**Dear Parents and Students:**

Welcome to a new school year. This will be a successful year and working together we will bring the best of each student. Please read carefully.

**Course Description:**

This is a year course. Each semester covers three chapters. The first semester reviews the present and past tenses introduced in Spanish one and two. Each chapter is introduced with a theme and practical vocabulary that is applied along with the grammar lessons. The second semester introduces the three modes of the subjunctive, amongst other grammar lessons and finishes with the future tense. The course provides students with the opportunity to become familiar with the present past and the future. All facets of the language are practiced and shared in the target language. Students will be asked to read, write, speak, and create skits and presentations throughout the year. Students will also be introduced to cultures of the Spanish speaking world via videos and reading activities. Students will be asked to collaborate for certain tasks.
