WHAT IS NHS?

The National Honor Society is an organization that recognize students who demonstrate and are committed to the values of scholarship, service, leadership, and character in school settings.

WHY WAS I SELECTED?

You have been selected to become a member of our NHS chapter because of your exemplary dedication to academics and school spirit.

Since the start of high school, you maintained academic achievement by achieving a GPA of 3.7 or higher, exercised qualities of good character and leadership inside and outside of the classroom, and demonstrated a passion to serve the greater community outside of the school.

WHAT DOES MY MEMBERSHIP ENTAIL?

- As a Senior and second-year member, you will organize a service project that fulfill a need within the school or community. You will work with a cohort of NHS Juniors.
- As a Junior and first-year member, you will work closely with an NHS Senior, offering support and help.

Seniors will be responsible for completing **20 service project hours**.

Juniors will be responsible for completing **10 service project hours**.

- In addition to your commitment to the service project, you will be required to fulfill **10 hours of peer tutoring and/or community service hours for EACH semester**.

*Your contribution to the service project and service activities can be listed and put onto your college and scholarship applications.

HOW DO I JOIN?

- Go to the Chino High School website and locate the NHS tab listed under Academics.
- Read through the National Honor Society Handbook and decide whether NHS is right for you.
- If interested, fill in the Google Forms Application and ask one teacher to write the Teacher Recommendation Form.

All NHS students are expected to maintain membership requirements of the program, including GPA, and to take part in service projects and activities. The Faculty Council may dismiss any member failing to fulfill these obligations.
