Class Expectations and Grading Policy

Course: Math 3

Teacher: Ms. Carmell

- Test and Quiz scores are 70% of the academic grade
- Homework assignments are 30% of the academic grade

Grades are calculated according to the following percentages:

90%-100% A 80%-89% B 70%-79% C 60%-69% D

59% and below F (+/- grades will be given depending on the percent)

-Assignments are preparation for the tests. Students will do all assignments in pencil and be responsible for checking their work. Work must be shown on homework in order to receive credit. Complete notes must be turned in daily with homework in order to receive full credit. I recommend that you work each homework problem as though you will see that problem on your next exam.

-Missed assignments are the responsibility of the student. Students with excused absences are expected to make up the work missed within the same number of days that they were absent. For example, for a 2-day absence, 2 days will be given to turn in the missed assignment. Missed tests and quizzes will be made up in a similar manner. For a 1-day absence, a test must be made up the day you return to school. It is the student's responsibility to see me and schedule the make-up test within the required time period. A student who cheats on an exam or homework will receive a score of 0%.

-For unexcused absences, assignments will not be accepted.

-For school sponsored activities that require students to request to be signed out of class, permission will be given for students earning a C- or above and with satisfactory citizenship.

Please read all information, sign and return the entire form to me by the time indicated in class.
