Attendance

Students are expected to be in class on time and, while in class, to be on task. If you are going to miss a virtual class session, it is important that you contact me to let me know.

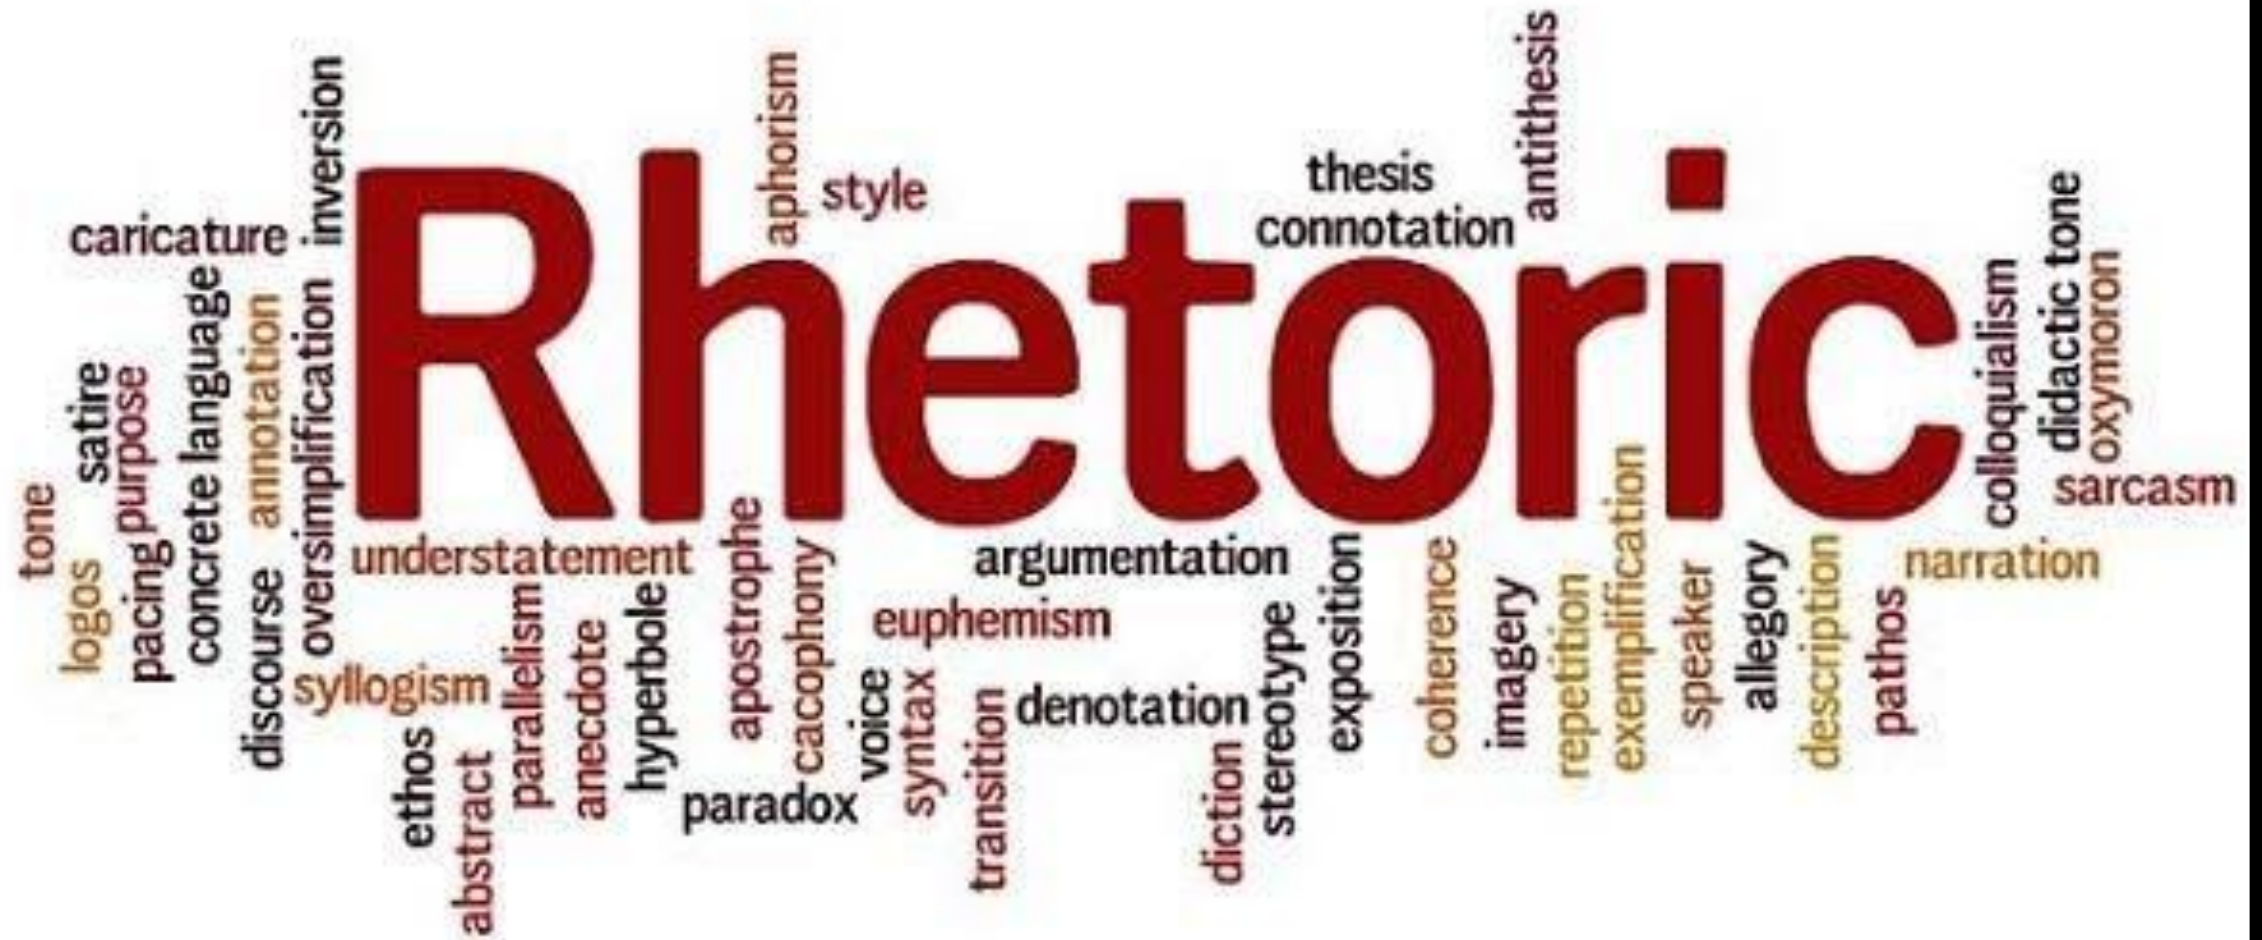

The class starts when it does for a reason. We have only a short time to get through the materials we must cover in one day. The beginning of class is when I go over the expectations and objectives, so it is important for students to be on time.
