

# **Safety in the Work Place**

*After reading the Youth Workers Safety booklet, answer the questions below and turn them in at the beginning of the next class meeting.*

1. Describe 5 Safety Rights you have in the work place whether you are a volunteer or a paid worker.
2. Explain 4 Safety Responsibilities your mentor, employer or the business that your interning at has to protect you.
3. Based on your reading, describe 5 ways to stay safe on the job and at your internship.
4. Explain at least 3 safety practices that are unique or specifically needed in the Industry you are interning in. (safety of children, patients, pets, customers, equipment, or data)
5. During this week find out specifically what you are to do at your Internship in the event of :
  - A fire
  - An earthquake
  - A Power Outage
  - A theft in your presence
  - A violent intruder
