## Attendance

Families may be receiving letters regarding their child's attendance. Please understand, teachers are required to document students' engagement during live instruction. Students are required to remain present in their virtual class during live instruction. When students turn their cameras off and do not respond when called on to participate in a class discussion, they may be considered absent. Please help us by talking with your student about the importance of being engaged in daily instruction and learning activities. We need to work together to prevent learning loss during Distance Learning. It will take everyone working together to help our students succeed. Thank you for help!

## Report Your Absence Online
