation and construction update at every meeting providing information on the status and progress of each site. The following projects were completed:

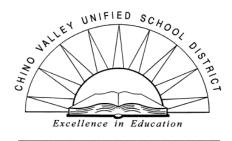

- 1. Magnolia Junior High:
 - a. Library Expansion/Renovation
 - b. School Modernization
- 2. Glenmeade Elementary School:
 - a. Exterior Modernization
 - i. New Parking Lot
 - ii. ADA Upgrades
 - iii. New Kindergarten play equipment/asphalt and grass areas.
 - iv. Re-engineered north slope
 - v. Bus Cut out
 - b. Interior Modernization
- 3. Briggs Fundamental School:
 - a. Modernization
 - b. HVAC Replacement
- 4. Cattle Elementary School: New Classroom Wing Addition
- 5. Chino Hills High School: New Swimming Pool/Aquatics Center

Respectfully submitted,
